Disengaging from Terrorism - Lessons from the Turkish Penitents Kamil Yılmaz,2014-04-16 This book presents an in depth case study of thirteen individuals who moved away from terrorist activity in Turkey Setting their life stories in the context of political violence in support of Kurdish independence and a leftist revolution and the response of the Turkish state the book examines how the individuals were motivated to become involved in terrorism how they participated why they became disillusioned and above all how they coped with the difficult process of disengagement The book then draws out general lessons on how individuals can be encouraged to move away from terrorism and especially on how states can
