El Hombre Mediocre Mediocre Man:

The Mediocre Man Jose Ingenieros, 2018-03-16 The book that made the most powerful impact in my adolescence was *El Hombre Mediocre* The *Mediocre Man* Jose Ingenieros most important work I read it when I was 17 years old growing up in my Argentina s Pampas Upon its completion and motivated to drink all I could from his rich fountain I found his published works and made quick progress with all of them as you may as well once you devour his first page Jose Ingenieros grew up in Argentina where he graduated as a physician from the University of Buenos Aires in 1900 He later became a psychiatrist but his deep love for literature kept him active in intellectual endeavors throughout his short life He was philosophically most influenced by Herbert Spencer Ralph Waldo Emerson and Auguste Comte He became an active positivist philosopher embracing effort and education as the pillars of human development and achievement His philosophy was akin to Ayn Rand s but he wrote this book in 1913 when Ms Rand was just 8 years old and decades before *The Fountainhead* and *Atlas Shrugged* were published motivating so many in college campuses throughout the United States over the past seven decades He wrote about the human condition society and the motivations behind human behavior The mediocre man is that quantitative man able to understand more from less but not the best from the worse The Idealist is a qualitative man who distinguishes the bad he observes from the better he imagines After reading Ingenieros reviewing his concepts of idealism and his merciless flogging of mediocrity I could no longer sit idle in my free time It forced me to observe human behavior under a different glass and light and while we continue to be complex creatures difficult to throw into boxes and impossible to paint with a broad brush it has provided motivation and opened my eyes to geniuses of creation saints and heroes alike It has helped me look for answers to understand our Universe and my place within it It has reaffirmed the role of reason and observation in that quest and reduced the importance of dogma His most important philosophical and social work is translated here for your enjoyment At a time when human attention is under attack by so many distracting stimuli and influences I hope this short book will motivate new generations of adolescents to emulate Jose Ingenieros and the eternal values he discussed and promoted **El hombre mediocre** José Ingenieros, 1926 *HOMBRE MEDIOCRE, EL 2a., ed. ,* **World Literature in**

Korstanje,2024-03-19 Maximiliano Korstanje presents an overview and analysis of the work of the Argentinian sociologist and physician Jos Ingenieros 1877 1925 In fact Jos Ingenieros was a seminal scholar who contributed directly to the formation of sociology in Latin America Born in Palermo Italy Ingenieros grew up in Buenos Aires Argentina He trained in medicine psychiatry sociology and philosophy he devoted much of his life to addressing societal challenges such as mass migration imperialism marginality criminality and social identity Korstanje takes in turn the key areas of Ingenieros s work and examines how his thinking can be brought to bear on the social challenges of today In particular his work on mass migration and the Other have echoes in the problems facing many countries in the early twenty first century It is a valuable resource for scholars and students looking to better understand this key figure in Argentinian and Latin American sociology in the early twentieth century **El hombre mediocre** José Ingenieros,1983 Lectures delivered by the author on the psychology of character A History of Chilean Literature Ignacio López-Calvo,2021-10-14 This book covers the heterogeneity of Chilean literary production from the times of the Spanish conquest to the present It shifts critical focus from national identity and issues to a more multifaceted transnational hemispheric and global approach Its emphasis is on the paradigm transition from the purportedly

homogeneous to the heterogeneous **Civilizing Argentina** Julia Rodríguez, 2006 After a promising start as a prosperous and liberal democratic nation at the end of the nineteenth century Argentina descended into instability and crisis This stark reversal in a country rich in natural resources and seemingly bursting with progress a Inter-America ,1921 Consists of English translations of articles in the Spanish American press **The Unedited Diaries of Carolina Maria de Jesus** Carolina Maria de Jesus, Robert M. Levine, José Carlos Sebe Bom Meihy, 1999 Carolina Maria de Jesus book Quarto de Despejo The Trash Room depicted the harsh life of the slums but it also spoke of the author's pride in her blackness her high moral standards and her patriotism More than a million copies of her diary are believed to have been sold worldwide Yet many Brazilians refused to believe that someone like de Jesus could have written such a diary with its complicated words some of them misused and often lyrical phrasing as she discussed world events Doubters prefer to believe the book was either written by Audulio Dantas the enterprising newspaper reporter who discovered her or that Dantas rewrote it so substantially that her book is a fraud With the cooperation of de Jesus daughter recent research shows that although Dantas deleted considerable portions of the diary as well as a second one every word was de Jesus But Dantas did create a different Carolina from the woman who coped with her harsh life by putting things down on paper This book sets the record straight by providing detailed translations of de Jesus unedited diaries and explains why Brazilian elites were motivated to obscure her true personality and present her as something she was not It is not only about the writer but about Brazil as recorded by her sarcastic pen The diary entries in this book span from 1958 to 1966 five years beyond text previously known to exist They show de Jesus as she was preserving her Joycean stream of consciousness language and her pithy characterizations

