Technologies and Disembodiment Carla Lam, 2016-04-22 With attention to the ways in which new reproductive technologies facilitate the gradual disembodiment of reproduction this book reveals the paradox of women's reproductive experience in patriarchal cultures as being both and often simultaneously empowering and disempowering A rich exploration of birth appropriation in the West *New Reproductive Technologies and Disembodiment* investigates the assimilation of women's embodied power into patriarchal systems of symbolism culture and politics through the inversion of women's and men's reproductive roles Contending that new reproductive technologies represent another world historical moment both in their forging of novel social relations and material processes of reproduction and their manner of disembodiment of women in unprecedented ways a disembodiment evident in recent visual and literary popular and academic texts this volume locates the roots of this disembodiment in western political discourse A call to feminist political theory to re remember the material dimensions of bodies and their philosophical significance *New Reproductive Technologies and Disembodiment* will appeal to scholars of sociology gender studies political and social theory and the study of science technology and health *The*

Technological Fix Lisa Rosner, 2013-02-01 The term technological fix should mean a fix provided by technology a solution for all of our problems from medicine and food production to the environment and business Instead technological fix has come to mean a cheap quick fix using inappropriate technology that usually creates more problems than it solves This collection sets out the distinction between a technological fix and a true technological solution Bringing together scholars from a variety of

disciplines the essays trace the technological fix as it has appeared throughout the twentieth century Addressing such fixes as artificial hearts industrial agriculture and climate engineering these essays examine our need to turn to technology for solutions to all of our problems **The Routledge Companion to Feminism and Postfeminism** Sarah

Gamble,2004-11-23 Approachable for general readers as well as for students in women s studies related courses at all levels this invaluable guide follows the unique Companion format in combining over a dozen in depth background chapters with more than 400 A Z dictionary entries The background chapters are written by major figures in the field of feminist studies and include thorough coverage of the history of feminism as well as extensive discussions of topics such as Postfeminism Men in Feminism Feminism and New Technologies and Feminism and Philosophy The dictionary entries cover the major individuals and issues essential to an understanding both of feminism s roots and of the trends that are shaping its future Readers will find entries on people such as Aphra Behn Simone de Beauvoir Princess Diana Courtney Love and Robert Bly and on subjects such as Afro American feminism cosmetic surgery the new man prostitution reproductive technologies and slasher films *Marxism Against Postmodernism in Educational Theory* Dave Hill,2002-01-01 Written by renowned British

and American educational theorists *Marxism Against Postmodernism in Educational Theory* a substantially revised edition of the original 1999 work examines the infusion of postmodernism and theories of postmodernity into educational theory policy and research *Encyclopedia of Literature and Science* Pamela Gossin,2002-08-30 Science and literature have always been strange bedfellows Like puzzle pieces they fit because they re different Some of the greatest works of world literature have been inspired by the marvels of the scientific world Scientists have written works of the imagination Even formal scientific writings have been known to employ rhetoric There is a tendency to think of literature and the humanities in general as having little to do with science Yet scholars have conducted fruitful studies of the history and philosophy of science With the rise of technology scholars have also applied scientific analysis to the study of literature and the creative process The intersection of scientific and humanistic inquiry is finally being mapped This volume includes more than 650 A Z entries on topics and themes in science and literature significant writers key scientists seminal works and important theories and methodologies This reference defines the rapidly emerging interdisciplinary field of literature and science An introductory essay traces the history of the field its growing reputation and the current state of research Broad in scope the volume covers world literature from its beginnings to the present day and illuminates the role of science in literature and literary studies A wide range of experts contributed entries to this volume each of which concludes with a brief bibliography The entire volume closes with a list of works for further reading *Abortion and Social Responsibility* Laurie Shrage,2003 Shrage argues that *Roe v Wade* s regulatory scheme of a six month time span for abortion on demand polarized the public and obscured alternatives with potentially broader support She explores the origins of that scheme then defends an alternate one with a time span shorter than 6 months for non therapeutic abortions that could win broad support needed to make legal abortion

services available to all women *Charlotte Perkins Gilman* Gillian Niebrugge-Brantley, 2018-12-13 Charlotte Perkins Gilman 1860-1935 is one of the most important women contributors to classical sociology primarily because of the originality and significance of her theoretical work. Although well known to her contemporaries in both the United States and Europe, Gilman's legacy was not fully acknowledged by sociologists until her work was recently rediscovered under the impetus of second wave feminist scholarship. Gilman's overarching accomplishment as a sociologist was to formulate a still unparalleled conception of gender. She was both the first theorist to separate gender as socially constructed behavior from biological sex and to treat it as a significant variable in social analysis and the first to create a general theory of society in which gender stratification serves as the foundational principle. She also offered important ideas for the sociological subfields of economy, work, culture, and family, presenting her arguments in a variety of forms: formal theory, verse, essays, public lectures, novels, and short stories. The essays selected for this volume feature essays of interest to sociologists from across a spectrum of disciplines: economics, literature, women's studies, philosophy, and history, as well as sociology. The essays are arranged thematically with sections on gender and society, economy and society, methodology, the public role of the sociologist, towards a sociology of women, and race, class, and gender.

