The Broadview Anthology of Social and Political Thought: Essential Readings Andrew Bailey, Samantha Brennan, Will Kymlicka, Jacob T. Levy, Alex Sager, Clark Wolf, 2012-02-17 This volume features a careful selection of major works in political and social philosophy from ancient times through to the present Every reading has been painstakingly annotated and each figure is given a substantial introduction highlighting his or her major contribution to the tradition The anthology offers both depth and breadth in its selection of material by central figures while also representing other currents of political thought Thirty two authors are represented including fourteen from the 20th century The editors have made every effort to include translations that are both readable and reliable In order to ensure the highest standards of accuracy and accessibility the editors have consulted dozens of leading academics during the course of the volume s development many of whom have contributed introductory material as well as advice The result is an anthology with unparalleled pedagogical benefits The Broadview Anthology of Social and Political Thought sets the new standard for social and political philosophy instruction

Equality Darrin M. McMahon, 2023-11-14 The definitive history of the idea of equality and why we re so ambivalent about it Equality is in crisis Our world is filled with soaring inequalities spanning wealth race identity and nationality Yet how can we strive for equality if we don t understand it As much as we have struggled for equality we have always been profoundly skeptical about it How much do we want and for whom Darrin M McMahon s Equality is the definitive intellectual history tracing equality s global origins and spread from the dawn of humanity through the Enlightenment to today Equality has been reimagined continually in the great world religions and the politics of the ancient world by revolutionaries and socialists Nazis and fascists and postwar reformers and activists A magisterial exploration of why equality matters and why we continue to reimagine it Equality offers all the tools to rethink equality anew for our own age Rousseau and the Dilemmas of Modernity Mark Hulliung, 2017-07-05 This volume seeks to capture Jean Jacques Rousseau s astonishing contribution to our understanding of the dilemmas of modernity For the contributors to this book Rousseau is present as well as past because he was so modern and yet so ambivalent about modernity a position with which we are quite familiar Highlighted in this volume is the contention that Rousseau set the stage for many discussions of the good and bad of modernity Previous efforts to deal with Rousseau and modernity have suffered from myopia In the nineteenth century the Romantics claimed Rousseau as one of their own pulling him out of his historical context ignoring his full scale immersion in the debates of the French Enlightenment In the twentieth century commentators have read into Rousseau the ahistorical and present minded Cold War theme of Rousseau the totalitarian In this volume Rousseau is treated as a person of his age but also as someone who speaks to us today The topics covered range from feminism music science and political theory to updating the classics and to the search for and limitations to the quest for self knowledge Few if any figures can compete with Rousseau when it comes to forcing us to face up to the price we pay for progress **The Routledge Companion to**

difference Challenging Liberalism Lisa H. Schwartzman, 2007-05-02 Questions about the relevance and value of various liberal concepts are at the heart of important debates among feminist philosophers and social theorists Although many feminists invoke concepts such as rights equality autonomy and freedom in arguments for liberation some attempt to avoid them noting that they can also reinforce and perpetuate oppressive social structures In Challenging Liberalism Schwartzman explores the reasons why concepts such as rights and equality can sometimes reinforce oppression She argues that certain forms of abstraction and individualism are central to liberal methodology and that these give rise to a number of problems Drawing on the work of feminist moral political and legal theorists she constructs an approach that employs these concepts while viewing them from within a critique of social relations of power **Subject Guide to Books in Print** , 1993

Readings in Political Philosophy Diane Jeske, Richard Fumerton, 2011-12-20 This anthology surveys important issues in Western political philosophy from Plato to the present day Its aim is to show both the continuity and the development of political thought over time Each unit begins with readings on the fundamental theoretical principles underlying political discourse Theory is then connected to practice in readings on contemporary issues as well as court cases and other political documents Readings for a History of Anthropological Theory, Sixth Edition Paul A. Erickson, Liam D. Murphy, 2021-04-23 The sixth edition of this bestselling text offers a concise history of anthropological theory from antiquity to the twenty first century with new and significantly revised sections that reflect the current state of the field **APAIS 1992: Australian public affairs information service** , **African American Political Thought** Melvin L. Rogers, Jack Turner, 2021-05-07 African American Political Thought offers an unprecedented philosophical history of thinkers from the African American community and African diaspora who have addressed the central issues of political life democracy race violence liberation solidarity and mass political action Melvin L Rogers and Jack Turner have brought together leading scholars to reflect on individual intellectuals from the past four centuries developing their list with an expansive approach to political expression The collected essays consider such figures as Martin Delany Ida B Wells W E B Du Bois James Baldwin Toni Morrison and Audre Lorde whose works are addressed by scholars such as Farah Jasmine Griffin Robert Gooding Williams Michael Dawson Nick Bromell Neil Roberts and Lawrie Balfour While African American political thought is inextricable from the historical movement of American political thought this volume stresses the individuality of Black thinkers the transnational and diasporic consciousness and how individual speakers and writers draw on various traditions simultaneously to broaden our conception of African American political ideas This landmark volume gives us the opportunity to tap into the myriad and nuanced political theories central to Black life In doing so African American Political Thought A Collected History transforms how we understand the past and future of political thinking in the West *Democracy and Difference* Seyla Benhabib, 2021-08-10 The global trend toward democratization of the last two decades has been accompanied by the resurgence of various politics of identity difference From nationalist and ethnic revivals in the countries of east and central

