**Love's Golden Thread** E. C. Kenyon, 2021-05-19 Love s Golden Thread by E C Kenyon is the story of a young man who fights for what s right in the face of adversity Excerpt You know Doris to morrow I shall be of age and shall come into my inheritance the inheritance which my dear father left me and the speaker sighed lightly as his thoughts went back for an instant to the parent whose loving presence he still missed although years had passed since he died Yes dear I know said Doris lifting sweet sympathising eyes to his And Bernard it will be a trust from him he knew you would use it well you will feel almost as if you were a steward for him for him and God she added almost inaudibly Ellen: a Memoir of Love, Life, and Grief Chet Day, 2025-03-17 Let me tell you something about grief that might surprise you sometimes it makes you laugh when you least expect it After losing Ellen my wife and best friend of 47 years I discovered that the journey through loss isn t just a somber march through sadness It s a wildly unpredictable road with moments that will have you crying one minute and laughing out loud the next much like our marriage itself This memoir isn t what you might expect Yes it explores the crater that loss leaves in your life when someone you ve loved for nearly five decades is suddenly gone But it s also filled with the kind of stories I d share if we were sipping coffee while reminiscing about the woman who could make me fall in love with her all over again every time she d flash her perfect smile You ll read about the time Ellen and I tried to figure out why I d jump when we were preparing meals together If she turned toward me with a knife in hand I reacted as if she was ready to slice me up A believer in reincarnation Ellen said she must have put me down in a past marriage for something I d said or done I also share many other funny everyday moments that seemed ordinary then but reveal themselves now as the true treasures they were For five years I ve been writing this book often with a cup of coffee gone cold beside me as I lost myself in memories The writing has been therapy my way of making sense of an Ellen less world I never planned to inhabit A Unique Collaborative Approach What makes this memoir particularly unique is its multidimensional approach to storytelling Under my creative direction I utilized AI technology to help me explore grief through different literary voices With my concepts memories and extensive notes as foundation I guided this collaborative process to create something that goes beyond traditional memoir boundaries This approach helped me craft letters journal entries poems and reflective essays that

complement my personal narrative while maintaining my authentic voice throughout Together with this technological assistance I ve woven a tapestry that explores grief from multiple perspectives You ll find letters and journal entries inspired by the distinctive styles of authors like Hemingway Twain and Henry James as well as the unmistakable voices of fictional characters The philosophical dimensions of loss are explored through writings influenced by Henri Bergson Carl Jung Baruch Spinoza and even Albert Einstein The poetic section draws on the spirits of Shakespeare Dickinson Whitman Frost and Plath offering different lenses through which to view profound loss Even the wisdom of spiritual thinkers like Soto Zen Buddhist D gen Zenji and Native American shaman Black Elk finds its way into these pages This approach allowed me to step outside my own grief occasionally to see it reflected and refracted through different minds and sensibilities The result is a memoir that honors not just my journey and Ellen s memory but the universal human experience of loving and losing that writers and thinkers have grappled with throughout history An Invitation I m not a grief expert or a self help guru I m just a paperback writer who loved deeply lost profoundly and somehow found my way to a new normal with wrong turns awkward moments and unexpected discoveries along the way If you ve ever loved someone lost someone or simply want to understand what that journey looks like from the inside this memoir might be for you I ve written it as if I m telling these stories directly to a dear friend I hope you ll take this journey with me I promise it won t all be sad Ellen would have hated that Hugs Chet Day

Love and Other Emotions Jason W. Brown,2018-03-08 This book is an account of the psychology of romantic love in the context of a theory of emotions The account develops out of studies in brain psychology and the extension to topics in process philosophy such as the nature of value and belief and the central role of feeling in mental process The approach is subjectivist that is from the internal standpoint and in this respect it differs greatly from the externalist and objectivist trends in modern cognitive science and empiricist philosophy Love is the ultimate in value so that a theory of love is also a theory of the nature of value and its relation to feeling belief and to drive and desire The role of intention reason and appraisal is critiqued The relation to other feelings such as jealousy envy anger loss and grief is discussed in terms of a general theory of emotion and the basis in a process account of the mind brain state **Love...What's Personality Got To Do With It?**
