**Transformational Learning in Early Childhood Settings** Christian Winterbottom, Vickie E. Lake, Adrien Malek-Lasater, 2024-06-03. This comprehensive research-based resource illuminates the challenges and benefits of integrating community-based transformational learning (CBTL) experiences of teachers, students, and the community in early childhood settings. Balancing historical context with theoretical underpinnings, ongoing research, and current practice, this multi-authored volume demystifies the praxeology of CBTL. It uses annotated case studies to explore the importance of considering contextual factors, i.e., cultural practices, community health, and demographics, and student level that may influence what early years students gain from CBTL experiences and it encourages a community dialogue that is both challenging and affirming to support students' confidence in their own capacity to make a better world for all people. As the first CBTL book specific to early childhood settings, it is key reading for future teachers. It is also of great interest to current educators, administrators, and community organizers who want to help center CBTL as a vital part of early childhood curriculum.
