Literature ,2005 *Books and Reading in the Lives of Notable Americans* John McCrossan,2000-03-30 Books and reading
have contributed to the success of generations of Americans many of whom have had distinguished careers and have left
their mark on history While the accomplishments of these notable Americans are well known their adventures with books and
reading are less familiar Some have struggled to gain access to books while others were fortunate enough to be exposed to
literature at an early age This reference surveys the role books and reading have played in the lives of notable Americans
from colonial times to the present Included are alphabetically arranged entries for 50 notable Americans from a range of
historical periods professions and racial and ethnic backgrounds Many are featured prominently in school and college texts
while others are a significant part of popular culture Such diverse figures as Benjamin Franklin Helen Keller Willa Cather
Kareem Abdul Jabbar Mark Twain Oprah Winfrey and Ronald Reagan are covered Each entry includes a discussion of books
and reading in the person s life a chronology and a brief bibliography Teaching English in the Block Dan Walker, Jr,Jeff
Newton,Joe Strzpek,2013-10-18 Provides detailed instructional strategies sample lesson plans and sample assessments which
can be adapted in your classroom to help create better readers and more effective writers **Hawthorne's Redemption**
Gary P. Cranford,2012-10 This book serves to feed human nature with both a religious and literary mood It may bring the
reader a little closer to an understanding of life s complexities or it may challenge the reader s own philosophical self as he
or she discovers the unraveling of Hawthorne s The editor of the book which has been composed from his memory of an
unknown student s work claims to have unearthed a rare discovery that may unveil a mystery that has puzzled the best of
minds in the literary field for many years In the words of its author his purpose is clear I have thought to publish my
interpretations of Hawthorne s novel so that those critics in the field of literature who will may have additional cause for
which to expound their intelligence either in trying to better understand this mystery or to salvage the old cherished
ambiguities by which the public brain is presently intoxicated If I am correct in only a few of my impressions hopefully the
main ones we shall have to reappraise Hawthorne as a literary prophet who hoped for and predicted a future time when
mankind would look more favorable upon the creation man Both the author and editor send the reader on a journey into the
mind and heart of an American icon which have too long been misunderstood and underappreciated He asks the reader to
drink deep from the depths of his or her own intuitive awakenings and encourages each to rediscover the man who created

The Scarlet Letter In so doing one may see the vexations and conflicts in his own life as a dark necessity to be endured as in the character of his beloved Hester who speaks to the heart of every human and in behalf of our own human nature
