Library, 1960 *National Security Affairs Monograph Series* ,1976 *Law Books, 1876-1981* R.R. Bowker Company, 1981 *Judicializing Everything?* Mark S. Harding, 2022-02-22 Nearly every common law jurisdiction in the world has adopted a charter or bill of rights Yet adopting a new rights document creates rather than resolves many fundamental constitutional questions Should constitutional rights be relevant in private disputes Does every political question need a constitutional or judicial answer Should courts and legislatures equally participate in addressing the scope of which issues are to be considered constitutional Judicializing Everything illustrates how debates surrounding these persistent judicial questions are best understood as part of an ongoing clash between distinct forms of constitutionalism on and off the bench Mark S Harding canvasses the perennial debates within the field of constitutional studies and provides novel ways of understanding key disagreements between judges and scholars alike Despite important formal differences between rights documents in Canada New Zealand and the United Kingdom Judicializing Everything shows that there are also considerable similarities in the kinds of cases arguments and legal outcomes in the three countries As political life becomes increasingly constitutionalized and judicialized this important book sheds light on the persistence of debates over bills of rights and their interpretation *Public Affairs Information Service Bulletin* ,1975 *Voice and Involvement at Work* Paul J. Gollan, Bruce E. Kaufman, Daphne Taras, Adrian Wilkinson, 2014-08-21 In the last decade nonunion employee representation NER has become a much discussed topic in the fields of human resource management employment relations and employment labor law This book examines the purpose structure and performance of various types of employee representation bodies created by companies in non union settings to promote collective forums for voice and involvement at the workplace This unique volume presents the first longitudinal evidence on the performance success and failure of NER plans over an extended time period Consisting of twelve detailed in depth case studies of actual NER plans in operation across four countries this volume provides unparalleled evidence on such matters as the motives behind the initial establishment of NER different organizational forms of NER in industry key success and failure factors over the long term pro and con evaluations for employers and employees and more Voice and Involvement at Work captures an unequalled international and comparative perspective through a wide cross section of different NER forms Collective Bargaining for Public Managers (state and Local). United States Civil Service Commission. Bureau of Training. Labor Relations Training Center, 1975 *Collective Bargaining for Public Management (state and Local)* Labor Relations Training Center (U.S.), 1975 **Bulletin of the Public Affairs Information Service** Public Affairs Information Service, 1990 *Personnel Methods Series* United States Civil

Service Commission,1962 **Justice on the Job** Richard N. Block,2006 Examines the current state of workers freedom to form unions and bargain collectively and looks at the obstacles facing America s workers who seek to organize into unions in the 21st century **The Municipal Year Book** ,1976 **Regulating Strikes in Essential Services** Moti (Mordehai) Mironi,Monika Schlachter,2018-11-09 Designing a fair effective and acceptable regime that will reconcile public interest and the public s need for an uninterrupted flow of essential services on the one hand while maintaining the freedom of collective bargaining on the other is an ever more difficult public policy challenge This book the first detailed comparative analysis of existing legal and practical approaches across a spectrum of key national jurisdictions provides a structured and insightful overview of the law and practice of regulating strikes in essential services As such it can be of great value for public policy debate and the enhancement of national law in the field The editors have assembled experts from fourteen countries who describe and analyse their respective country s experience with strikes in essential services and the legislative and judicial as well as informal approaches towards regulating and intervening in such strikes Departing from legal theory with systematic comparative law in action research the contributors offer innumerable valuable insights into a broad array of issues and topics as the following mechanisms aiming at compensating employees for encroaching on their collective bargaining rights public accountability and responsible management of public finance role of international conventions effects of globalization and advances in technology privatization outsourcing and the decline of unions and workers solidarity growing popular intolerance towards strikes in essential services effect of human rights related court decisions convergence and divergence among contemporary legal regimes in defining and approaching strikes in essential services dispute process design and dispute resolution processes mediation conciliation and arbitration and substantive and procedural restrictions on the right to organize bargain collectively and strike The country reports are preceded by a detailed analysis of the inherent normative policy dilemma and a conceptual framework for designing and evaluating models of regulation The concluding chapter presents a comparative overview of the insights gained With its comparative perspective on one of the most sensitive areas of industrial relations and labour law and its contextually relevant options for strategic choice and public policy debate this incomparable volume will be welcomed by labour lawyers legislators policy makers judicial bodies and researchers in the field of collective labour relations and fundamental human rights of workers on the national as well as international level
