Donald Leslie Shaw, 2002 With such figures as Jorge Luis Borges Miguel Angel Asturias and Gabriel García Márquez both the latter Nobel Prizewinners Spanish American fiction is now unquestionably an integral part of the mainstream of Western literature This book draws on the most recent research in describing the origins and development of narrative in Spanish America during the nineteenth and twentieth centuries tracing the pattern from Romanticism and Realism through Modernismo Naturalism and Regionalism to the Boom and beyond It shows how while seldom moving completely away from satire social criticism and protest Spanish American fiction has evolved through successive phases in which both the conceptions of the writer's task and presumptions about narrative and reality have undergone radical alterations DONALD SHAW holds the Brown Forman Chair of Spanish American literature in the University of Virginia *Building a Nation* Juan Carlos Mercado, 1996 This book is the only one of its kind on the market It deals with one of the most brilliant yet least known Latin American authors Esteban Echeverría Echeverría was the author of *La Cautiva* *The Captive* *El Matadero* *The Slaughterhouse* and *Dogma Socialista* *Socialist Dogma* which formed the base of the constitution of the Republic of Argentina In *Building A Nation* Juan Carlos Mercado recovers the figure of Echeverría through an analysis centralized in his work as a poet thinker and politician all as one unit The study takes into account the many sources including European ones that Echeverría used in order to formulate a literary and political national project Readers of this work will acquire a thorough understanding of the significance of Echeverría's influence from the introduction of European Romanticism into Argentine Literature to the initiation of a critical and realistic narrative style never yet seen before in Argentina to the founding of a liberal humanist tendency which went on to acquire definitive political shape for the country **Myth and Archive** Roberto González Echeverría, 1998 Discusses the theory of the origin and evolution of the Latin American narrative and the emergence of the modern novel , *A Companion to Spanish-American Literature* Stephen M. An Outline of Romanticism in the West John Claiborne Isbell, 2022-09-05 Navigating the landscape of Romantic literature and art across Europe and the Americas *An Outline of Romanticism in the West* invites readers to embark upon a literary journey Showcasing a breadth of theoretical and contextual approaches to the study of Romanticism John Isbell provides an insightful contemporary overview of the field paired with wide ranging comparative reflections on the art and literature that helped shape it Discussing seminal Romantic texts such as Mary Shelley's *Frankenstein* or Germaine de Staël's *Corinne ou l'Italie* Isbell provides a foundation through which to investigate core concepts such as the continuum of Romance the Romantic hero and Romantic literature's characteristic repudiation of its own Romanticism Unusually for a single author monograph the book includes both published

and unpublished material covering Romantic creation across Europe and the two Americas Identifying Romanticism as an international movement Isbell seeks to emphasise a theme frequently ignored by many academics the roots of Romanticism and its variations as a national art His arguments are supported by extensive interrogations of the political and historical contexts that moulded the outlooks of the writers and artists central to the period An Outline of Romanticism in the West underlines the interplay between nationalism history and artistic inspiration and will therefore be of value to students and scholars of literature and history as well as to general readers with an interest in Romanticism in the West

Deconstructing Paradise Patricia E. Reagan, 2016-06-23 Deconstructing Paradise investigates Christian symbols that appear in Latin American Literature in an inverted way The texts under investigation invert the Christian center to generate a social political cultural or even artistic commentary In doing so each text underscores a search for meaning that rejects the centering presence of the more traditional Christian focus that has long validated humankind's existence both in society and in literature As Deconstructing Paradise examines finding a unified center around which to construct meaning is no longer possible although the search for meaning persists in the inverted Christian center The first three chapters analyze the trifecta of novels that offer a full allegory of inverted Christian symbolism including Miguel ngel Asturias El Se or Presidente Juan Rulfo's Pedro P ramo and Jos Donoso's El lugar sin l mites Chapters Four and Five focus on inverted Christ and inverted Judas figures in multiple novels and short fiction As many Latin American literary critics affirm it is increasingly difficult to categorize fiction after the Boom although even the usefulness of these categories is ultimately questionable Literary critics now look for patterns and Deconstructing Paradise offers one such pattern by identifying a trend in an impressive scope of the well known authors of twentieth century Latin American literature while also tracing this pattern back to nineteenth century precursors Deconstructing Paradise offers a unique and comprehensive look at a significant trend that will undoubtedly foment new ideas and paths of study in contemporary Latin American literature Literatura
