Fertility And Deprivation:

Fertility and Deprivation Janet Askham, 2010-06-10 Originally published in 1975 this was the first survey carried out in Britain which examined in detail the relationship between poverty and fertility *Population Dynamics and Projection Methods* John Stillwell, Martin Clarke, 2011-02-15 Although the human population growth rate of the world has been declining since peaking in the early 1960s the populations of individual countries are changing at different rates Population dynamics at national level are partly determined by levels of fertility and mortality but the impact of international migration is playing an increasingly important role Moreover internal migration plays a major part in population change at the sub national level This fourth volume in the series Understanding Population Trends and Processes is a celebration of the work of Professor Philip Rees It contains chapters by contributors who have collaborated with Phil Rees on research or consultancy projects or as postgraduate students Several chapters demonstrate the technical nature of population projection modelling and simulation methods while others illustrate issues relating to data availability and estimation This book demonstrates the application of theoretical and modelling methods and addresses key issues relating to contemporary demographic patterns and trends *Oncofertility* Teresa Woodruff, Karrie Ann Snyder, 2007-10-30 In the past pregnancy after cancer was largely unheard of Today it is increasingly a possibility Oncofertility has emerged as an interdisciplinary field bridging biomedical and social sciences and examining issues regarding an individual's fertility options choice and goals in light of cancer diagnosis treatment and survivorship Written by leaders in this evolving field the volume covers various aspects medical ethical and social *Geography of Deprivation* Bimalendu Bhattacharya, 2014-01-01 Poverty Hunger and Malnutrition worldwide are the major focus of this book taken up as the principal areas of human deprivation with wide geographical variations as determined by different factors Gender discrimination in its various manifestations and child abuse also feature very prominently as other forms of deprivation corroding life and attitudes of people requiring very serious concern to deal with the prevailing humiliating situation along with an assessment of the earth's capability of redressing human sufferance through poverty and hunger **Stress, Gut & Immunity** Dr. Roxanne Carfora, 2024-08-22 Stress Gut and Immunity by Dr Roxanne Carfora delves into the vital connection between stress gut health and the immune system Dr Carfora an experienced family medicine practitioner explores how stress impacts our bodies particularly the gut microbiota and immune function through the lens of cortisol as the stress hormone This comprehensive guide empowers readers to understand and take control of their health offering insights inspiration and strategies for building resilience and vitality *Conceive Magazine*, 2008 *Perspectives on Human Deprivation* National Institute of Child Health and Human Development (U.S.), 1968 **Children Of The Great Depression** Glen H Elder, 1998-09-11 In this highly acclaimed work first published in 1974 Glen H Elder Jr presents the first longitudinal study of a Depression cohort He follows 167 individuals born in 1920 1921 from their elementar *Society and Family Strategy* Mark J. Stern, 1987-01-01 Using one of the largest quantitative

data bases ever compiled on a single representative community Stern explains and substantiates the reasons for the decline of the fertility rate during the nineteenth and early twentieth centuries He integrates demographic and social history to determine the implications of this aspect of the modernization of America Society and Family Strategy describes the impact of capitalism and changing class and ethnic structure on family economy life cycle and ideology The author evaluates recent studies by social historians on the family social class and ethnicity in light of the Erie County experience examines theories of social and cultural change and proposes a non evolutionary model of their relationship *Medical and Health Related*

Child Health and Human Development (U.S.),1968 **Human Evolutionary Demography** Oskar Burger,Ronald Lee,Rebecca Sear,2024-06-14 Human evolutionary demography is an emerging field blending natural science with social science This edited volume provides a much needed interdisciplinary introduction to the field and highlights cutting edge research for interested readers and researchers in demography the evolutionary behavioural sciences biology and related disciplines By bridging the boundaries between social and biological sciences the volume stresses the importance of a unified understanding of both in order to grasp past and current demographic patterns Demographic traits and traits related to demographic outcomes including fertility and mortality rates marriage parental care menopause and cooperative behavior

are subject to evolutionary processes Bringing an understanding of evolution into demography therefore incorporates valuable insights into this field just as knowledge of demography is key to understanding evolutionary processes By asking questions about old patterns from a new perspective the volume composed of contributions from established and early career academics demonstrates that a combination of social science research and evolutionary theory offers holistic understandings and approaches that benefit both fields Human Evolutionary Demography introduces an emerging field in an accessible style It is suitable for graduate courses in demography as well as upper level undergraduates Its range of research is sure to be of interest to academics working on demographic topics anthropologists sociologists demographers natural scientists working on evolutionary processes and disciplines which cross cut natural and social science such as evolutionary psychology human behavioral ecology cultural evolution and evolutionary medicine As an accessible introduction it should interest readers whether or not they are currently familiar with human evolutionary demography

Changing Inequalities and Societal Impacts in Rich Countries Brian Nolan, 2014 This book addresses key questions about whether inequality in incomes wealth and education have been widening in a consistent fashion across 30 rich nations and whether this is exacerbating social problems and undermining the healthy functioning of democratic processes

Demography for Planning and Policy: Australian Case Studies Tom Wilson, Elin Charles-Edwards, Martin Bell, 2015-11-25 This edited collection shows how demographic analysis plays a pivotal role in planning policy and funding decisions in Australia Drawing on the latest demographic data and methods these case studies in applied demography demonstrate that population dynamics underpin the full spectrum of contemporary social economic and political issues The contributors harness a range of demographic statistics and develop innovative techniques demonstrating how population dynamics influence issues such as electoral representation the distribution of government funding metropolitan and local planning the provision of aged housing rural depopulation coastal growth ethnic diversity and the well being of Australia's Indigenous community Moving beyond simple statistics the case studies show that demographic methods and models offer crucial insights into contemporary problems and provide essential perspectives to aid efficiency equity in public policy and private sector planning Together the volume represents essential reading for students across the social sciences as for policy makers in government and private industry
