Handbook of Divination and Prognostication in China Michael Lackner,Zhao Lu,2022-05-20 This is the first comprehensive book that presents the manifold aspects of divination and prognostication in traditional and modern China from the early period of oracle bones to present day fortune tellers It introduces what is out there in the field of Chinese divination and prognostication and how we can further explore it especially through different disciplines Eminent specialists outline the classifications of divination recently excavated texts the relationship between practitioners and clients the place of the occult arts in cosmology literature and religion and the bureaucratic system Contributors are Constance Cook Richard J Smith Marc Kalinowski Stephen R Bokenkamp L Lingfeng Liao Hsien huei Philip Clart Fabrizio Pregadio Esther Maria Guggenmos Andrew Schonebaum and Stephanie Homola **Creating a Chinese Harbin** James H. Carter,2019-06-30 James H Carter outlines the birth of Chinese nationalism in an unlikely setting the international city of Harbin Planned and built by Russian railway engineers the city rose quickly from the Manchurian plain changing from a small fishing village to a modern city in less than a generation Russian Chinese Korean Polish Jewish French and British residents filled this multiethnic city on the Sungari River The Chinese took over Harbin after the October Revolution and ruled it from 1918 until the Japanese

founded the puppet state of Manchukuo in 1932 In his account of the radical changes that this unique city experienced over a brief span of time Carter examines the majority Chinese population and its developing Chinese identity in an urban area of fifty languages Originally Carter argues its nascent nationalism defined itself against the foreign presence in the city while using foreign resources to modernize the area Early versions of Chinese nationalism embraced both nation and state By the late 1920s the two strands had separated to such an extent that Chinese police fired on Chinese student protesters This division eased the way for Japanese occupation the Chinese state structure proved a fruitful source of administrative collaboration for the area s new rulers in the 1930s Legacy of the Luoshu Frank Swetz,2008-06-16 A symbol of the Divine a good luck charm a cosmogram of the world order a template for fengshui through the ages the luoshu or magic square of order three has fascinated people of many different cultures In this riveting account of cultural detective work renowned mathematics educator Frank J Swetz relates how he uncovered the previously hidden **Designing the City of Reason** Ali Madanipour,2007-04-11 With a practical approach to theory Designing the City of Reason offers new perspectives on how differing belief systems and philosophical approaches impact on city design and development exploring how this has changed before during and after the impact of modernism in all its rationalism Looking at the connections between abstract ideas and material realities this book provides a social and historical account of ideas which have emerged out of the particular concerns and cultural contexts and which inform the ways we live By considering the changing foundations for belief and action and their impact on urban form it follows the history and development of city design in close conjunction with the growth of rationalist philosophy Building on these foundations it goes on to focus on the implications of this for urban development exploring how public infrastructures of meaning are constructed and articulated through the dimensions of time space meaning value and action With its wide ranging subject matter and distinctive blend of theory and practice this book furthers the scope and range of urban design by asking new questions about the cities we live in and the values and symbols which we assign to them **The Art of Fate Calculation** Stéphanie Homola,2023-01-13 From housewives to students and high ranking officials people from all social backgrounds in China and Taiwan visit fate calculation masters to learn about their destiny How do clients assess the diviner s skills How does one become a fortune teller How is a person s fate calculated The Art of Fate Calculation explores how conceptions of fate circulate in Chinese and Taiwanese societies while resisting uniformization and institutionalization This is not only due to the stigma of superstition but also to the internal dynamic of fate calculation practice and learning Scientific Feng Shui for the Built Environment Michael Y. MAK,Albert T. SO,2015-03-11 Feng Shui is not all about tradition The integration and harmony between the natural and built environments concerning modern architecture has long been discussed in Feng Shui or more academically Kan Yu Based on Scientific Feng Shui for the Built Environment Fundamentals and Case Studies published in 2011 this enhanced new edition has further taken into account the enhancements and new inputs in theories and applications Emphasis is placed on two themes

sustainability and science New case studies regarding sustainable design as viewed from a Feng Shui perspective and integrated applications of different architectural models and their associations with Feng Shui concepts are added and elaborated On science other than exploring the new development of particle physics in relation to Feng Shui studies a totally new approach to numerology and Luo Shu study based on modern linear algebra may bring readers new insight into the possibility of researching Feng Shui mathematically in addition to the use of spherical trigonometry This book offers a remarkable in depth view of Feng Shui by integrating the historical theories with scientific explorations and examples of applications It once again demonstrates that Feng Shui can be studied scientifically and eventually scientific Feng Shui may become a new field of science in the academic world as well as a professional and orthodox discipline of architectural design for the built environment Published by City University of Hong Kong Press *Area Bibliography of China* Richard T. Wang,1997 A combination of scholarly commercial and popular interests has generated a large quantity of literature on every aspect of Chinese life during the past two decades This bibliography reflects these combined interests it is broken up into sections by subject headings and cross references refer the researcher to related topics **Daoism Handbook** Livia Kohn,2018-12-24 Thirty major scholars in the field wrote this new authoritative guide to the main features and development of Daoism The chapters are devoted to either specific periods or topics such as Women in Daoism Daoism in Korea and Daoist Ritual Music Each chapter rigidly deals with a fixed set of aspects such as history texts worldview and practices Clear markings in the chapters themselves and a detailed index make this volume the most accessible key resource on Daoism past and present Annual Meeting Proceedings American Society of Landscape Architects,1998 Social Media in Industrial China Xinyuan Wang,2016-09-13 Life outside the mobile phone is unbearable Lily 19 factory worker Described as the biggest migration in human history an estimated 250 million Chinese people have left their villages in recent decades to live and work in urban areas Xinyuan Wang spent 15 months living among a community of these migrants in a small factory town in southeast China to track their use of social media It was here she witnessed a second migration taking place a movement from offline to online As Wang argues this is not simply a convenient analogy but represents the convergence of two phenomena as profound and consequential as each other where the online world now provides a home for the migrant workers who feel otherwise homeless Wang s fascinating study explores the full range of preconceptions commonly held about Chinese people their relationship with education with family with politics with home and argues why for this vast population it is time to reassess what we think we know about contemporary China and the evolving role of social media Science and the Dao Livia Kohn,2016