Europe to the former Soviet Union to the politics of cultural separatism in Canada and to social movement politics in liberal western democracies the negotiation of identity difference has become a challenge to democracies everywhere This volume brings together a group of distinguished thinkers who rearticulate and reconsider the foundations of democratic theory and practice in the light of the politics of identity difference In Part One Jürgen Habermas Sheldon S Wolin Jane Mansbridge Seyla Benhabib Joshua Cohen and Iris Marion Young write on democratic theory Part Two on equality difference and public representation contains essays by Anne Phillips Will Kymlicka Carol C Gould Jean L Cohen and Nancy Fraser and Part Three on culture identity and democracy by Chantal Mouffe Bonnie Honig Fred Dallmayr Joan B Landes and Carlos A Forment In the last section Richard Rorty Robert A Dahl Amy Gutmann and Benjamin R Barber write on whether democracy needs philosophical foundations

Feminism And Philosophy Nancy Tuana, Rosemarie Putnam Tong, 2018-02-06 The past twenty years have seen an explosion of work by feminist philosophers and several surveys of this work have documented the richness of the many different ways of doing feminist philosophy But this major new anthology is the first broad and inclusive selection of the most important work in this field There are many unanswered questions about the future of feminist philosophy Which of the many varieties of feminist philosophy will last and which will fade away What kinds of accommodations will be possible with mainstream non feminist philosophy Which will separate themselves and flourish on their own To what extent will feminists change the topics philosophers address To what extent will they change the very way in which philosophy is done However these questions are answered it is clear that feminist philosophy is having and will continue to have a major impact on the discipline of philosophy This volume is the first to allow the scholar the student and other interested readers to sample this diverse literature and to ponder these questions for themselves Organized around nine traditional types of feminist philosophy *Feminism and Philosophy* is an imaginatively edited volume that will stimulate readers to explore many new pathways of understanding It marks a defining moment in feminist philosophy and it will be an essential text for philosophers and for feminist theorists in many other fields

Educational Leadership and Nancy Fraser Jill Blackmore, 2016-06-10 Drawing on the work of Nancy Fraser this book offers a critical view of contemporary educational leadership and reform discourses exploring how her key concepts of redistribution recognition and representation may apply to social and therefore educational justice Fraser offers a political and pragmatic reconciliation between feminist neo Marxist critical and post structuralist theories This book outlines how Fraser has worked on and worked over theories of social justice and how this can inform how we can understand educational theory policy and practice generally In particular the book focuses on the field of educational administration and leadership ELMA as it relates to equity issues such as school choice and inequality gender and inclusive leadership and alternative schooling Fraser's argument about scaling up social justice theory is shown to be highly salient given the emergence of the field of transnational education policy and its role in the context of intensified nation state and edu business competition Overall through the lens of Nancy Fraser's unitary

framework this book considers epistemological questions about the nature of knowledge examines the relationship between the state the individual education and social movements addresses the difficulties and dilemmas which arise due to the intersections of gender class race sexuality and culture in a globalized context and illustrates how the principles of social justice can be mobilized by leaders in everyday practice Educational Leadership and Nancy Fraser is an illuminating read for those policymakers researchers and practitioners engaged in the field of educational administration leadership and social justice

A Christian and African Ethic of Women's Political Participation Léocadie W. Lushombo, 2022-11-30 This book surveys a broad panorama of Christian and African traditions to discover and assess the components that will illuminate and motivate a Christian and African ethic of women's political participation The author's primary lens for diagnosing the problems faced by women in Africa is Engelbert Mveng's concept of anthropological poverty that results from slavery and colonialism It affects women in unique ways and is exacerbated by the religious and cultural histories of women's oppression The author advocates an interplay between the sacredness of every individual's life a salient principle of Christian ethics and the collective consciousness of solidarity distinctive to African cultures This interplay can in turn foster a more enlightened approach to African masculinity Using a sophiological hermeneutic this in depth study undertakes a moral imagination through narrative criticism It argues that the existential reality of African women must be addressed as an essential element in the development of Christian socio political ethic The righteous solidaristic and resistant anger of women can transform patriarchy and inform Catholic social teaching The author draws on The Circle of concerned African women theologians postcolonial theorists inculturation theology African males and Jon Sobrino's liberation theology to present an innovative Christian ethic that will radically affect the lives of African women and inform feminist theology

Disappearing Ink Eileen O'Neill, 2025-03-07 When Eileen O'Neill 1953-2017 published her ground breaking essay Disappearing Ink Early Modern Women Philosophers and the History of Philosophy in 1998 women philosophers were virtually absent from encyclopedias of philosophy and the numerous histories and anthologies of early modern thought This essay would come to have an enormous impact signaling the beginning of the movement to introduce early modern women philosophers into the canon In its densely packed 46 pages Disappearing Ink presented the names major works and principal theses of literally dozens of forgotten women whose works were published during the early modern period and who had engaged in correspondence with central male figures but whose names and works had since been erased Disappearing Ink reprints this now canonical piece together with subsequent essays some widely read some harder to locate and one on Cartesianism and the Gendered Mind written in 2013 and published here for the first time The essays in Part I develop O'Neill's views on feminist history of philosophy articulating an account of feminist historiography that is inclusive yet at the same time textually nuanced The essays in Part II provide in depth treatment of individual figures and themes These essays discuss the views of early modern women philosophers such as Mary Astell Margaret Cavendish and Mme de Lambert alongside those of Descartes Leibniz Poullain de

la Barre and the Scholastics engaging with questions of mind body interaction occasional causation physical influx pan organicism and whether the Cartesian mind is gendered The sole essay in Part III departs from the historical orientation of Parts I and II This essay informed by O'Neill's deep knowledge of art history is an illuminating study of agency in representations of women in feminist erotic art of the 1980s Combined these works trace the complete arc of O'Neill's thought from painstaking studies of individual themes and figures to a sweeping vision of how feminism should inform our approach to the history of early modern thought indeed to the history of philosophy more generally More than anyone else O'Neill explained why women were excluded from the canon and showed how they could be incorporated into it
