**The Elements of Style: Classic Edition (2018)** William Strunk Jr., Richard De A'Morelli, 2018-07-23 This Classic Edition commemorates the 100 year anniversary of William Strunk's grammar primer *The Elements of Style*. Generations of writers have learned the basics of grammar from Strunk's little book. It was rated one of the 100 most influential books written in English by Time in 2011 and iconic author Stephen King recommended it as a grammar primer that all aspiring writers should read. *Elements of Style Classic Edition 2018* includes the full text of Strunk's original work plus two new chapters requested by college professors and students to help clarify points of confusion in modern writing: *Basic Rules of Capitalization* and *Style Rules for Better Writing*. It also features some other enhancements that make this grammar handbook even more useful: 1 Editor's notes have been inserted throughout the book to flag grammar rules now considered obsolete and to provide up to date rules for students and writers. 2 Emojis have been added to help readers identify correct examples from errors at a glance. 3 A Study Guide is included in the last chapter. 4 The paperback version includes blank lined pages in the back of the book for convenient notetaking. 5 The e-book versions have been restyled for improved display on the latest generations of digital book reading devices. *Elements of Style Classic Edition* is now being used as a textbook in courses at University of Minnesota, University of Texas, UC Berkeley and elsewhere, giving students and writers a blueprint that they can follow to write clearly and effectively while adhering to the fundamental rules of English Grammar. **The Bhagavad Gita**, 1997 **Classic Asian Philosophy** Joel Kupperman, 2007 This is a second revised edition of Kupperman's introduction to Asian philosophy via its canonical texts. Ranging from the Upanishads to the Bhagavad Gita through Confucius to Zen Buddhism, Kupperman walks students through the most important texts of Asian philosophy, conveying the vitality and appeal of the works and explaining their philosophical roots. This second edition includes revisions and updates throughout the text, clarifying where necessary and a brand new chapter on al-Arabi's *The Bezels of Wisdom*, a classic of Islamic Sufism. *Classic Asian Philosophy* is a highly useful aid to students in philosophy, religion or Asian studies courses who are studying these fascinating but complex texts, as well as laypersons or specialists in other areas who need assistance in understanding them. Page 4 de la couverture *The Feeling of Transcendence, an Experience of God?* Louis Roy, 2021-04-15 In this book Louis Roy takes account of the fact that in the last fifty years numerous people in the secularized West have responded yes to surveys that asked: Are you aware of having had an experience during which you felt in the presence of a dimension or a reality very different from ordinary human life? Are such experiences mere illusions? Some thinkers like Feuerbach and Freud believed so. Are such experiences encounters with God? Karl Barth, a great Protestant theologian, did not think much of their worth. On this issue, psychologists and theologians are divided. Roy argues that those experiences are valid; that they possess a real potential and that they can open their recipients to a genuine wisdom. He reports on eight narratives, spells out their constitutive elements, classifies them into four categories: aesthetic, ontological, ethical and interpersonal, and suggests criteria

to assess their concrete authenticity Thus this book will appeal to educated readers interested in spirituality philosophy of religion psychology literature theology and pastoral ministry **The Bhagavad Gita** ,2003-02-25 The eighteen chapters of The Bhagavad Gita c 500 b c the glory of Sanskrit literature encompass the whole spiritual struggle of a human soul Its three central themes love light and life arise from the symphonic vision of God in all things and of all things in God For more than seventy years Penguin has been the leading publisher of classic literature in the English speaking world With more than 1 700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators **Rumi - Past and Present, East and West** Franklin D. *Effing the Ineffable* Wesley J. Wildman, 2018-10-09 In *Effing the Ineffable* Wesley J Wildman confronts the human obsession with ultimate reality and our desire to conceive and speak of this reality through religious language despite the seeming impossibility of doing so Each chapter is a meditative essay on an aspect of life that for most people is fraught with special spiritual significance dreaming suffering creating slipping balancing eclipsing loneliness intensity and bliss These moments can inspire religious questioning and commitment and in extreme situations drive us in search of ways to express what matters most to us Drawing upon American pragmatist Anglo American analytic and Continental traditions of philosophical theology Wildman shows how through direct description religious symbolism and phenomenological experience the language games of religion become a means to attempt and in some sense to accomplish this task      *The Harvard Classics: Sacred writings* Charles William Eliot, 1910 V 49 Epic and saga      **The Harvard Classics** Charles William Eliot, 1910      **Jade Writing (Yellow Court Classic), eBook Edition ,**
