Economics In American Society An Introduction To Economic Issues:

Economics in American Society J. Holton Wilson, Cathy R. Wilson, 1977-01-01 Includes index [Catalog of Copyright Entries. Third Series](#) Library of Congress. Copyright Office, 1978 *A Companion to the History of American Science* Georgina M. Montgomery, Mark A. Largent, 2019-09-23 A Companion to the History of American Science offers a collection of essays that give an authoritative overview of the most recent scholarship on the history of American science Covers topics including astronomy agriculture chemistry eugenics Big Science military technology and more Features contributions by the most accomplished scholars in the field of science history Covers pivotal events in U S history that shaped the development of science and science policy such as WWII the Cold War and the Women s Rights movement *Economic Theories, Protagonists and Facts* Maria Cristina Marcuzzo, 2024-12-18 This book brings together the work of Maria Cristina Marcuzzo and highlights her investigations into the history of economic thought and her quest for an alternative economic thinking Following an extended introduction that contextualised her ideas and highlights consistent themes throughout the volume it discusses the theoretical and methodological approaches that have come to define the history of economic thought as a discipline The work of David Ricardo is then debated alongside ideas of money and monetary systems Finally the impact of the Cambridge economists is presented with a particular focus on Luigi Pasinetti Joan Robinson Piero Sraffa and John Maynard Keynes This book combines theoretical discussions with historical analysis biographical narratives and original archival research to provide rich insights into the history and impact of economics It will be of interest to students and researchers working within the political economy and the history of economic thought *The Legacy of John Kenneth Galbraith* STEVEN PRESSMAN, 2013-10-18 When John Kenneth Galbraith passed away on April 29 2006 the economics profession lost one of its true giants And this is not just because Galbraith was an imposing figure at 6 feet 9 inches tall Throughout his life Galbraith advised Presidents made important professional contributions to the discipline of economics and also tried to explain economic ideas to the general public This volume pays tribute to Galbraith s life and career by explaining some of his major contributions to the canon of economic ideas The papers describe the series of unique contributions that Galbraith made in many different areas He was a founder of the Post Keynesian view of money and a proponent of the Post Keynesian view that price controls were necessary to deal with the problem of inflation in a modern economy where large firms already control prices and prices are not determined by the market He promulgated the view that firms manipulate individual preferences and tastes through advertising and other means of persuasion and he drew out the economic implications of this view He was a student of financial frauds and euphoria and a forerunner of the Post Keynesian Minskean view of finance and how financial markets really work This book was published as a special issue of the Review of Political Economy [A Research Annual](#) Jeff E. Biddle, Ross B. Emmett, Marianne Johnson, 2013-11-01 Research in the History of Economic Thought and Methodology is an annual series which presents research materials in the fields of the

history of economic thought and the methodology of economics Hearings, Reports and Prints of the House Committee on Armed Services United States. Congress. House. Committee on Armed Services, **The American Civil War** Steven E. Woodworth, 1996-12-09 The single most important volume for anyone interested in the Civil War to own and consult From the foreword by James M McPherson The first guide to Civil War literature to appear in nearly 30 years this book provides the most comprehensive up to date and informative survey and analysis of the vast body of Civil War literature More than 40 essays each by a specialist in a particular subfield of Civil War history offer unmatched thoroughness and discerning assessments of each work s value The essays cover every aspect of the war from strategy tactics and battles to logistics intelligence supply and prisoner of war camps from generals and admirals to the men in the ranks from the Atlantic to the Far West from fighting fronts to the home front Some sections cover civilian leaders the economy and foreign policy while others deal with the causes of war and aspects of Reconstruction including the African American experience during and after the war Breadth of topics is matched by breadth of genres covered Essays discuss surveys of the war general reference works published and unpublished papers diaries and letters as well as the vast body of monographic literature including books dissertations and articles Genealogical sources historical fiction and video and audio recordings also receive attention Students of the American Civil War will find this work an indispensable gateway and guide to the enormous body of information on America s pivotal experience Tentative Course of Study in United States History and Social Studies for Secondary Schools in Indiana ... Indiana. Department of Public Instruction. Division of Inspection, 1928 **The Marginal Productivity Theory of Distribution** John Pullen, 2009-06-26 John Pullen presents a critical history of the concept of the Marginal Profit Theory of Distribution looking at the contributions of its proponents eg Stigler and its critics eg Pareto and stressing the continuity of the debate **How Social Forces Impact the Economy** Steven Pressman, 2020-06-02 Social forces are important determinants of how people behave how economies work at the macroeconomic level and the effectiveness of economic policies However this dimension is generally overlooked in mainstream economics How Social Forces Impact the Economy demonstrates that a broader conception of social economics provides for a better understanding of how economies work as a whole This book argues that adopting a truly social approach to economics opens the door to studying how people form preferences and how they learn by taking cues from others about how to behave and what to consume Each chapter contributor works to highlight the breadth of new insights and possibilities that emerge from a fuller understanding of social economics Part I focuses on microeconomics bringing individual behaviors and individual entrepreneurs into a more social context Part II focuses on macroeconomic topics such as how money and quasi monies like Bitcoins are social how money developed as a social institution and how social forces matter for economic development Finally Part III looks at the consequences of considering social factors when it comes to policy environmental policy industrial policy and policies promoting greater equality This book is invaluable reading to anyone interested in the relationship

between economics and sociology how social forces affect policy effectiveness human behavior and the overall economy

