The Great Swindle Pierre Lemaitre, 2015-11-05 Prix Goncourt winning masterpiece by the writer who brought you Alex Irène and Camille October 1918 the war on the Western Front is all but over Desperate for one last chance of promotion the ambitious Lieutenant Henri d'Aulnay Pradelle sends two scouts over the top and secretly shoots them in the back to incite his men to heroic action once more And so is set in motion a series of devastating events that will inextricably bind together the fates and fortunes of Pradelle and the two soldiers who witness his crime Albert Maillard and douard Pricourt Back in civilian life Albert and douard struggle to adjust to a society whose reverence for its dead cannot quite match its resentment for those who survived But the two soldiers conspire to enact an audacious form of revenge against the country that abandoned them to penury and despair with a scheme to swindle the whole of France on an epic scale Meanwhile believing her brother killed in action douard's sister Madeleine has married Pradelle who is running a little scam of his own Now a major French film Au revoir l'haute Reader Reviews What an amazing story The translation is fantastic and reads so easily and fluently Please buy this book you will love it it is engrossing and thought provoking It is a morality tale a real tour de force I couldn't put this down Would highly recommend The most satisfying story I've read in a long time sustaining its suspense from the horrifying beginning to the satisfying end Highly recommended Translated from the French by Frank Wynne

Remembrance of Things Past? Michael J. Thate,2013 In this book Michael J Thate offers an experiment in reception criticism in its consideration of the formation and reception of the historical Jesus discourse He also attempts to historicize *Leben Jesu* Forschung within debates and narratives of secularization These two foci guide the book through its two parts First Thate explicates Schweitzer s dominant archival function in *Leben Jesu* Forschung while aiming to make fragile the grand architect s receptive hegemony Then he combines critical memory theory and other theoretical readings of the material in an attempt to refocus the study of the historical Jesus as early Christian memory politics in the service of identity explication He attempts to problematize Schweitzer s legacy of a tidy systematic approach in which much of historical Jesus scholarship continues to operate **Biographical Dictionary of Great Mathematicians** G.
