Fernando Pessoa The Bilingual Portuguese Poet A Critical Study Of The Mad Fiddler:

Fernando Pessoa : The Bilingual Portuguese Poet Anne Terlinden, 1990 The purpose of this book is to shed light on the rather unexplored English facet of Fernando Pessoa considered one of the major Portuguese poets of the twentieth century The originality of this study also lies in its extensive use of unpublished documents Out of the bulk of Pessoa's English writings The Mad Fiddler has been selected it offers not only poems of better quality than most of his writings in English but it also has the advantage of being a complete and coherent suite of mystical poems A systematic comparative study of the themes in The Mad Fiddler and in the poems by the four Portuguese heteronyms reveals a clearer continuity and shows that Pessoa's bilingual Poetry is based on his main ontological quest which he tried to solve by means of his dramatic scattering into masks After this comparative analysis the individuality of The Mad Fiddler is defined Following an overview of the unpublished English writings found in the Pessoaan legacy The Mad Fiddler is analysed by means of Pessoa's own unpublished comments An investigation of Pessoa's private French library and of his unpublished Literary Appreciations proves how fully he understood the impact of Symbolism on the evolution of Modern Art The Mad Fiddler could indeed be viewed as an English echo of Pessoa's interest in modern trends in Literature and as a kind of English microcosm of Pessoa's aesthetic theory

Environmental Protection Versus Trade Liberalization : Finding the Balance Sandra L. Walker, 1993 Recent years have witnessed a proliferation of laws regulating the environment Such laws aim to protect the environment of the legislating country and increasingly the environment beyond its borders While the objectives of these rules appear to be laudable ones environmental regulation is frequently criticized as trade restrictive and protectionist In addition attempts to regulate foreign production processes are attacked as interfering with the sovereign right of foreign countries to determine their own standards of environmental management Environmental protection goals may also hinder international trade and consequently become vulnerable to legal challenge under international trade law The manner in which international trade law weights the competing objectives of environmental protection and trade liberalization is the subject of this book The experience of the European Economic Community in this regard provides a useful backdrop against which the treatment of environmental regulation under the GATT can be both examined and improved The author concludes the GATT reforms such as the incorporation of environmental principles into GATT jurisprudence are critical to ensuring the legality of legitimate environmental protection measures Such efforts would serve to safeguard both the environment and a more stable international trading system The study was financed by the Brussels Capital Region through the Visiting Scientists Programme

lyrical voice that expressed their multilateral poetic temperament and reflected the depersonalisation and formal experimentalism of the modern lyric

L' Analytique de la représentation chez Peirce André de Tienne, 1996 Charles Peirce 1839 1914 est aujourd'hui considéré comme l'une des figures majeures de l'histoire de la philosophie De plus en plus étudié et par le monde sa pensée se révèle profondément subtile féconde et contemporaine Philosophes linguistes psychologues scientifiques de tous bords nombreux sont les chercheurs qui trouvent chez le père du pragmatisme une source abondante d'idées neuves C'est en 1867 que Peirce écrit le texte inaugural de son œuvre On a New List of Categories Texte dense et d'un abord difficile cet essai renouvelle l'ancienne recherche de la pensée apportant cette question fondamentale même précédemment par Aristote et Kant une solution solidement ancrée dans la logique qui précède chacune de nos représentations Quels sont les éléments les catégories universelles qui constituent l'acte de représentation La Nouvelle liste propose une réponse qui pour Peirce est la fois l'aboutissement des dix premières années de son enquête philosophique 1867 1867 et le fondement de toute sa réflexion ultérieure Le présent ouvrage s'efforce de reconstituer pas pas cette recherche en offrant une analyse serrée de chacun des paragraphes de la Nouvelle liste ainsi que de très nombreux textes antérieurs souvent inédits et traduits ici pour la première fois Psyché de la monade psychique au sujet autonome Sophie Klimis, Laurent Van Eynde, 2007 Tout au long de son œuvre Castoriadis n'a cessé de s'affronter la question de l'homme nourrissant sa réflexion de la discussion théorique des grands textes philosophiques psychanalytiques et poétiques mais aussi de sa propre pratique d'analyste Il s'agit ici de rendre compte de l'ampleur du chantier conceptuel ouvert par Castoriadis sous le titre emblématique de psyché mais aussi de le mettre en discussion en montrant les tensions et les difficultés qui jalonnent le projet de penser l'homme **Christianisme et société** André Thion, 2000 En 1965 l'abbé Thion se voyait confier ses premiers enseignements aux FUSL Il en demeura ainsi pendant plus d'un tiers de siècles une figure toujours présente Ayant l'avantage de cultiver la fois les champs du XVIIIe et des

XIXe XXe siècles il faisait bien figurer son public d'une approche sans barrières de ces périodes Pas d'unité de temps donc pas non plus d'unité de lieu dans l'œuvre même si les territoires ayant formé les pays bas dits autrichiens puis la Belgique s'y taillent une part du lion les perspectives internationales d'une Eglise que ne peuvent enserrer des frontières temporelles y prennent aussi leur place Unité d'action davantage sans doute Historien des organisations inspiré du catholicisme romain et de leur impact dans la société tout entier André Tihon n'omet jamais le vécu du peuple chrétien et engrange ce sujet données méthodologiques et matériaux statistiques autant que connaissances de faits

Le Pluralisme idéologique et l'autonomie culturelle en droit public belge Hugues Dumont, 1996 Le présent ouvrage étudie la genèse la formulation et l'application du principe de pluralisme idéologique et philosophique dans le droit public belge de la culture Ce principe est lui-même celui de l'autonomie culturelle En effet si les Communautés française et flamande de Belgique ont reçu dès 1970 le pouvoir de légiférer dans les matières culturelles la Constitution a limité aussi leur autonomie en les obligeant à respecter quelques règles communes destinées à garantir précisément le pluralisme Ces règles sont explicitées dans la loi du 16 juillet 1973 dite du pacte culturel garantissant la protection des tendances idéologiques et philosophiques Avant de fournir une analyse approfondie de cette loi qui est très contestée aujourd'hui l'auteur montre que le pluralisme idéologique et le lien qui l'unit à l'autonomie culturelle gagnent terre compris la lumière de l'histoire En effet les premières manifestations juridiques des deux principes remontent au début du siècle tandis que leurs racines socio-politiques conduisent au cœur du XIXe siècle L'étude est ainsi divisée en deux parties La première volume I explore les racines Chemin faisant elle retrace l'histoire des premières politiques culturelles et des règles de droit public qui les régissent entre 1830 et 1970 La deuxième partie volume II couvre la période contemporaine entre 1970 et 1993 Elle est centrée sur la loi du pacte culturel Elle articule une analyse juridique avec d'une part une réflexion théorique sur le pluralisme et le fédéralisme tels qu'ils sont conçus en Belgique L'auteur montre ainsi que l'ensemble du processus de élaboration et d'application du principe de pluralisme est un exemple particulièrement révélateur d'un véritable paradigme de la raison juridique qui sous-tend les aspects les plus originaux les plus convaincants comme les plus critiquables du système constitutionnel belge La méthode mise en œuvre pour démontrer cette thèse est résolument interdisciplinaire
