**Gerontological Social Work Supervision** Carlton Munson, Ann Burack Weiss, Frances C Brennan, 2014-02-25 This unique book clearly depicts a need for supervision in gerontological social work settings and provides a framework for approaching supervision Grounded in two distinct bodies of literature social work supervision and gerontological social work this important book thoroughly examines present gerontological practice and principles and focuses on the stages and styles of helping and teaching case workers to improve agency efficiency Gerontological Social Work Supervision assumes some gerontological knowledge and experience with aging on the part of the supervisor yet provides an abundance of informative and practical methods to aid agency success rates with their clients The authors discuss the supervisory position as a positive asset in all aspects of case work and management Throughout the chapters the value of a supervisor is compounded whether the supervisor is helping a worker in seeing a broader scope of the field of social work with the elderly providing guidance through gray areas of ethics or teaching practice skills for work with individuals groups or families the need for an involved and prepared case worker supervisor becomes increasingly clear through the theories and scenarios presented Extensive examples and helpful considerations make this an invaluable book for agency supervisors and workers An entire chapter is devoted to providing supervision in the educational arena promoting a greater awareness of gerontological social work in students preparing for the field The appendices are packed with lists of additional works on supervision in social work bibliographies of selected

readings in case management entitlement long term care and family caregiving      *Social Workers' Desk Reference* Albert R. Roberts, 2009 This is a new edition of the wildly successful everyday reference for social workers Like the first edition it has been crafted with the help of an extensive needs assessment survey of educators and front line practitioners ensuring that it speaks directly to the daily realities of the profession It features 40% new material and a more explicit focus on evidence based practice

**Environmental Practice in the Human Services** Bernard Neugeboren, 2013-01-11 Environmental Practice in the Human Services points to the need for the human services to return to their historic mission of environmental change It moves beyond the more general conceptual emphasis on person in environment toward the development of an environmental practice technology based on an intervention model which prescribes specific micro and macro roles and functions It may open the way to recapturing the conceptual breadth which characterized the first 40 years of social work as a professional and occupational entity The ecological perspective in social work has fostered an interest in the impact of social environments on service consumers Environmental Practice in the Human Services tries to rectify the historical imbalance in the human services that has emphasized people changing methods giving secondary emphasis to environmental change It instructs students preparing for practice in the human services as well as agency practitioners in the knowledge and skills necessary in environmental practice Cases in environmental practice are used to illustrate how these skills are utilized in actual practice situations The book's scope includes practice at the direct service administration planning and social policy levels it integrates micro and macro practice and shows how these two levels of practice are interdependent This enables human service practitioners to create and or modify social environments to enhance the functioning of clients being served in human service programs Topics covered include important skills in environmental practice including decisionmaking negotiating and leadership community practice and resource coordination social support the impact of organizational environments on practice environmental practice for the chronically disabled Author Neugeboren's approach is unique in its in depth focus on environmental practice applying concepts of social environment to specific practice roles This practice specific content which provides tools needed for environmental practice is in contrast to existing texts on the social environment which are very theoretical and not integrated with practice He includes material from the field of social ecology which has not been included in existing texts It shows how practitioners and administrators planners and policymakers can facilitate and support each other's work Reading Environmental Practice in the Human Services will enlighten students and practitioners with specific skills for impacting on different social environments to enhance client benefit It tells how a direct service practitioner can determine which organizational environments are suitable for particular client needs in making agency referrals It also provides administrators with information about designing planning and managing agencies with functional organizational environments which achieve effective services

*Relational Social Work Practice with Diverse Populations* Judith B. Rosenberger, 2013-06-25 Social work and relational theory have long been clinical comrades given their

shared goals and ideals This close fit continues to be productive as client populations and their needs grow more diverse Clinical Social Work Practice with Diverse Populations sorts through vital matters of race ethnicity sexuality religion and social status and addresses groups and issues often seen in practice but rarely encountered in print with a profound understanding of the healing power of relational based treatment Case examples illustrate all stages of social work process offering practice guidelines for working with members of diverse groups while emphasizing the uniqueness of every therapeutic dyad The coverage recognizes the multiple relationships that comprise individuals lives as well as the individuality that co exists within group identity And the contributors carefully show readers how to check themselves for biases and us versus them thinking and how to develop confidence along with clinical skills Included in this first of its kind text Practice technique and research support for relational therapy Whiteness Deconstruction of a practice paradox Racial and ethnic diversity including African American Latino Asian American and Asian Indian clients Religious diversity evangelical Christians Muslim and Orthodox Jewish clients Diversity of sexual identity LGBT clients Diversity of life altering experiences combat veterans reentry from incarceration homelessness Plus background chapters providing a framework for applying relational theory to social work Bridging the knowledge gaps between the diversity literature and the practical literature Relational Social Work Practice with Diverse Populations supplies clinical social work professionals educators and counselors with tools and concepts for effective efficient practice