Anarchist Socialism in Early Twentieth-Century Spain Stephen Luis Vilaseca, 2020-05-28 Anarchist Socialism in Early 20th Century Spain is the first English translation of and critical introduction to Ideario a collection of newspaper and journal articles written by Spanish anarchist Ricardo Mella Given that Mella is virtually unknown to the English speaking world this book provides readers access to his extensive body of work about Spain human nature and a world increasingly dominated by capitalism Suitable for both the general public interested in learning more about anarchist ideas and for scholars studying twentieth century Spain the three introductory essays help to introduce Mella ground his work in the context of Spanish anarchism and draw connections between Mella and the urban in late nineteenth and early twentieth century Spain Stephen Luis Vilaseca's translation is accessible and engaging Normality Does Not Equal Mental Health Steven James Bartlett, 2011-09-12 How do you define good mental health This controversial counterintuitive and altogether fascinating book argues that psychological normality is neither a desirable nor an acceptable standard Normality Does Not Equal Mental Health The Need to Look Elsewhere for Standards of Good Psychological Health is a groundbreaking work the first book length study to question the equation of psychological normality and mental health Its author Dr Steven James Bartlett musters compelling evidence and careful analysis to challenge the paradigm accepted by mental health theorists and

practitioners a paradigm that is not only wrong but can be damaging to those to whom it is applied and to society as a whole In this bold multidisciplinary work Bartlett critiques the presumed standard of normality that permeates contemporary consciousness Showing that the current concept of mental illness is fundamentally unacceptable because it is scientifically unfounded and the result of flawed thinking he argues that adherence to the gold standard of psychological normality leads to nothing less than cultural impoverishment **Awaken the Power Within** Albert Amao,2018-06-05 The 12 billion self help industry is under constant attack for pedaling false miracles to duped believers But sociologist Albert Amao demonstrates that Americans eagerly support self help books seminars and programs because under the right conditions these things work Sociologist Albert Amao analyzes the accuracy of self help and positive thinking claims in this groundbreaking and wholly unexpected exploration of what works what doesn't and why Regarding my personal experience Amao writes I can testify that positive thinking and positive action have worked wonderfully for me Born in a poor Latin American country into a very impoverished family with both parents practically illiterate I was the oldest of five children I started working when I was six years old shining shoes and selling newspapers to help my family Nobody then would have believed that I would be able to finish high school Nevertheless I was able to do it going to night school which allowed me to be admitted at the San Marcos University in Lima to get my Ph D in sociology All these things were possible because when I was teenager I had access to New Thought or positive thinking philosophy Contrary to the critics who blithely dismiss self help methods or the New Age gurus who sell it them as miracles Amao writing with sobriety scholarship and drawing on deep personal experience explores the conditions under which self help is authentic [Guide to the Perfect Latin American Idiot](#) Plinio Apuleyo Mendoza,Carlos Alberto Montaner,Alvaro Vargas Llosa,2001-09-25 Three Latin American writers all ex leftists attack misconceptions about Latin America and ingrained sentiments of victimization and anti Americanism among its people *The Southwestern Political and Social Science Quarterly* ,1926 *Traversing the Democratic Borders of the Essay* Cristina Kirklighter,2012-02-01 Scholarship on the personal essay has focused on Western European and U S varieties of the form In *Traversing the Democratic Borders of the Essay* Cristina Kirklighter extends these boundaries by reading the Latin American and Latino essayists Paulo Freire Victor Villanueva and Ruth Behar alongside such canonical figures as Montaigne Bacon Emerson and Thoreau In this fascinating journey into the commonalities and differences among these essayists Kirklighter focuses on various elements of the personal essay self reflexivity accessibility spontaneity and a rhetoric of sincerity in order to argue for a more democratic form of writing in academia one that would democratize the academy and promote nation building By using these elements in their teachings and writings Kirklighter argues educators can play a significant role in helping others who experience academic alienation achieve a better sense of belonging as they slowly dismantle the walls of the ivory tower *Américas* ,1950 **From American Empire to América Csmica through Philosophy** Terrance MacMullan,2023-08-08 From American Empire to Am rica C smica through Philosophy Prospero s

Reflection envisions a greater ideal American philosophy that integrates philosophies from across the Americas and is set to work resolving the problems that vex the peoples of the Americas This work contributes to the rapidly growing dialogue on Inter American philosophy with research that adds to the list of philosophical affinities across the Americas However Terrance MacMullan also delves deeply into the points of philosophical contention and misrecognition between Anglo American and Ibero American philosophies by reversing the colonial gaze of the last centuries Following in the tradition of cultural theorists like Enrique Rod and Roberto Fern ndez Retamar who draw on Shakespeare s *The Tempest* as a source of literary metaphors to understand colonialism and imperialism in the Americas MacMullan argues that the United States will never achieve democratic community unless it first contends with the harsh critiques of its culture and philosophies reflected within the works of Latin American philosophers who prophesied and survived the imperialism of the North American Prospero but whose works are still largely unknown and unseen within U S universities
