Econocrats And The Policy Process The Politics And Philosophy Of Cost:

Econocrats and the Policy Process Peter Self,1975 Handbook of Public Policy Analysis Frank Fischer, Gerald J. Miller, 2017-09-25 The study of public policy and the methods of policy analysis are among the most rapidly developing areas in the social sciences Policy analysis has emerged to provide a better understanding of the policymaking process and to supply decision makers with reliable policy relevant knowledge about pressing economic and social problems Presenting a broad comprehensive perspective the Handbook of Public Policy Analysis Theory Politics and Methods covers the historical development of policy analysis its role in the policy process and empirical methods. The handbook considers the theory generated by these methods and the normative and ethical issues surrounding their practice Written by leading experts in the field this book Deals with the basic origins and evolution of public policy Examines the stages of the policy making process Identifies political advocacy and expertise in the policy process Focuses on rationality in policy decision making and the role of policy networks and learning Details argumentation rhetoric and narratives Explores the comparative cultural and ethical aspects of public policy Explains primary quantitative oriented analytical methods employed in policy research Addresses the qualitative sides of policy analysis Discusses tools used to refine policy choices Traces the development of policy analysis in selected national contexts The Handbook of Public Policy Analysis Theory Politics and Methods describes the theoretical debates that have recently defined the field including the work of postpositivist interpretivist and social constructionist scholars This book also explores the interplay between empirical and normative analysis a crucial issue running through contemporary debates The Oxford Handbook of Public Policy Michael Moran, Martin Rein, Robert E. Goodin, 2008-06-12 This is part of a ten volume set of reference books offering authoritative and engaging critical overviews of the state of political science This work explores the business end of politics where theory meets practice in the pursuit of public good *Econocrats and the policy process* Peter, Social Research and Royal Commissions (Routledge **Revivals)** Martin Bulmer, 2015-06-11 Social scientists have proposed several different models for the relationship between social science theory empirical social research and the actual making of public social policy This book first published in 1980 seeks to provide a critical analysis of the impact of research on policy through the detailed examination of the part which research played in the work of Royal Commissions of Inquiry the bodies set up by government to consider gather evidence on report and make recommendations about specific policy areas This titles varied and stimulating chapters will serve to shed considerable light not all of it positive upon the potential contribution of the social sciences to the practice of government This book will be of interest to students of the social sciences particularly sociology and politics The Sociology and Professionalization of Economics A. W. Bob Coats, 2005-08-17 Coats has made an outstanding contribution to the history of economic thought economic methodology and the sociology of economics This unique volume represents a substantial part of his work on the sociology and professionalization of economics **Recommendations and Reports** Administrative

Conference of the United States, 1985 Spectrum Auctions Geoffrey Myers, 2023-02-15 Access to the radio spectrum is vital for modern digital communication It is an essential component for smartphone capabilities the Cloud the Internet of Things autonomous vehicles and multiple other new technologies Governments use spectrum auctions to decide which companies should use what parts of the radio spectrum Successful auctions can fuel rapid innovation in products and services unlock substantial economic benefits build comparative advantage across all regions and create billions of dollars of government revenues Poor auction strategies can leave bandwidth unsold and delay innovation sell national assets to firms too cheaply or create uncompetitive markets with high mobile prices and patchy coverage that stifles economic growth Corporate bidders regularly complain that auctions raise their costs while government critics argue that insufficient revenues are raised The cross national record shows many examples of both highly successful auctions and miserable failures Drawing on experience from the UK and other countries senior regulator Geoffrey Myers explains how to optimise the regulatory design of auctions from initial planning to final implementation Spectrum Auctions offers unrivalled expertise for regulators and economists engaged in practical auction design or company executives planning bidding strategies For applied economists teachers and advanced students this book provides unrivalled insights in market design and public management Providing clear analytical frameworks case studies of auctions and stage by stage advice it is essential reading for anyone interested in designing public interested and successful spectrum auctions **New Perspectives on Public Services** Christopher Pollitt, 2012-01-26 Despite their immense importance for many aspects of public service management the specific features of places have been largely ignored in recent public management literature Technologies have received much more attention but mainly within the specific field of e government In this book Christopher Pollitt puts together a powerful and engagingly written case for paying much more attention both to place and to technological change and the interactions between them The book synthesizes theories and concepts from a range of disciplines and focuses them on the many ways in which public services shape places and places shape public services Using extensive and varied original empirical material it examines the role that new technologies have played in these interactions This theme is traced through internationally comparative studies of central government agencies hospitals population registration and the police It raises questions about the longer term effects of the increasingly virtual relations between the citizen and government The book opens up new perspectives on the organization of our most basic and vital public services Economic Rationalism in Canberra Michael Pusey,1991 Michael Pusey discusses the way that Australian policies have transformed since the 1970 s Understandina Sustainability Economics Peter Soderbaum, 2012-05-04 This highly readable yet challenging book provides a critical examination of the failings of mainstream economics and the resultant environmental problems we are facing Most importantly it articulates what an alternative economics for sustainability would look like in both theory and practice The book provides a brief history of economics and looks at the intersection between politics and the often hidden values