Abortion Politics Marianne Githens, Dorothy McBride Stetson, 2013-10-08 *Abortion Politics: Public Policy in Cross-Cultural Perspective* focuses on current abortion policy and practice in the United States, Canada, Europe, and Japan and aims to provide a comprehensive, stimulating, and balanced picture of current abortion policy in a cross-cultural perspective. The contributors deal with comparative abortion policy, including recent developments in Ireland, Germany, and Eastern Europe.

Science Fiction, Critical Frontiers NA, 2016-04-30 Science fiction has recently been identified as providing the narrative paradigm for postmodernity. This volume of essays combines theoretical discussions of the nature of

science fiction with specific studies of utopian and dystopian narratives Alongside of this the essays here address feminist and African American issues the envisioning of radical alternative realities and futures cyborgs cyberpunk and cyber space age and aging hybridity and monstrosity and contemporary society and the postmodern condition

Marxism Against Postmodernism in Educational Theory Mike Cole,Dave Hill,Peter McLaren,2002-12-11 Postmodernism has become the orthodoxy in educational theory It heralds the end of grand theories like Marxism and liberalism scorning any notion of a united feminist challenge to patriarchy of united anti racist struggle and of united working class movements against capitalist exploitation and oppression For postmodernists the world is fragmented history is ended and all struggles are local and particularistic Written by internationally renowned British and American educational theorists Marxism Against Postmodernism in Educational Theory a substantially revised edition of the original 1999 work Postmodernism in Educational Theory critically examines the infusion of postmodernism and theories of postmodernity into educational theory policy and research The writers argue that postmodernism provides neither a viable educational politics nor the foundation for effective radical educational practice and offer an alternative politics of human resistance which puts the challenge to capitalism firmly on the agenda of educational theory politics and practice

Science Fiction Roger Luckhurst,2005-05-06 In this new and timely cultural history of science fiction Roger Luckhurst examines the genre from its origins in the late nineteenth century to its latest manifestations The book introduces and explicates major works of science fiction literature by placing them in a series of contexts using the history of science and technology political and economic history and cultural theory to develop the means for understanding the unique qualities of the genre Luckhurst reads science fiction as a literature of modernity His astute analysis examines how the genre provides a constantly modulating record of how human embodiment is transformed by scientific and technological change and how the very sense of self is imaginatively recomposed in popular fictions that range from utopian possibility to Gothic terror This highly readable study charts the overlapping yet distinct histories of British and American science fiction with commentary on the central authors magazines movements and texts from 1880 to the present day It will be an invaluable guide and resource for all students taking courses on science fiction technoculture and popular literature but will equally be fascinating for anyone who has ever enjoyed a science fiction book

The Queen of America Goes to Washington City Lauren Gail Berlant,1997 Drawing on literature the law and popular media and taking her counter cue from that celebrated sitcom of American life *The Reagan Years* Homi K Bhabha Berlant presents a stunning and major statement about the nation and its citizens in an age of mass mediation Her intriguing narratives and gallery of images will challenge readers to rethink what it means to be an American and seek salvation in its promise 57 photos

The Palgrave Handbook of Infertility in History Gayle Davis,Tracey Loughran,2017-09-01 This ground breaking interdisciplinary volume provides an overdue assessment of how infertility has been understood treated and experienced in different times and places It brings together scholars from disciplines including history literature psychology

philosophy and the social sciences to create the first large scale review of recent research on the history of infertility Through exploring an unparalleled range of chronological periods and geographical regions it develops historical perspectives on an apparently transhistorical experience It shows how experiences of infertility access to treatment and medical perspectives on this condition have been mediated by social political and cultural discourses The handbook reflects on and interrogates different approaches to the history of infertility including the potential of cross disciplinary perspectives and the uses of different kinds of historical source material and includes lists of research resources to aid teachers and researchers It is an essential go to point for anyone interested in infertility and its history Chapter 19 is open access under a CC BY 4 0 license via link springer.com *Further Adventures of The Dialectic of Sex* M. Merck, S. Sandford, 2010-09-13 In these eleven essays scholars from diverse disciplines address the argument reception and implications of *The Dialectic of Sex* and make a compelling critical case for its contemporary salience 21st Century Communication: A Reference Handbook William F. Eadie, 2009-05-15 Highlights the most important topics issues questions and debates affecting the field of communication in the 21st Century Black Professional Women in Recent American Fiction Carmen Rose Marshall, 2015-01-24 The last three decades of the 20th century have marked the triumph of many black professional women against great odds in the workplace Despite their success few novels celebrate their accomplishments Black middle class professional women want to see themselves realistically portrayed by protagonists who work to achieve significant productivity and visibility in their careers desire stability in their personal lives aspire to accrue wealth and live elegantly though not consumptively The author contends that most recent American realistic fiction fails to represent black professional women protagonists performing their work effectively in the workplace Identifying the extent to which contemporary novels satisfy the readerly desires of black middle class women readers this book investigates why the readership wants the texts as well as what they prefer in the books they buy It also examines the technical and cultural factors that contribute to the lack of books with self empowered black professional female protagonists and considers *The Salt Eaters* by Toni Cade Bambara and *Waiting to Exhale* by Terry McMillan two novels that function as significant markers in the development of contemporary black women writers texts
