Tallett,2016-02-08 War and Society in Early Modern Europe takes a fresh approach to military history Rather than looking at tactics and strategy it aims to set warfare in social and institutional contexts Focusing on the early modern period in western Europe Frank Tallett gives an insight into the armies and shows how warfare had an impact on different social groups as well as on the economy and on patterns of settlement **Mobility, Elites and Education in French Society of the Second**

Empire Patrick J. Harrigan,2006-01-01 Based on a unique historical source this book examines the social origins career expectations and first jobs of 28 000 students in the elitist French secondary schools of the 1860s Using sophisticated statistical analysis as well as conventional historical sources the work concludes that schooling reached a wider audience than has been so far believed and that substantial social mobility occurred within the school system but that family background rather than educational factors directed students career aspirations and achievements It also argues that although education expanded in urban industrialized areas mobility did not increase in these areas A final chapter reconsiders nineteenth century thought concerning education in the light of findings about the social effects of schools

The Cambridge Handbook of Literacy David R. Olson,Nancy Torrance,2009-02-16 This volume demonstrates how literacy is more than learning to read and write Literacy creates communities organizes personal and social lives makes possible civil society and the rule of law and underwrites the commitment of both modern and developing societies to universal education and ever higher levels of literate competence Everything that is involved in being and becoming literate is the concern of this interdisciplinary group of distinguished scholars **Toward a Social History of Knowledge** Fritz K. Ringer,2000 One of

the foremost historians of intellectual life and education in Germany Fritz Ringer has brought together in this volume several of his articles most of which are not easily available are published here in English for the first time They focus on a whole range of contemporary and historical debates about the relationship between ideas and their context the role of education and middle class consciousness the social role of academics and intellectuals and competing ideals of learning science and history *The History of Education in Europe* History of Education Society (Great Britain),Comparative Education
