Education For Librarianship In The Nordic Countries:

Education for Librarianship in the Nordic Countries Ole Harbo, Niels Ole Pors, 1998 Placing the present situation within a historical and sociological context six chapters show just how important the role of the traditional library system has been in shaping curricula and how this still plays an important role in curriculum change The first five chapters discuss Denmark Finland Iceland Norway and Sweden The final chapter discusses the changing labor market for library and information professionals and challenges for Nordic library education Professional Education for Librarianship Tse-Chien Tai, 1925

International Encyclopedia of Information and Library Science John Feather, Rodney Paul Sturges, 2003 The International Encyclopedia of Information and Library Science was published to widespread acclaim in 1996 and has become the major reference work in the field This eagerly awaited new edition has been fully revised and updated to take full account of the many and radical changes which have taken place since the Encyclopedia was originally conceived With nearly 600 entries written by a global team of over 150 contributors the subject matter ranges from mobile library services provided by camel and donkey transport to search engines portals and the World Wide Web The new edition retains the successful structure of the first with an alphabetical organization providing the basic framework of a coherent collection of connected entries Conceptual entries explore and explicate all the major issues theories and activities in information and library science such as the economics of information and information management A wholly new entry on information systems and enhanced entries on the information professions and the information society are key features of this new edition Topical entries deal with more specific subjects such as collections management and information services for ethnic minorities New or completely revised entries include a group of entries on information law and a collection of entries on the Internet and the World Wide Web *European Origins of Library and Information Science* Fidelia Ibekwe, 2019-04-23 This book explores the history of Library and Information Science LIS across non English speaking European countries including France ex Yugoslavia Denmark Sweden Norway Spain and Portugal **International and Comparative Librarianship** Peter Johan Lor, 2019-06-17 Based on his extensive experience in international librarianship Peter Johan Lor South Africa's first National Librarian and a former Secretary General of the IFLA has written the first comprehensive and systematic overview of international and comparative librarianship His book provides a conceptual framework and methodological guidelines for the field and covers the full range of international relations among libraries and information services with particular attention to the international political economy of information the international diffusion of innovations and policy in library and information services LIS development and international aid It concludes with a discussion of the practical relevance and future of international and comparative studies in LIS See a short interview with Peter Lor on his work <https://www.ifla.org/node/92590> *Education for Librarianship in the Arab Countries* Abdulla Mohamed Sharif, 1980 *International and Comparative Studies in Information and Library Science* Yan Quan Liu, Xiaojun Cheng, 2008 This collection of scholarly

publications compare practices of librarianship between countries The studies included represent a broad spread of themes and have findings based on empirical methods such as survey and evaluation analysis

Historical Dictionary of Librarianship Mary Ellen Quinn,2014-05-08 Although the history of librarianship as an organized profession dates only as far back as the mid nineteenth century the history of libraries is much older and people have been engaged in pursuits that we recognize as librarianship for many thousands of years This book traces librarianship from its origins in ancient times through its development in response to the need to control the flood of information in the modern world to the profound transformations brought about by the new technologies of the late twentieth and early twenty first centuries The Historical Dictionary of Librarianship focuses on librarianship as a modern organized profession emphasizing the period beginning in the mid nineteenth century Author Mary Ellen Quinn relates the history of this profession through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 300 cross referenced entries on important personalities libraries around the world and notable organizations and associations This book is an excellent access point for students researchers and anyone wanting to know more about librarianship

Journal of Education for Librarianship ,1982 Vols for 1971 1984 include an unnumbered directory issue of the association under its various names which is cataloged separately

Global Librarianship Martin A. Kesselman,Irwin Weintraub,2004-07-23 Providing new insights into the role of librarianship in an age of socioeconomic environmental and political transformation Global Librarianship illustrates how globally networked environments promote and increase the sharing and dissemination of ideas information and solutions to obstacles affecting libraries This reference showcases methods

Encyclopedia of Library and Information Science Allen Kent,Harold Lancour,Jay E. Daily,1974-04-01 The Encyclopedia of Library and Information Science provides an outstanding resource in 33 published volumes with 2 helpful indexes This thorough reference set written by 1300 eminent international experts offers librarians information computer scientists bibliographers documentalists systems analysts and students convenient access to the techniques and tools of both library and information science Impeccably researched cross referenced alphabetized by subject and generously illustrated the Encyclopedia of Library and Information Science integrates the essential theoretical and practical information accumulating in this rapidly growing field

