This is a superb manuscript and one that will become a standard reference in the field for students of conflict and civil war. Robert Bates, Eaton Professor of the Science of Government, Harvard University. The two volumes of *Understanding Civil War* build upon the World Bank's prior research on conflict and violence, particularly on the work of Paul Collier and Anke Hoeffler whose model of civil war onset has sparked much discussion on the relationship between conflict and development in what came to be known as the greed versus grievance debate. The authors systematically apply the Collier-Hoeffler model to 15 countries in 6 different regions of the world using a comparative case study methodology to revise and expand upon economic models of civil war. The book concludes that the greed versus grievance debate should be abandoned for a more complex model that considers greed and grievance as inextricably fused motives for civil war. Regions of Somalia Conflict in Somalia examines the results of the study and offers recommendations for reconstruction and development assistance that takes the knowledge on conflict into account. **Cuadernos de economía**, 2008 *Cuban Studies* 33 Lisandro Perez, Uva De Aragon, 2003-02-01 *Cuban Studies* has been published annually by the University of Pittsburgh Press.
