Martin, 1981 It is authoritatively stated that the building and maintenance of the farm fences in the United States have cost more than the construction of the farm buildings Be this as it may wide large numbers of works have been written upon rural architecture we believe this is the first publication specially devoted to Fences Gates and Bridges It aims to be a practical work showing the evolution of the fence from the road barrier of logs brush or sods to the latest improved forms of barbed mire The numerous illustrations are mainly representations of fences gates etc in actual use The chapter on fence law is necessarily condensed The various judicial decisions upon the subject alone would fill a large volume This little work the first and only one of its character is given to the

public in the confident hope that it will prove specially useful to farmers and village residents Fences Gates and Bridges was originally published in 1901 Journal of the Common Council of the City of Detroit ,1903