embedded in economics Also covered are the roles of individuals and organizations political structures and institutions democracy environmental decision making sustainability assessment and a vision of a future underpinned by sustainability economics A main point raised is that in any serious attempt to come to grips with unsustainable trends fundamental issues such as the theory of science the role of science in society paradigms in economics ideological orientations and institutional arrangements need to be critically examined The theory is supported by case studies explanatory figures further reading sections and discussion questions to facilitate debate and learning Ethics and Economics Johan Graafland, 2021-09-30 This textbook applies economic ethics to evaluate the free market system and enables students to examine the impact of free markets using the three main ethical approaches utilitarianism principle based ethics and virtue ethics Ethics and Economics systematically links empirical research to these ethical questions with a focus on the core topics of happiness inequality and virtues Each chapter offers a recommended further reading list The final chapter provides a practical method for applying the different ethical approaches to morally evaluate an economic policy proposal and an example of the methodology being applied to a real life policy This book will give students a clear theoretical and methodological toolkit for analyzing the ethics of market policies making it a valuable resource for courses on economic ethics and economic philosophy The Open Access version of this book available at http www taylorfrancis com has been made available under a Creative Commons Attribution **Ecological Economics** Peter Soderbaum, 2013-11-05 Ecological economics seeks Non Commercial CC BY NC 4 0 license to socially construct a political economics which will deal successfully with environmental problems and make the individual more visible in economic analysis. The author describes the principles strategies and instruments of social change for key players governmental agencies business corporations environmental and religious organizations and universities and underlines their responsibilities in the market economy Peter Soderbaum emphasizes the need to articulate ideologies worldviews ethics and related scientific perspectives as part of economics and the importance of pluralism and democratic decision making His account of the theories and means that will brings us closer to a sustainable society consider tools such as environmental impact assessment EIA and describes success indicators such as environmental labelling and environmental management systems EMS It highlights strategies and policies that facilitate social change and sets out future agendas for the individual actors in political economics **Professional Authority After the Global Financial Crisis** Malcolm Campbell-Verduyn, 2017-08-10 This book challenges amoral views of finance as the leading realm in which mammon wealth and profit is pursued with little overt regard for morality The author details an enhanced ethical emphasis by leading Anglo American professionals in the aftermath of the 2007 8 global financial crisis Instead of merely stressing expert knowledge professionals sought to overcome the alleged impossibility of serving two masters mammon and God by embracing religious finance socio economic inequality sustainability and other overtly moral issues Continuities in liberal values and ideas however limited the impact of this enhanced ethical emphasis to restoring the professional authority as well

as to more fundamentally reforming of Anglo American finance following the most severe period of instability since the Great Depression Providing a nuanced account of post crisis change and continuity in a crucially important industry Campbell Verduyn advances a dynamic process based understanding of authority that will appeal to international political economists Transport Planning David Banister, 2003-12-16 An invaluable source book Transport Planning and sociologists alike describes the evolution of transport planning and provides a clear account of its strengths and weaknesses how it relates to actual policy decisions and where it is likely to go in the future Australian Overseas Aid Philip Eldridge, Dean Forbes, Doug Porter, 2019-07-05 Originally published in 1986 this book evaluated the review of the Australian Overseas Aid Program the 1984 Jackson Report and discusses the significance of Australia's contribution to overseas aid for the future The book focuses on the overall context of the Jackson report discusses the geographical distribution of aid proposed by the report and examines aid administration in its more specific bureaucratic context and with broader questions of community Routledge Library Editions: Aid Various, 2021-08-26 Originally published participation in developmental processes between 1981 and 1990 the volumes in this set Examine the relationship between bilateral foreign aid and multilateral foreign aid Include a comprehensive study of United States foreign aid allocation from 1961 1983 and the significance it has for US Foreign Policy as a whole Analyse how development aid works in practice Critique the practice of foreign aid analyse the aid process and investigate the exercise of leverage by donors Discuss the significance of Australia s contribution to overseas aid for the future Focus principally on the use of foreign aid by the members of OPEC in the 1970s Acceptability Mary Douglas, 2013-04-15 First published in 1985 Mary Douglas intended Risk and Acceptability as a review of the existing literature on the state of risk theory Unsatisfied with the current studies of risk which she found to be flawed by individualistic and psychologistic biases she instead uses the book to argue risk analysis from an anthropological perspective Douglas raises questions about rational choice the provision of public good and the autonomy of the individual Risk **Acceptability According to the Social Sciences** Mary Douglas, 2003 First published in 1985 Mary Douglas intended Risk and Acceptabilityas a review of the existing literature on the state of risk theory she instead uses the book to argue risk analysis from an anthropological perspective **Rethinking Governance** Mark Bevir, R. A. W. Rhodes, 2016-03-31 This volume explores new directions of governance and public policy arising both from interpretive political science and those who engage with interpretive ideas It conceives governance as the various policies and outcomes emerging from the increasing salience of neoclassical and institutional economics or neoliberalism and new institutionalisms In doing so it suggests that that the British state consists of a vast array of meaningful actions that may coalesce into contingent shifting and contestable practices Based on original fieldwork it examines the myriad ways in which local actors civil servants mid level public managers and street level bureaucrats have interpreted elite policy narratives and thus forged practices of governance on the ground This book will be of key interest to scholars students and practitioners of governance and public

policy
