Feminist Companion To Paul Deutero Pauline Writings:

Feminist Companion to Paul Amy-Jill Levine, Marianne Blickenstaff, 2003-01-01 The seventh volume of this Companion series is devoted to the writings ascribed to Paul but widely thought not to be genuinely from the Apostle. These are of particular importance in showing how Paul's authority was exploited in the Early Church and the topics addressed often deal with Christian discipline and hierarchy. Hence there is a particularly strong feminist agenda to be explored here. The Pastoral Epistles, Ephesians and Colossians are prominent among the writings addressed in this sparkling collection and the authors include David Scholer, Luise Schottroff, Bonnie Thurston, Lilian Portefaix, Sara Winter and Ingrid Rosa Kitzberger. **A**

Feminist Introduction to Paul Sandra Hack Polaski, 2005 Sandra Hack Polaski introduces readers to the letters and world of Paul, encouraging a critical appreciation of Paul and his writings that does not require a choice between commitment to the scriptures and integrity as a modern feminist. In conversation with the leading interpreters of Paul and considering possible responses to Paul, conformist, resistant, rejectionist and transformational, Polaski forges her own theory of how to interpret Paul. She reads, emphasizes and reinterprets overlooked, neglected, misintegrated or differently interpreted Pauline texts, making visible the invisible and challenging the accepted readings. Polaski uncovers both the ideologies behind the text and the ideologies the text seeks to suppress. She traces the trajectories toward which the texts point even if Paul did not fully follow the trajectories to their logical end. Such a program leads Polaski to find God's New Creation as the operative center of Pauline thought. **A Feminist Companion to Paul** Amy-Jill Levine, Marianne Blickenstaff, 2004 The sixth volume in this series deals with the letters that are generally attributed to the apostle Paul. In this formidable collection, contributors including Richard Hays, Daniel Boyarin, Kathleen Corley, Beverly Gaventa, Margaret MacDonald and Luise Schottroff explore such topics as gender, sexuality, marriage, the physical body, leadership, economic justice, Jewish-Christian relations, metaphors of birth and motherhood, adoption and slavery.

The Blackwell Companion to The New Testament David E.

Aune, 2010-01-22 The Blackwell Companion to the New Testament is a detailed introduction to the New Testament written by more than 40 scholars from a variety of Christian denominations. Treats the 27 books and letters of the New Testament systematically beginning with a review of current issues and concluding with an annotated bibliography. Considers the historical, social, and cultural contexts in which the New Testament was produced, exploring relevant linguistic and textual issues. An international contributor list of over 40 scholars represents wide field expertise and a variety of Christian denominations. Distinctive features include a unified treatment of Luke through Acts, articles on the canonical Gospels and a discussion of the apocryphal New Testament.

The Making of Paul Richard I. Pervo, The influence of the apostle Paul in early Christianity goes far beyond the reach of the seven genuine letters he wrote to early assemblies. Paul was revered and fiercely opposed in an even larger number of letters penned in his name and in narratives told about him and against him that were included in our New Testament and far more often treasured and circulated outside it. Richard Pervo provides an illuminating and comprehensive survey of the legacy of Paul and the various ways he was remembered, honored, and vilified in the early churches.

Patterns of Women's Leadership in Early Christianity Joan E. Taylor, Ilaria Ramelli, 2021 This authoritative collection brings together the latest thinking on women's leadership in early Christianity. Featuring contributors from key thinkers in the fields of Christian history, it considers the evidence for ways in which women exercised leadership in churches from the 1st to the 9th centuries CE.

Handbook on Acts and Paul's Letters (Handbooks on the New Testament) Thomas R. Schreiner, 2019-11-05 Leading biblical scholar Thomas Schreiner provides an easy-to-navigate resource for studying and understanding the Acts of the Apostles and the Pauline Letters. This accessibly written volume summarizes the content of each major section of the biblical text to help readers quickly grasp the sense of particular passages. This is the first volume in the Handbooks on the New Testament series, which is modeled after Baker Academic's successful Old Testament handbook series. Series volumes are neither introductions nor commentaries as they focus primarily on the content of the biblical books without getting bogged down in historical-critical questions or detailed verse-by-verse exegesis. The series will contain three volumes that span the entirety of the New Testament, with future volumes covering the Gospels and Hebrews through Revelation. Written with classroom utility and pastoral application in mind, these books will appeal to students, pastors, and laypeople alike.

