## **Feminism And Its Fictions The Consciousness Raising Novel And The Womens Libertaion Movement:**

**Feminism and Its Fictions** Lisa Maria Hogeland,1998 Fascinating chapters on the relationship between fiction the theoretical and political debates among women s and feminist groups and the questions of sexuality and race merit broad readership and prove more culturally illuminating for their emphasis on popular fiction In Brief **Feminism and Its Fictions** Lisa Maria Hogeland,2016-11-11 During the 1970s thousands of American women met regularly in small groups to talk about the injustices they experienced in their private lives and how those personal injustices related to the broad based political oppression of women They called this cultural work consciousness raising Women s and feminist fiction of the 1970s was dominated by a new kind of novel whose content and form were shaped by the practice of consciousness raising Lisa Maria Hogeland contends that consciousness raising novels both reflected and furthered the Women s Liberation Movement s analyses of sexuality gender race and political responsibility and that through their narrative structure the novels actually engaged in consciousness raising with their readers Using a broad range of fiction including works by Erica Jong Marilyn French Marge Piercy Alix Kates Shulman Alison Lurie Joanna Russ and Joan Didion Hogeland explores the ways in which consciousness raising novels addressed some of the most important questions raised by second wave feminism **The Short Story Anthology and Women's Writing** Aleix Tura Vecino,2025-08-14 Hundreds of anthologies of women s short stories have appeared in the literary market between the 1970s and now This publishing and cultural phenomenon is considered for the first time in this book which argues that during this period anthologies have become a literary technology used not only to make visible female short story writers but also to think about and mould ideas of womanhood Through creative and contextualised readings of the most important anthologies produced in this period this study shows that this literary form has contributed to and in some cases pioneered key developments in gender theory and feminist thought including questions of political combination among women which underlie contemporary global movements such as MeToo In doing so the book also develops the first book length conceptualisation of the features and meaning making mechanisms of the short story anthology as a literary form This book will benefit academics and students working in the fields of short fiction publishing and women s studies as well as feminist scholars and a growing number of specialists interested in the anthology as a literary form worldwide **LITERATURE, GENDER, SPACE** Beatriz Domínguez García,Sonia Villegas López,2021-09-11 Perhaps the most serious challenge that the present volume offers to the latest literature on the tapie is the reflection on gender space and literature from the perspective of masculinity a position which has been no doubt neglected by many years of feminist debate concentrating on women s positions and circumstances This is specifically one of the novelties that the Intemational Conference on Gendered Spaces celebrated in May 2001 at the University of Huelva from which this work springs introduced The articles collected here constitute a selection of the most relevant contributions made at this Conference **A History of Feminist Literary Criticism** Gill Plain,Susan Sellers,2007-08-30 Feminism has

transformed the academic study of literature fundamentally altering the canon of what is taught and setting new agendas for literary analysis In this authoritative history of feminist literary criticism leading scholars chart the development of the practice from the Middle Ages to the present The first section of the book explores protofeminist thought from the Middle Ages onwards and analyses the work of pioneers such as Wollstonecraft and Woolf The second section examines the rise of second wave feminism and maps its interventions across the twentieth century A final section examines the impact of postmodernism on feminist thought and practice This book offers a comprehensive guide to the history and development of feminist literary criticism and a lively reassessment of the main issues and authors in the field It is essential reading for all students and scholars of feminist writing and literary criticism

Handbook of the American Novel of the Twentieth and Twenty-First Centuries Timo Müller, 2017-01-11 Increasing specialization within the discipline of English and American Studies has shifted the focus of scholarly discussion toward theoretical reflection and cultural contexts These developments have benefitted the discipline in more ways than one but they have also resulted in a certain neglect of close reading As a result students and researchers interested in such material are forced to turn to scholarship from the 1960s and 1970s much of which relies on dated methodological and ideological presuppositions The handbook aims to fill this gap by providing new readings of texts that figure prominently in the literature classroom and in scholarly debate from James s *The Ambassadors* to McCarthy s *The Road* These readings do not revert naively to a time before theory Instead they distil the insights of literary and cultural theory into concise introductions to the historical background the themes the formal strategies and the reception of influential literary texts and they do so in a jargon free language accessible to readers on all levels of qualification

Pop-Feminist Narratives Emily Spiers, 2018-04-12 In *Pop Feminist Narratives* Emily Spiers explores the recent phenomenon of pop feminism and pop feminist writing across North America Britain and Germany Pop feminism is

characterised by its engagement with popular culture and consumerism its preoccupation with sexuality and transgression in relation to female agency and its thematisation of intergenerational feminist discord portrayed either as a damaging discursive construct or as a verifiable phenomenon requiring remediation Central to this volume is the question of theorising the female subject in a postfeminist neoliberal climate and the role played by genre and narrative in the articulation of contemporary pop feminist politics The heightened visibility of mainstream feminist discourse and feminist activism in recent years especially in North America Britain and Germany means that the time is ripe for a coherent comparative scholarly study of pop feminism as a transnational phenomenon This volume provides such an account of pop feminism in a manner which takes into account the varied and complex narrative strategies employed in the telling of pop feminist stories across multiple genres and platforms including pop literary fiction the popular guide to feminism film music and the digital **The Oprah Affect** Cecilia Konchar Farr,Jaime Harker,2008-10-16 Essays explore the broad cultural impact of Oprah s Book Club

**Single Women in Popular Culture** A. Taylor,2011-11-25 Single Women in Popular Culture demonstrates how single women continue to be figures of profound cultural anxiety Examining a wide range of popular media forms this is a timely insightful and politically engaged book exploring the ways in which postfeminism limits the representation of single women in popular culture

