Women's Education in Developing Countries Elizabeth M. King, M. Anne Hill, 1997-07-01 Why do women in most developing countries lag behind men in literacy Why do women get less schooling than men This anthology examines the educational decisions that deprive women of an equal education It assembles the most up to date data organized by region Each paper links the data with other measures of economic and social development This approach helps explain the effects different levels of education have on women's fertility mortality rates life expectancy and income Also described are the effects of women's education on family welfare The authors look at family size and women's labor status and earnings They examine child and maternal health as well as investments in children's education Their investigation demonstrates that women with a better education enjoy greater economic growth and provide a more nurturing family life It suggests that when a country denies women an equal education the nation's welfare suffers Current strategies used to improve schooling for girls and women are examined in detail The authors suggest an ambitious agenda for educating women It seeks to close the gender gap by the next century Published for The World Bank by The Johns Hopkins University Press

Youth in India Nitin Bisht, Falguni Pattanaik, 2023-09-29 This book provides an overview of youth labour force and workforce participation in India and explores the dynamics of changing youth labour market in India Despite notifying a demographic dividend phase a significant share of youth witnessed higher exclusion unemployment and not in employment education or training from the Indian labour market Therefore this book investigates the role of education in labour market and examines open unemployment It conceptualizes the not in employment education or training NEET status of youth in Indian context and explores the heterogeneity of NEET youth by analysing the push and pull role of demographic and socio economic variables Furthermore this book examines the nexus of youth labour market status and economic growth in India to provide plausible recommendations for youth's higher inclusive and sustained participation in the labour market and the country's development pathway The book creates room for necessary policy interventions considering the changing dynamics of youth labour market and contemplating the challenges of skill technology and Industry 4.0 which entails a higher emphasis on re shape re focus and re share for enhanced and sustained inclusion of youth in labour market It is a necessary resource for students researchers policymakers and industry partners interested in exploring and understanding the political economy of youth labour market in India
