American Boy, 1912 **Hard Magic** Laura Anne Gilman, 2017-07-01

Welcome to P U P I Private Unaffiliated Paranormal Investigations. A handpicked team trained to solve crimes the regular police can't touch. Crimes of magic. My name's Bonnie Torres. Recent college grad, magic user, and severely unemployed. Until I got a call out of nowhere to interview for a job I hadn't applied for. It smelled fishy, but the brutal truth was I needed the work, so off I went. Two days later I'm a P U P I member and Nick Sharon Nifty and Pietr Five Twentysomethings are thrown into an entirely new career in forensic magic. The first job we get is a doozy, proving that the deaths of two Talents were murder, not suicide. Worse, there are high profile people who want us to close up shop and go away. We're sniffing out things they'd rather keep buried. Looks as if this job is gonna get interesting. The only problem is we're making it up as we go along.

LITERATURE: Lingua Franca of Cultures Senem ÜSTÜN KAYA, 2023-04-03

Literature is an essential unit of a culture, and social, political, and historical changes in a society impact both culture, language, and particularly literature. Although there are various languages in the world, literature is the main communication that connects people from different cultures and countries. Literature, Lingua Franca of Cultures, thus is designed to depict the similarities between different cultures within similar issues and topics. To meet this purpose, the book contains thirteen chapters, each of which was designed to clarify, exemplify, and interpret a specific theme underscored by remarkable authors from different cultures. Within this scope, each chapter respectively presents a topic: diseases, male gaze, children, intimate relations, antagonists or protagonists, human nature, war, and depression, parenthood, death, and suicide, God and religion, geography, and human revenge and alienation. In each chapter, notable literary texts from different authors were analyzed to foreground the thematic and contextual similarities.
