Elementary Language Skills Curriculum Concepts Staff, Curriculum Concepts, Inc, 1980 *Communicative Competence Approaches to Language Proficiency Assessment* Charlene Rivera, 1984 This book focuses on theoretical psychometric and practical issues which pose a challenge to the measurement of language proficiency The complexity and difficulty of defining communicative competence and identifying appropriate approaches for its measurement among students with limited English is reflected both by the contributors to the volume *Undergraduate Announcement* University of Michigan--Dearborn, 1991

Second Language Anxiety Richard L. Sparks, 2025-07-11 This book traces and summarizes theoretical insights and empirical findings on the topic of whether or not anxiety for language learning could be a causal variable for individual differences in language learning The author brings together three decades of research to show that first language L1 skills and second language L2 aptitude are confounding variables in studies of language anxiety and that learners levels of anxiety for L2 learning are strongly related to their levels of language achievement These findings have suggested that language anxiety instruments reflect students accurate self perceptions of their language skills and their levels of L1 achievement and L2 aptitude The research presented in this book holds the potential to change the ways in which L2 educators and researchers think about language anxiety how language anxiety is assessed how investigations into language anxiety are conducted and how L2 teachers respond to anxiety in the classroom *Science and Education for National Defense* United States. Congress. Senate. Committee on Labor and Public Welfare, 1958 *Resources in Education*, 1999 *Enhancing Beginner-Level Foreign Language Education for Adult Learners* Ekaterina Nemtchinova, 2022-12-30 This book is an authoritative text that explores best classroom practices for engaging adult learners in beginner level foreign language courses Built around a diverse range of international research studies and conceptual articles the book covers four key issues in teaching language to novice students development of linguistic skills communicative and intercultural competence evaluation and assessment and the use of technology Each chapter includes teaching insights that are supported by critical

research and can be practically applied across languages to enhance instructional strategies and curriculum designs The text also aims to build intercultural competence harness technology and design assessment to stimulate effective learning in formal instructional settings including colleges universities and specialist language schools With its broad coverage of language pedagogy at the novice level this book is a must read for graduate students scholars researchers and practitioners in the fields of language education second language acquisition language teaching and learning and applied linguistics