Effective School Librarianship Patrick Lo,Heather Rogers,Dickson K.W. Chiu,2018-04-27 These volumes provide a series of informative interviews with school teacher librarians practicing in different parts of the world The 2 volume set showcases the resilience creativity and best practices from successful school librarians from Europe Asia Africa Australia and North and South America The librarians interviewed come from all different schools and schools systems from a tiny recently built school library in a rural village in Africa to an ultra modern library in Sweden Featuring 37 interviews with successful school librarians from across the globe the volumes let us hear the stories

from countries around the world They tell about their creative and innovative school library projects their unconventional reading programs and their best practices and experiences in addressing the challenges of supporting basic literacy A wide selection of methodologies and approaches are discussed offering a global voyage through topics important in school librarianship The 2 volume set also addresses recent advancements in information and communication technologies ICTs and the shift toward inquiry based learning that impacts school libraries worldwide The books are packed with information that can be used by school librarians teachers school administrators and others in a variety of ways Readers can borrow best practices from the experiences presented in the book and the volumes can also serve as a strong voice for practicing school librarians and the profession through expanding the opportunities for professional sharing in the international school library community

Annual Report American Library Association. Board of Education for Librarianship,1927

A History of Modern Librarianship Pamela Spence Richards,Wayne A. Wiegand,Marija Dalbello,2015-05-26 A broad comparative history of librarianship this intriguing work goes beyond the standard focus on institutions and collections to help you explore the part modern librarianship played and continues to play in forming Western cultures Previous histories of libraries in the Western world the last of which was published nearly 20 years ago concentrate on libraries and librarians This book takes a different approach It focuses on the practice of librarianship showing you how that practice has contributed to constructing the heritage of cultures To do so this groundbreaking collection of essays presents the history of modern librarianship in the context of recent developments of the library institution professionalization of librarianship and innovation through information technology Organized by region the book addresses the widely recognized international impact of Anglo American librarianship and its continuing influence over the past century combining critical analysis with chronological histories of modern librarianship in Europe North America Australia New Zealand and Africa An introductory chapter explains the origins of the project and a concluding chapter examines the effects of digitization on modern librarianship in the 21st century

Conference Proceedings of the International Association of School Librarianship International Association of School Librarianship. Conference,1989

The Entrepreneurial Librarian Mary Krautter,Mary Beth Lock,Mary G. Scanlon,2014-01-10 The old image of an entrepreneur as a scrappy independent risk taker has been replaced by the reality of individuals incorporating innovative ideas in more traditional settings This collection of essays illustrates how librarians are infusing entrepreneurial principles in a variety of arenas including public private academic and special libraries It chronicles how entrepreneurial librarians are flourishing in the digital age advocating social change responding to patron demands designing new services and developing exciting fundraising programs Applying new business models to traditional services they eagerly embrace entrepreneurship in response to patrons demands funding declines changing resource formats and other challenges By documenting the current state of entrepreneurship in libraries this volume upends the public image of librarians as ill suited to risky or creative ventures and places them instead on the cutting edge of

innovations in the field *Libraries, Archives, and Museums in Transition* Casper Hvenegaard Rasmussen, Kerstin Rydbeck, Håkon Larsen, 2022-12-15 In this anthology top scholars researching libraries archives and museums LAM issues in Scandinavia explore pressing issues for contemporary LAMs In recent decades relations between libraries archives and museums have changed rapidly collections have been digitized books documents and objects have been mixed in new ways and LAMs have picked up new tasks in response to external changes Libraries now host makerspaces and literary workshops archives fight climate change and support indigenous people and museums are used as instruments for economic growth and urban planning At first glance the described changes may appear as a divergent development where the LAMs are growing apart However this book demonstrates that the present transformation of LAMs is primarily a convergent development Libraries Archives and Museums in Transition will be essential reading for students scholars and practitioners seeking to get on top of the LAM literature or the particularities of Scandinavian LAMs **The Hidden History of South Africa's Book and Reading Cultures** Archie L. Dick, 2013-06-17 The Hidden History of South Africa's Book and Reading Cultures shows how the common practice of reading can illuminate the social and political history of a culture This ground breaking study reveals resistance strategies in the reading and writing practices of South Africans strategies that have been hidden until now for political reasons relating to the country's liberation struggles By looking to records from a slave lodge women's associations army education units universities courts libraries prison departments and political groups Archie Dick exposes the key works of fiction and non fiction magazines and newspapers that were read and discussed by political activists and prisoners Uncovering the book and library schemes that elites used to regulate reading Dick exposes incidences of intellectual fraud book theft censorship and book burning Through this innovative methodology Dick aptly shows how South African readers used reading and books to resist unjust regimes and build community across South Africa's class and racial barriers *Bulletin of the American Library Association* American Library Association, 1924
