Ransome,2016-08-25      **Edgar Allan Poe** Arthur Ransome,2015-07-14 Excerpt from Edgar Allan Poe A Critical Study Poe is a writer whose work has come to mean something quite different from himself He has been hidden by a small group of his writings The bulk of his work is covered away under a mantle of the iridescent colouring of his tales The popular conception of him is so narrow and powerful that it has made of him a legendary Faust and it is hard for us to say Yet art thou still but Faustus and a man and lifting that brilliant shining mantle to unveil the real astrologer There is this traditional Poe to blind our eyes and there is also the hero of a new morality play where Art is Life Beauty is Virtue and Public Opinion is the Devil Baudelaire and cheap editions of His works which take account only of his tales and among them of a single group alone combine to obscure him It would not be surprising if Poe had been labelled out of existence or fallen into a general contempt This is far from being the case About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works      **Edgar Allan Poe** Arthur Michell Ransome,1910      **Poe** Edward Hutchins Davidson,1957 A critical analysis of the poetry and major prose works for the advanced student      *Edgar Allan Poe* S. The classic poems and spine tingling stories of an American gothic master collected in one volume Of all the American writers Edgar Allan Poe staked out perhaps the most unique and vivid reputation as a master of the macabre Even today in the age of horror movies and high tech haunted houses Poe remains the first choice of entertainment for many who want a spine chilling thrill Born in Boston in 1809 and dead at the age of forty Poe wrote across several fields during his life and was noted for his poetry and short stories as well as his criticism The best of each of these is collected here including the classic poem The Raven and beloved stories like The Tell Tale Heart In his introduction to this volume G R Thompson argues that Poe was a great satirist and comedic craftsman as well as a formidable Gothic writer All of Poe s fiction Thompson writes and the poems as well can be seen as one coherent piece as the work of one of the greatest ironists of world literature Great Short Works of Edgar Allen Poe includes some of these classics The Raven Annabel Lee The Murders in the Rue Morgue The Masque of the Red Death The Pit and the Pendulum The Tell Tale Heart The Purloined Letter The Imp of the Perverse

been condemned as a rationalization of his own personal limitations as a writer but this study contends that his critical theories far surpass such a narrow interpretation Rather Poe was essentially a magazinist and therefore emphasized brevity unity and totality of effect and placed the highest value on literary types best suited to periodical literature
