## **Feminism And Beyond:**

*Feminism Beyond Modernism* Elizabeth A. Flynn, 2002      **Beyond Feminist Aesthetics** Rita Felski, 1989 Beyond Feminist Aesthetics has a dual focus First Rita Felski gives a critical account of current American and European feminist literary theory and second she offers an analysis of contemporary fiction by women drawing in particular on the genres of the autobiographical confession and the novel of self discovery in order to show that this literature raises questions for feminism that cannot be answered in terms of a purely gender based analysis Felski argues that the idea of a feminist aesthetic is a nonissue that feminists have needlessly pursued she suggests in contrast that it is impossible to speak of masculine and feminine subversive and reactionary literary forms in isolation from the social conditions of their production and reception The political value of such works of literature from the standpoint of feminism can be determined only by an investigation of their social functions and effects in relation to the interests of women in a particular historical context This leads her to argue for an interdisciplinary approach to the analysis of literature which can integrate literary and social theory and to develop such an approach by drawing upon the model of a feminist counter public sphere Rita Felski has produced a closely reasoned stimulating book that creates a new framework for discussing the relationship between literature and feminist politics It will interest students and teachers of women s studies comparative literature cultural studies and fiction

**Feminism Beyond East and West** Margot Badran, Mathias Rohe, 2007 Islamic Feminism What is it Where did it arise From within or from without Is it Legitimate What are its aims Muslims often label feminism as Western by Muslims and thereby discredit it Or they claim feminism is not Eastern and thus not authentic and implicitly or explicitly un Islamic or against Islam At the same time there are many non Muslims and westerners who make the same claims For such people feminism and Islam is either an anathema or an oxymoron East and West connote geographies cultures and states of mind very often in sliding and slippery ways Islam is typically called Eastern in ways the other two monotheistic religions Judaism and Christianity also originating in the East are not Early in its history Islam had a presence in Europe from the 8 to the 15 Centuries in Spain as well as during some of this time in parts of Italy and Portugal After this period however Muslims ceased to form part of the indigenous population in Western Europe In the same century it was disappearing from Western Europe Islam appeared in the Balkans with the spread of Ottoman Rule Islamic Feminism aims to recover and implement the fundamental objectives maqasid of Islam social justice and the equality of all Muslims including gender equality There can be no social justice without gender equality Islamic feminism is attentive to the rights Islam granted to women that have withheld from them in practice as well as the rights of any others withheld because of class race or ethnicity Islamic feminism is about gender about women and men their relations and interactions about gender justice and the struggle to attain it what in South Africa is called gender jihad from Cover      **Feminism Beyond Left and Right** Holly Lawford-Smith, 2025-07-14 An unquestioned assumption of contemporary politics is that the left owns minority groups in the

sense that the left exclusively champions the interests of minorities and is for that reason owed the allegiance of minorities This in turn gives rise to the sense of dissonance created by right wing dissenters the black social conservative the gay ultra nationalist the female libertarian the poor pro capitalist This same dissonance exists for women and feminism creating a default assumption that a feminist is a left wing woman We don't make a distinction between left wing feminists and feminists we don't need to There's nothing a philosopher loves more than an unquestioned assumption and in this book political philosopher Holly Lawford Smith systematically dismantles the assumption that feminism is an exclusively left wing project Once dismantled the path is clear to a new set of questions Who counts as a feminist in the first place If women from anywhere on the political spectrum can be feminists who is it that feminists should or shouldn't be working with And what can be said more generally about the ethics of alliances and coalitions In *Feminism Beyond Left and Right* Lawford Smith makes the case for non-partisan feminism feminism outside the constraints of the left-right political spectrum a feminism for and about all women as women

**Beyond Feminism and Islamism** Doris H. Gray, 2012-11-08 Are women in North Africa and the Middle East feminist Or is being a Muslim incompatible with feminism Is there such a thing as Islamic feminism Through interviews with Moroccan activists and jurists both male and female and by situating these interviews within their socio-political and economic contexts Doris Gray addresses these questions By doing so she attempts to move beyond the simple bifurcation of feminist and Islamist to look at the many facets of internal gender discourse within one Muslim country allowing for a more nuanced understanding of the discussion on women's rights in the Muslim world in general The status and the role of women is one of the most hotly debated topics throughout the Middle East and North Africa and this is particularly visible through this discussion of what it means to engage with and promote feminist thought and actions in the region

*FEMINISM and BEYOND* Loretta Dornisch, 2004 *Beyond Accommodation* Drucilla Cornell, 1999-09-01 This new edition of Drucilla Cornell's highly acclaimed book includes a substantial new introduction by the author which situates the book within current feminist debates In *Beyond Accommodation* Drucilla Cornell offers a highly original vision of what feminist theory can give contemporary women She challenges essentialist and naturalist accounts of feminine sexuality arguing that any attempt to affirm woman's value and difference by either emphasizing her maternal role or repudiating the feminine only entraps women once again in a container that curtails feminine sexual difference legitimates the masculine fantasy of woman and reinstates rather than dismantles the gender hierarchy In response to these movements *Beyond Accommodation* strives to broaden the scope of feminist theory by articulating a platform under the concept of relative universalism which proposes the idea that women are not a unified and homogenous group although they are positioned as women in patriarchy Cornell's theory allows for differences in women's situations without giving up on the idea that women are fighting a common phenomenon called patriarchy

*BEYOND OUR IMAGINATIONS* Simi Afonja, 2022-06-17 *Beyond our Imaginations African Women's Realities* is the product of dialogues on Gender and Feminism in the region of Africa It is the

first in the series *Feminism Visions of Society* The book provides a balanced review of Western and West African theories and of participatory methodologies paying particular attention to the exclusion of grassroots feminism from the growing body of knowledge and action It builds on existing essentialist theorizing without disregarding the overlaps with feminism in other cultures Cultural knowledge is extended in discussions of grassroots women's loss of power and voice through changing gender images the declining culture of the Deification of Motherhood Women's Leadership in Modern Markets Female Traditional Rulership and Women's Influence in Community Development and Peace Building This book helps to understand why too often there are gaps between theory and the policies designed to improve African Women's lives There is also a repertoire of qualitative data about feminist practices and strategies at the household level in the workplace and the political domains as part of the patriarchal bargain in African cultures While the collection celebrates the importance of the imagination in building feminist knowledge it takes a more cautionary stand calls for methodological flexibility and sophistication as African scholars expand feminist knowledge

*Beyond Gender* Greta Olson, Mirjam Horn-Schott, Daniel Hartley, Regina Leonie Schmidt, 2018-01-17 Scholars and activists often narrate the history of gender and feminism as a progression of waves said to mark high points of innovation in theory and moments of political breakthrough Arguing for the notion of multiple futurities over that of progressive waves *Beyond Gender* combines theoretical work with practical applications to provide an advanced introduction to contemporary feminist and sexuality research and advocacy This comprehensive monograph documents the diversification of gender related disciplines and struggles arguing for a multidisciplinary approach to issues formerly subsumed under the unified field of gender studies Split into two parts the volume demonstrates how the notion of gender has been criticized by various theories pertaining to masculinity feminism and sexuality and also illustrates how the binary and hierarchical ordering system of gender has been troubled or overcome in practice in queer performance legal critique the classroom and textual analysis Taking a fresh approach to contemporary debates in feminist and sexuality studies *Beyond Gender* will appeal to undergraduate students interested in fields such as Feminism and Sexuality Studies Gender Studies Feminist Theory and Masculinity Studies