1 Timothy, Volume 3 Paul S. Jeon, 2017-12-22 1 Timothy is one of the more controversial documents in the New Testament. For years, critical scholars have rejected Pauline authorship, highlighted the apparent misogynistic quality of the text, and argued against any coherence in the letter. Jeon takes a fresh look at the letter, incorporating many recent advancements in NT scholarship. In detail, he demonstrates the macro and micro chiasmic arrangement of the entire letter and explains how the presumed first-century audience would have heard and responded to an oral performance of the letter. In doing so, Jeon offers a fresh challenge to more popular ways of misunderstanding the letter and points a way forward for appropriating the letter both in academia and in the church.

Ephesians Margaret Y. MacDonald, 2023-05-30 No two works in the Pauline Epistles resemble each other as closely as Colossians and Ephesians Often recognized for their majestic tone and powerful theological statement Colossians and Ephesians also present many challenges of interpretation Most commentaries on these letters seem preoccupied with the same few issues particularly the question of authorship As MacDonald addresses these classic questions she offers a fresh perspective on Colossians and Ephesians by making use of insights from the social sciences Moreover by paying attention to subtle differences between the two letters she brings their distinct perspectives into sharp relief MacDonald highlights the

interplay between Colossians and Ephesians and the social life of New Testament communities She illustrates how the texts reflect ancient cultural values and are influenced by particular aspects of community life such as worship and household existence In particular she reflects on the issues faced by these communities as they formed institutions and interacted with the society around them She shows the struggles of the New Testament communities to survive and maintain a distinct identity in first century society Chapters under Colossians are Greeting 1 1 2 Thanksgiving for the Colossians 1 3 8 Prayer on Behalf of the Colossians 1 9 14 The Christ Hymn 1 15 20 Application of Hymn to the Situation in Colossae 1 21 23 Paul's Authority in Colossae and Laodicea 1 24 2 7 Debate with the Opponents The Power of the Risen Christ 2 8 15 Debate with the Opponents Warnings Against Ascetic Practices 2 16 23 New Life in Light of the Resurrection 3 1 4 Ethical Guidelines for a New Life 3 5 17 The Households of Believers 3 18 4 1 Prayer Mission and Contact with Outsiders 4 2 6 Conclusion Personal Notes and Greetings 4 7 18 Chapters under Ephesians are Greeting 1 1 2 Blessing 1 3 14 Thanksgiving and Prayer 1 15 23 The Consequences of Life Together with Christ 2 1 10 The Unity of Jews and Gentiles Created by Christ 2 11 22 The Apostle as Interpreter of the Divine Mystery 3 1 13 Prayer and Doxology 3 14 21 The Unity of the Spirit 4 1 16 The Sons of Disobedience and the Children of Light 4 17 5 20 The Households of Believers 5 21 6 9 Doing Battle with Evil 6 10 20 Conclusion Personal Matters and Final Blessing 6 21 24

Saint Thecla Rosie Andrious, 2020-09-17 This volume questions the prevailing female empowering interpretation of Thecla in the Acts of Paul and Thecla Rosie Andrious examines the way that Thecla is voyeuristically paraded and subjected to a kind of sado erotic torture and demonstrates how this perception clashes with any notion that she is presented as a positive role model for a woman Rather Andrious sets this discourse about female self control and chastity over against the wider narrative of Christian men struggling against the invasive violence of Rome and suggests that the victimized voyeuristic female representation of Thecla has very little to do with women and is rather a complex literary text that represents a power struggle between men The ideological function of Thecla is therefore as a constructed body that transcends its natural feminine weakness Andrious thus provides an original interpretative framework for understanding Thecla's representation and suggests a completely new way of seeing the saint

T&T Clark Handbook to Social Identity in the New Testament J. Brian Tucker, Coleman A. Baker, 2014-01-02 Combining the insights of many leading New Testament scholars writing on the use of social identity theory this new reference work provides a comprehensive handbook to the construction of social identity in the New Testament Part one examines key methodological issues and the ways in which scholars have viewed and studied social identity including different theoretical approaches and core areas or topics which may be used in the study of social identity such as food social memory and ancient media culture Part two presents worked examples and in depth textual studies covering core passages from each of the New Testament books as they relate to the construction of social identity Adopting a case study approach in line with sociological methods the volume builds a picture of how identity was structured in the earliest Christ movement Contributors include Philip Esler
