

Where do the mighty predators lurk?

Examine the fierce creatures that roam the land in search of prey from the safety of your home. Sometimes scary, always fascinating, these animals will reveal themselves if you connect the dots in the puzzles inside.

What will you learn about these predators?

- The jaws of powerful pythons unhinge so that they can swallow larger animals.
- Giant squid shoot out a dark inky liquid to confuse their enemies.
- Tasmanian devils make a vicious-sounding growling noise when attacking.

Each dot you link draws you closer to a ferocious beast.
