Education Of A Christian Prince:

The Education of a Christian Prince Desiderius Erasmus,1997 A student edition of Erasmus s crucial treatise on political theory this work contains an excerpted translation from his Panegyric making it possible to compare two works which Erasmus himself regarded as closely related **The Education of a Christian Prince** Desiderius Erasmus,1965

The Education of a Christian Prince Desiderius Erasmus,1965 The history of feudal society attracts those interested in the Western past or concerned with the dynamics of human change One of the established approaches to feudalism has been to examine the lines along which the basic institutions customs and traditions grew and changed Another approach asks why at a certain point in time did there occur changes in the social and political institutions A third attempts to reconstruct and understand the total human situation This anthology will be of use to all three methods To hold the volume within reasonable length the editor has concentrated upon the period considered the classic age and especially on the 12th and 13th centuries In the first section the documents illustrate the social and intellectual milieu of the feudal ages The next provides illustrations of the basic institutions vassalage the fief and private justice The third deals with the feudal principality The last examines the self image and values of the warrior class through documents showing the character of chivalry The examples are from the principal types of records which historians now use in their investigations not only laws and legal commentaries private charters and administrative records but also selections from chronicles saints lives sermons and imaginative literature Together they illlustrate in concrete and human terms the relationships between men and men and men and governments which were at the heart of the feudal system Most of the documents have been fresh translations and many have not before been rendered into English The issues of feudal society legal moral social have largely faded but the fascination of this legendary chapter in western and human history endures Publisher □□□□□□□□ Desiderius Erasmus,2003 **Erasmus:**

The Education of a Christian Prince with the Panegyric for Archduke Philip of Austria Erasmus,1997-07-31 This is a new student edition of Erasmus crucial treatise on political theory and also contains a new excerpted translation from his Panegyric The Education of a Christian Prince is one of the most important advice to princes texts published in the Renaissance and was dedicated to Charles V It is a strongly pacifist work in which Erasmus sought to ensure that the prince governed justly and benevolently This edition also includes an original introduction a chronology of the life and work of Erasmus and a comprehensive guide to further reading The education of a christian prince.
