Fellowship With God Through Christian Stewardship:

Fellowship with God Through Christian Stewardship W. L. Muncy Jr., 2013-10 This is a new release of the original 1949 edition **Fellowship with God Through Christian Stewardship** W. L. Muncy, 1953 **Tithing after the Cross** David A. Croteau, 2016-09-21 Some in the church find it very difficult to talk about money but it is a subject that cannot be avoided The church needs money to continue to function Missionaries need money to carry the gospel As a result however reluctant we are to talk about it we have to do so And when we do so we often generate more confusion and resentment than cash Some churches require that members be tithers before they can take positions of leadership This in turn can result in a sort of spying by one believer on another How much do we each earn Is our giving equal to 10% of our income On the other hand there are those who discount tithing and consider themselves tithers because they give two or three percent of their income They may say that they tithe 3% of their income But what exactly does the Bible teach about tithing and how does that apply to us today Is there a way for us to become grace filled givers Can stewardship giving and financing the work of building the kingdom become a joy rather than a duty or a source of dissension David Croteau has written at length on this topic before In this volume of the Areopagus Critical Christian Issues series he undertakes a brief examination of tithing stewardship and giving He starts by asking just what the Israelites were called on to give by the scriptures He then follows through the various arguments in favor of tithing as a law applicable to Christians and shows how these arguments fail Finally he discusses a basis for gracious joyful giving as God directs each of us In just 96 pages including all the front matter you will find your understanding of Christian stewardship changed You won't find here a license for apathy or selfishness Instead you will find a challenge to discover and do God's will in your finances as in every other area of your life

Project Design for Financial Stability and Missional Momentum at the Hnw-Sda Church Dr. Richard M. White CPA, 2019-07-22 This project document explored the Houston Northwest Seventh day Adventist Church's lack of evangelistic strategies and leadership development. In addition to a community demographical survey and a spiritual health assessment evaluation, a series of contemporary evangelistic methods and strategies were deemed the best antidote for the problems of the church. This study also took into account the church's demographics and their culture of origin, religious convictions, racial makeup, traditional practices, and economic conditions. In order to develop these methods and strategies, this project used the examples set forth by the Old Testament model on revitalized worship, the example of King Hezekiah, the New Testament model on leadership, and the example of Jesus Christ to his disciples. This mandate notes that once leaders are led by the Holy Spirit to bring the people of God back to worship, they must proclaim the advent of Jesus Christ. In addition, leaders should as Jesus did, teach members how to become steward leaders. They should teach members on how to use their spiritual gifts, talents, and skills to proclaim the good news of Jesus Christ. Finally, church leaders should develop members into disciples and church leaders themselves.

A Testimony-Driven Life Astra Williams Brantley, PsyD, 2020-08-11 A Testimony Driven Life Biblical Stewardship Living Discipling Disciples of Disciples in an Adversity Centered World Our hearts weep with Christ and pray with Him in intercession for the saints for they are not mission ready. Our hearts are grieved to agony with the Holy Spirit because not every Christian is equipped to disciple disciples of disciples. The testimony of God the Father, Who is Jesus Christ, and the testimony of God the Holy Spirit, Who testifies only of Jesus, are not faithfully reflected in the word of our testimony. So how do we inspire each and every Christian to learn, submit, commit to sharing their own testimony at all times in all places to encourage other Christians as well as to cause others to come to Christ? How can we inspire God's people to DO THE TRUTH John 3:21? When God does a work in us or through us, then we should give Him the glory by sharing of our personal testimony. As spiritual beings commissioned to live out a physical existence in an adversity centered world, God expects much fruit that is for us to do just as Jesus did, go and make steadfast disciples capable of making disciples. This is the WHAT of our obedience. Our HOW is to depend on the Holy Spirit as we learn to live, love, serve like Christ, our biblical stewardship living. WHY? Starting with our singular purpose, a testimony driven life that pleases and glorifies God, we know what will be the result: discipling disciples of disciples, but we need to understand that biblical stewardship living is HOW we get it done.

Stewards in the Kingdom R. Scott Rodin, 2000-01-10 R. Scott Rodin unpacks a theology of the abundant life which encompasses our world, life, and possessions and appropriately begins with the very being of the Creator.

The Nature of the Religious Right Neall W. Pogue,2022-04-15 In *The Nature of the Religious Right* Neall W Pogue examines how white conservative evangelical Christians became a political force known for hostility toward environmental legislation Before the 1990s this group used ideas of nature to help construct the religious right movement while developing theologically based eco friendly philosophies that can be described as Christian environmental stewardship On the twentieth anniversary of Earth Day in 1990 members of this conservative evangelical community tried to turn their eco friendly philosophies into action Yet this attempt was overwhelmed by a growing number in the leadership who made anti environmentalism the accepted position through public ridicule conspiracy theories and cherry picked science Through analysis of rhetoric political expediency and theological imperatives *The Nature of the Religious Right* explains how ideas of nature played a role in constructing the conservative evangelical political movement why Christian environmental stewardship was supported by members of the community for so long and why they turned against it so decidedly beginning in the 1990s