Thorstein Veblen John Cunningham Wood,1993 138 articles are arranged thematically to give easy access to the intellectual processes of this influential economist Volume 1 deals with his life and perspectives volume 2 with political economy and volume 3 on Specialized topics *Markets* William A. Jackson,2019-04-18 Defining markets has never been an easy task Despite their importance for economic theory and practice they are hard to pin down as a concept and economists have tended to adopt simplified axiomatic models or rely on piecemeal case studies This book argues that an extended range of theory social as well as economic can provide a better foundation for the portrayal of markets The book first looks at the definition of markets their inadequate treatment in orthodox economic theory and their historical background in the pre capitalist and capitalist eras It then assesses various alternatives to orthodox theory categorised as social cultural structural functional and ethical approaches Among the alternatives considered are institutionalist accounts Marxian views network models performativity arguments field theories Austrian views and ethical notions of fair trade A key finding of the book is that these diverse approaches valuable as they are could present a more effective challenge to orthodoxy if they were less disparate Possibilities are investigated for a more unified theoretical alternative to orthodoxy Unlike most studies of markets this book adopts a fully interdisciplinary viewpoint expressed in accessible non technical language Ideas are brought together from heterodox economics social theory critical realism as well as other social sciences such as sociology anthropology and geography Anybody seeking a broad critical survey of the theoretical analysis of markets will find this book useful and it will be of great interest to economists social scientists students and policy makers **American Imperialism**

in the Image of Peer Gynt E. A. J. Johnson,1971 American Imperialism in the Image of Peer Gynt was first published in 1971 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions This is the life story of an economic historian whose distinguished career has included nine years of service as a United States government official in various capacities both military and civilian around the world It is a revealing and often disturbing account evoking in the author s mind as he reflects on his own experiences and those of other American emissaries abroad the image of Ibsen s Peer Gynt who wandered over the earth thinking he was doing good only to find when he returned home that both his virtues and his sins were so insignificant that his soul was scheduled by the buttonmolder to be cast into limbo in the form of a little lead button Professor Johnson s book is much more than an autobiography From the vantage point of his experiences and observations he provides a critical evaluation of American efforts abroad He discusses cultural factors that have shaped American preconceptions and attitudes over the last half century and attempts to explain why a generation of presumably well equipped Americans has been singularly incapable of materializing the hopes and aspirations of both the American people and the world community

The Chicago School of Political Economy Nadia Mizner,Warren Samuels,2021-12-16 The Chicago School of Economics is

arguably the most successful and influential since World War II This volume provides an interpretation of the Chicago school through constructive critique of its doctrines It is an inquiry into the nature role and significance of the school and its doctrines within both the economics profession and the larger world of ideas and action This volume offers a deeper understanding of the school of its strengths and weaknesses and of the tasks of any body of thought that hopes to comprise an alternative **A Research Annual** Luca Fiorito,Scott Scheall,Carlos Eduardo Suprinyak,2015-04-09 Vol 33 includes research from preeminent scholars such as Malcolm Rutherford current HES President elect Jeff E Biddle Steven G Medema author of *The Hesitant Hand Taming Self Interest in the History of Economic Ideas* leading methodologist John B Davis and Robert W Dimand one of the world s foremost experts on John Maynard Keynes **Resources in Education** ,2001-04

Research in Education ,1973 *Reader's Guide to American History* Peter J. Parish,2013-06-17 There are so many books on so many aspects of the history of the United States offering such a wide variety of interpretations that students teachers scholars and librarians often need help and advice on how to find what they want The Reader s Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography Each of the 600 entries on topics in political social and economic history describes and evaluates some 6 to 12 books on the topic providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs The entries are devoted to events and individuals as well as broader themes and are written by a team of well over 200 contributors all scholars of American history *Research in the History of Economic Thought and Methodology* Luca Fiorito,Scott Scheall,Carlos Eduardo Suprinyak,Jordan J. Ballor,Erik W. Matson,2023-10-31 Volume 41A of *Research in the History of Economic Thought and Methodology* features a symposium on Religion the Scottish Enlightenment and the Rise of Liberalism a new research essay by Syed Mohib Ali and a roundtable on the institutional economics of Geoffrey Hodgson
