**The Travels of a T-Shirt in the Global Economy** Pietra Rivoli, 2005-04-01 Praise for THE TRAVELS OF A T SHIRT IN THE GLOBAL ECONOMY Engrossing Rivoli goes wherever the T shirt goes and there are surprises around every corner full of memorable characters and vivid scenes Time An engaging and illuminating saga Rivoli follows her T shirt along its route but that is like saying that Melville follows his whale Her nuanced and fair minded approach is all the more powerful for eschewing the pretense of ideological absolutism and her telescopic look through a single industry has all the makings of an economics classic The New York Times Rarely is a business book so well written that one would gladly stay up all night to finish it Pietra Rivoli s The Travels of a T Shirt in the Global Economy is just such a page turner CIO magazine Succeeds admirably T shirts may not have changed the world but their story is a useful account of how free trade and protectionism certainly have Financial Times A fascinating exploration of the history economics and politics of world trade The Travels of a T Shirt in the Global Economy is a thought provoking yarn that exhibits the ugly the bad and the good of globalization and points to the unintended positive consequences of the clash between proponents and opponents of free trade Star Telegram Fort Worth Part travelogue part history and part economics The Travels of a T Shirt in the Global Economy is ALL storytelling and in the grand style A must read Peter J Dougherty Senior Economics Editor Princeton University Press author of Who s Afraid of Adam Smith A readable and evenhanded treatment of the complexities of free trade As Rivoli repeatedly makes clear there is absolutely nothing free about free trade except the slogan San Francisco Chronicle      *United States International Trade Commission: 2009 Year in Review* , 1988      **The Case against the Jones Act** Colin Grabow, Inu Manak, 2020-06-11 How has an archaic burdensome law been able to persist for a century Passed in 1920 the Jones Act

restricts the waterborne transport of cargo within the United States to vessels that are U S flagged U S crewed U S owned and U S built Meant to bolster the U S maritime sector this protectionist law has instead contributed to its decline As a result today s U S oceangoing domestic fleet numbers fewer than 100 ships Beyond leaving a shrunken and uncompetitive maritime sector in its wake the law has also inflicted considerable damage on the broader U S public that range from higher transportation costs to increased pollution The chapters in The Case against the Jones Act delve into some of the act s founding myths and the false narrative its supporters have helped to perpetuate The book evaluates the law s costs assesses its impact on businesses consumers and the environment and offers alternatives for a way forward The Jones Act s failures reveal that the status quo is untenable Contributors to this volume hope that the evidence presented will spark discussion about the Jones Act and lay the groundwork for the repeal or significant reform of this outdated law
