Reginald F. Hildebrand, 1995-07-24 With the conclusion of the Civil War the beginnings of Reconstruction and the realities of emancipation former slaves were confronted with the possibility of freedom and with it a new way of life In *The Times Were Strange and Stirring* Reginald F Hildebrand examines the role of the Methodist Church in the process of emancipation and in shaping a new world at a unique moment in American African American and Methodist history Hildebrand explores the ideas and ideals of missionaries from several branches of Methodism the African Methodist Episcopal Church the Colored Methodist Episcopal Church and the northern based Methodist Episcopal Church and the significant and highly charged battle waged between them over the challenge and meaning of freedom He traces the various strategies and goals pursued by these competing visions and develops a typology of some of the ways in which emancipation was approached and understood Focusing on individual church leaders such as Lucius H Holsey Richard Harvey Cain and Gilbert Haven and with the benefit of extensive research in church archives and newspapers Hildebrand tells the dramatic and sometimes moving story of how missionaries labored to organize their denominations in the black South and of how they were overwhelmed at times by the struggles of freedom *Chicago's Block Clubs* Amanda I. Seligman, 2016-10-04 What do you do if your alley is strewn with garbage after the sanitation truck comes through Or if you're tired of the rowdy teenagers next door keeping you up all night Is there a vacant lot on your block accumulating weeds needles and litter For a century Chicagoans have joined block clubs to address problems like these that make daily life in the city a nuisance When neighbors work together in block clubs playgrounds get built local crime is monitored streets are cleaned up and every summer is marked by the festivities of day long block parties In *Chicago's Block Clubs* Amanda I Seligman uncovers the history of the block club in Chicago from its origins in the Urban League in the early 1900s through to the Chicago Police Department's twenty first century community policing program Recognizing that many neighborhood problems are too big for one resident to handle but too small for the city to keep up with city residents have for more than a century created clubs to establish and maintain their neighborhood's particular social dynamics quality of life and appearance Omnipresent yet evanescent block clubs are sometimes the major outlets for community organizing in the city especially in neighborhoods otherwise lacking in political strength and clout Drawing on the stories of hundreds of these groups from across the city Seligman vividly illustrates what neighbors can and

cannot accomplish when they work together *Monthly Catalog of United States Government Publications* United States.