**Persuasive Fictions** Anna Wilson,2001 From Mary Wollstonecraft s novels to Thelma and Louise or the prose and films of Audre Lorde her book documents how the first reception of a feminist work whether in the 1790s or the 1990s generates a truly unpredictable history of personal and political responses among readers including the later critical interpretations that try to decide whether a text successfully resists the dominant values and powers of its culture

BOOK JACKET **Teaching Feminist Activism** Nancy A. Naples,Karen Bojar,2013-12-02 From theoretical analysis to practical teaching tools an indispensable guide for educators seeking to link feminist theory and activism to their teaching Included are web sites videos recommended texts and additional course outlines

work on this powerful discipline      Entering the Picture Jill Fields,2012-02-27 In 1970 Judy Chicago and fifteen students founded the groundbreaking Feminist Art Program FAP at Fresno State Drawing upon the consciousness raising techniques of the women's liberation movement they created shocking new art forms depicting female experiences Collaborative work and performance art including the famous Cunt Cheerleaders were program hallmarks Moving to Los Angeles the FAP produced the first major feminist art installation Womanhouse 1972 Augmented by thirty seven illustrations and color plates this interdisciplinary collection of essays by artists and scholars many of whom were eye witnesses to landmark events relates how feminists produced vibrant bodies of art in Fresno and other locales where similar collaborations flourished Articles on topics such as African American artists in New York and Los Angeles San Francisco's Las Mujeres Muralistas and Asian American Women Artists Association and exhibitions in Taiwan and Italy showcase the artistic trajectories that destabilized traditional theories and practices and reshaped the art world An engaging editor's introduction explains how feminist art emerged within the powerful women's movement that transformed America *Entering the Picture* is an exciting collection about the provocative contributions of feminists to American art      **Feminist Literacies, 1968-75** Kathryn Thoms Flannery,2010-10-01 In the late 1960s and early 1970s ordinary women affiliated with the women's movement were responsible for a veritable explosion of periodicals poetry and manifestos as well as performances designed to support do it yourself education and consciousness raising Kathryn Thoms Flannery discusses this outpouring and the group education brainstorming and creative activism it fostered as the manifestation of a feminist literacy quite separate from women's studies programs at universities or the large scale political workings of second wave feminism Seeking to break down traditional barriers such as the dichotomies of writer reader or student teacher these new works also forged polemical alternatives to the forms of argumentation traditionally used to silence women creating a space for fresh voices *Feminist Literacies* explores these truly radical feminist literary practices and pedagogies that flourished during a brief era of volatility and hope      *Care(ful) Relationships between Mothers and the Caregivers They Hire* Andrea O'Reilly,Katie Bodendorfer Garner,2023-12-14 *Care(ful) Relationships between Mothers and the Caregivers They Hire* offers an interdisciplinary and international approach to the complex issues of carework primarily focusing on childcare The diverse collection of authors center their examinations of care by interrogating how class race and gender interplay to create inequity and potential The work shared in *Care(ful) Relationships* draws from various disciplines including sociology anthropology media studies literary and dramatic analysis history and women's studies while also addressing carework as it is depicted in ages past and contemporary culture The collection not only seeks to challenge misconceptions and inequity but also examine how the unique personal relationships that form in the labor of care can yield prosocial change      *A Gendered Collision* Rhonda S. Pettit,2000 As documented in her poetry and fiction Parker's modernism moves beyond a narrow set of aesthetic principles it carries the remnants from a collision of competing values those of nineteenth century sentimentalism and twentieth century

decadence and modernism Her works display the intense dynamic in which early twentieth century literature and art were created

**BOOK JACKET**      *Dangerous Desire* Pamela Barnett, 2004-11-15 *Dangerous Desire* is an important work that calls attention to how post 1960s literary representations of rape have shaped the ways in which both sexual and social freedoms are imagined in American culture Exploring key post sixties texts including Cleaver's *Soul on Ice* Brownmiller's *Against Our Will* French's *The Women's Room* Naylor's *The Women of Brewster Place* Walker's *Meridian* and Dickey's *Deliverance* Barnett finds that the widespread literary explorations of rape were almost always conjoined with one or more of the radical social movements of the sixties civil rights black nationalism women's liberation and black feminism Sexual violence emerges in these texts when the transformative possibilities articulated by sixties era liberation movements trigger and intensify imbalances of power and cultural difference for example Eldridge Cleaver's claim that he lashed out against the white power structure by raping white women This book should be of considerable interest to students and scholars of 20th century American literature as well as American Studies and African American Studies scholars interested broadly in issues of sexuality race and violence

**Deferrals of Domain** NA NA, 2016-04-30 Contemporary female novelists tend to portray the relationship between women and the state as profoundly negative in contrast to various constructions in current feminist theory Martine Watson Brownley analyzes novels by Margaret Atwood Paule Marshall Nadine Gordimer and Margaret Drabble to explore the significance of this disparity The book uses literary analysis to highlight elements of state power that many feminist theorists currently occlude ranging from women's still minimal access to state politics to the terrifying violence exercised by modern states At the same time however feminist theory clarifies major elements in many contemporary women's lives about which the novels are ambivalent or misleading such as romantic love and the role of sexuality in state politics *Deferrals of Domain* fills a double gap both authorial and topical in current critical treatments of women writers and will be of interest to both literary and women's studies scholars

*Practicing and Placing Imaginaries* Gustavo Gutierrez Hernandez, Ulla Stackmann, 2025-03-27 The contributors to this volume explore the intertwined relationship of imagining and practicing from different fields of study sociology philosophy literary and cultural studies complementing practice and theoretical approaches with interdisciplinary insights into the entanglements of doings and imaginations They build a bridge between sociological research and cultural studies and thus challenge perspectives which characterize imagining as an individual and solitary activity Rather imagining is situated and shaped by its placement in specific contexts and communities
