Electronic Information Delivery Ensuring Quality And Value:

Encyclopedia of Library and Information Science Allen Kent,2000-09-21 This is the 68th volume supplement 31 in a series which examines library and information science   **Electronic Information Delivery** Reva Basch,1995 This book draws on the experience of a group of people each with working knowledge of a particular sector of the electronic information industry who are convinced that information quality management is an ongoing and essential function They present a variety of perspectives on quality issues as they apply to the production dissemination and use of electronic information products The emphasis throughout is on practical applications observations and interpretations drawn from experience Above all Electronic Information Delivery ensuring quality and value presents a framework for the reader to judge database performance This is backed up by each writer s repeated application of categories such as consistency coverage and scope timeliness accuracy error rate accessibility ease of use integration output documentation customer support and training and value to cost ratio to the topic in hand   **Creating a Successful E-information Service** Sheila Pantry,Peter Griffiths,William Oldfield,2003 To be successful information managers constantly need to reassess the effectiveness of their information services and to ascertain whether they are delivering the services their users actually need Given that information services can now transcend the restrictions of a particular physical location or specific opening hours it is more essential than ever to take advantage of the opportunities afforded by new technologies Through the use of case studies this resource shows how to revamp an existing service as well as how to create one from scratch Key issues covered include Introducing the concept of the e information service What kind of an information service do you want to provide Where are the customers What kind of information do your customers need and in what formats Who needs to be involved in your plans Budgeting for your e information service Keeping in touch with your customers Keeping one step ahead of your competitors Also includes an illustrated glossary of sample electronic services and a list of further information sources Regardless of the type or size of your organization this reference will help broaden your horizons as well as those of your users   Managing Information Quality Martin J. Eppler,2006-08-25 The 2nd edition of this book shows how the quality of information can be improved in such knowledge intensive processes as on line communication strategy product development or consulting The text offers proven principles for applying information quality management to a variety of information products Case studies show how information quality management can increase satisfaction of knowledge workers and information consumers Includes much new material   **Foundations of Full Text Electronic Information Delivery Systems** Harry M. Kibirige,1996 This is a wide reaching discussion of the issues and problems of electronic full text information delivery and its technological foundations   Organizing Knowledge: Introduction to Access to Information J.E. Rowley,John Farrow,2018-01-18 This title was first published in 2000 For its third edition this text on knowledge organization and retrieval has been revised and restructured to accommodate the increased significance of electronic information resources

With new sections on topics such as information retrieval via the Web metadata and managing information retrieval systems the book explains principles relating to hybrid print based and electronic networked environments experienced by today s users The book is an accessible introduction to knowledge organization for both undergraduate and postgraduate students of information management and information systems **The Skeptical Business Searcher** Robert I. Berkman,2004 Provides information on ways to identify and evaluate online business information sources and finding company and industry data on the Internet **Setting Up a Library and Information Service from Scratch** Sheila Pantry,Peter Griffiths,2005 This book is intended as a guide to help those who need to set up a library or information service in their organization irrespective of subject background or type of organization It will help both those who have qualifications but no experience in setting up such a centre and those who have had no training at all The authors have had many years experience setting up information services in different subject backgrounds for a wide range of organizations both in the UK and in many countries This book will hold your hand as you tackle the many steps to take as you create a successful information service irrespective of size Topics covered include the reasons for establishing a library what information is needed how quickly and in what quantities information audit approach meeting the information needs of special users premises and furniture equipment and Internet access technical requirements staffing managing budgets and finance managing people staff and management networking and locating sources of information Readership The book also has a full list of appendices of sample documents from newsletter and press releases to lists of basic reference books and periodicals *Resources in Education* ,1998 *Journal of Information Science* ,2006 **Collection Development** Maureen Pastine,2024-11-15 A guide to balancing traditional collection issues with electronic access and document delivery demands Collection Development Access in the Virtual Library helps librarians find solutions and approaches for dealing with changes occurring in interlibrary loan regional consortia commercial vendor relations and ownership versus access Its sophisticated analyses offer you clarity of vision the wisdom of experience and solid advice as you are transported into the virtual library environment with its variety of expectations service complexities and information technologies Interested in reducing local collecting costs while expanding the universe of information and knowledge available to your primary clientele Collection Development will show you just how many options are out there for enhancing your virtual environment as it explores teaching your users advancing bibliographical retrieval and assessment methodologies the delivery of library resources electronically for distributed learning distance education conducting CD Rom collection development comparisons planning space for a more technologically oriented research environment enriching your on line catalog with contents pages and new indexing capabilities the impact of change and shifting paradigms on public services staffing the development of good electronic presentation design Still not convinced that this is the book you need to improve access in your library Think again Collection Development will help you with library control and ordering articles via commercial document delivery it will help you develop coherent and intuitive ways of

organizing and presenting available electronic resources it will help you work with administrators and funding agents to attain a balance between traditional library resources and emerging information technologies and much much more
