Further Confessions:

Yachting Monthly's Further Confessions Paul Gelder, 2013-05-17 There were too many degrading disasters mortifying mishaps and groan worthy gaffes for one collection so following on from Yachting Monthly's Confessions here is another wonderful collection of humiliating misadventures from the enduringly popular Confessional column of Yachting Monthly magazine For over 25 years yachtsmen have clamoured to tell the world about their most embarrassing exploits and their most shameful blunders so here is another crop of entertaining examples so that the rest of us can learn from other people's mistakes instead of our own or at least have a good laugh at their expense Accompanied once more by cartoons from the inimitable Mike Peyton this collection helps to prove that worse things really do happen at sea **Further Confessions of Zeno** Italo Svevo, 1969 5 short stories and a play dealing with old age its frustrations and consolations Further Confessions of A Story Writer, 1961 Troubling Confessions Peter Brooks, 2000 In *Troubling Confessions* Peter Brooks juxtaposes law and literature to explore the kinds of truth we associate with confessions and why we both rely on them and regard them with suspicion For centuries the law has considered confession to be the queen of proofs but it has also seen a need to regulate confessions and the circumstances under which they are made as evidenced in the continuing debate over the Miranda decision Western culture has made confessional speech a prime measure of authenticity seeing it as an expression of selfhood that bears witness to personal truth Yet the urge to confess may be motivated by inextricable layers of shame guilt self loathing and the desire to propitiate figures of authority Literature has often understood the problematic nature of confession better than the law as Brooks demonstrates in perceptive readings of legal cases set against works by Rousseau Dostoevsky Joyce and Camus among others *Interstitial Writing* Paolo Bartoloni, 2003 This book pushes literary theory into unexplored grounds to articulate the modern and contemporary condition of interstitiality through an innovative discussion of literary and philosophical underpinnings and interpretation of works by Calvino Caproni Sereni and Svevo It will appeal to Italianists and anyone studying Italian literature **The Theology of the Reformed Confessions, 1923** Karl Barth, 2005-07-15 In 1923 Karl Barth delivered a series of lectures offering his theological commentary on the Reformed confessions These lectures are collected here allowing readers rare insights into the mind of a great theologian The Columbia Series in Reformed Theology represents a joint commitment by Columbia Theological Seminary and Westminster John Knox Press to provide theological resources from the Reformed tradition for the church today This series examines theological and ethical issues that confront church and society in our own particular time and place *Criminal Interrogation and Confessions* Fred Inbau, Joseph Buckley, Brian Jayne, 2013 *Criminal Interrogations and Confessions* Fifth Edition presents the Reid Technique of interviewing and interrogation and is the standard used in the field This updated Fifth Edition presents interviewing and interrogation techniques based on actual criminal cases which have been used successfully by thousands of criminal investigators This practical text is built around simple psychological principles and examines interrogation as a nine

step process that is easily understood by the reader New and Key Features of the updated Fifth Edition The text contains updated photographs throughout to illustrate behavior symptoms the proper room setting and positioning as well the placement of electronic recording equipment Every chapter of the text includes updated information Chapter 9 Behavior Symptom Analysis contains new research that has been conducted on the efficacy of behavior symptom analysis as well as building for the reader the behavioral model of the truthful individual versus the subject who is withholding or fabricating relevant information Chapters 7 through 12 discuss in detail how to build the investigative interview including the proper use of both investigative and behavior provoking questions as well as guidelines for evaluating the credibility of allegations and the proper use of follow up and bait questions Chapter 15 Distinguishing between True and False Confessions has been updated to include new cases throughout and contains two new sections The Issue of False Confessions in the Courtroom The Testimony of Expert Witnesses and The Issue of False Confessions in the Courtroom Court Decisions Chapter 17 discusses all of the legal issues related to interrogation and confession law including Miranda the meaning of custody the use of threats and or promises the use of deception and confession voluntariness The chapter contains update legal references including 2011 court decisions Criminal Interrogation and Confessions , **Inquisition and Power** John H. Arnold,2013-07-20 What should historians do with the words of the dead Inquisition and Power reformulates the historiography of heresy and the inquisition by focusing on depositions taken from the Cathars a religious sect that opposed the Catholic church and took root in southern France during the twelfth century Despite the fact that these depositions were spoken in the vernacular but recorded in Latin in the third person and rewritten in the past tense historians have often taken these accounts as verbatim transcriptions of personal testimony This belief has prompted some historians including E Le Roy Ladurie to go so far as to retranslate the testimonies into the first person These testimonies have been a long source of controversy for historians and scholars of the Middle Ages Arnold enters current theoretical debates about subjectivity and the nature of power to develop reading strategies that will permit a more nuanced reinterpretation of these documents of interrogation Rather than seeking to recover the true voice of the Cathars from behind the inquisitor s framework this book shows how the historian is better served by analyzing texts as sites of competing discourses that construct and position a variety of subjectivities In this critically informed history Arnold suggests that what we do with the voices of history in fact has as much to do with ourselves as with those we seek to rescue from the silences of past **Short Story Index** ,1989 *The High Flyer* Susan Howatch,2007-12-18 A gripping two pronged tale of psychological terror and spiritual redemption The New York Post Successful London lawyer Carter Graham has power sex appeal and a well ordered life Everything has gone according to plan including her recent marriage to Kim Betz an investment banker with the right combination of looks and position On the surface it appears to be a match made in heaven The only problem is Kim s ex wife Sophie begins to follow Carter like a shadow making outrageous claims about Kim s involvement in the occult Convincing herself that Sophie is mad Carter moves

ahead with her life But something is amiss and as Sophie's stories are corroborated by other unwelcome disclosures from Kim's past Carter is thrown into a terrifying web of suspicion and betrayal pushing her sanity to the edge In desperation Carter seeks help from Nicholas Darrow the charismatic priest of St Benet's Healing Center Though a religious skeptic Carter hopes to stem the tide of darkness that threatens to envelop her life and begins a compelling journey into the very nature of good and evil wisdom and redemption

The Language of Confession, Interrogation, and Deception Roger W. Shuy, 1997-12-24 From a linguistic perspective this book is a practical explanation of how confessions work Roger Shuy author of the 1993 benchmark work *Language Crimes* examines criminal confessions the interrogations that elicit confessions and the deceptive language that plays a role in the actual confession He presents transcripts from numerous interrogations and analyzes how language is used how constitutional rights are not protected and discusses consistency truthfulness suggestibility and written and unvalidated confessions He also provides specific advice about how to conduct interrogations that will yield credible evidence

A Digest of the Cases and Notes Contained in American Criminal Reports American Criminal Reports, 1910 **American Criminal Reports**, 1910 *Criminal Justice and Crime in Late Renaissance Florence, 1537-1609* John K. Brackett, 2002-08-22 This book examines in detail the Florentine system of criminal justice under the reign of the first three Medici grand dukes from 1537 to 1609 The author discusses the structure and functions of the court the operation of the two city prisons and the definition and treatment of the major categories of crime His main purpose is to shed light on the character of the Medicean state by examining the effectiveness of its main instrument of social control The study is important for the amount of detail that it offers for such an early period and it helps to vitiate the usefulness of the term absolutist which conveys a misleading picture of the early modern state

European Witch Trials Richard Kieckhefer, 2023-04-28 *European Witch Trials Their Foundations in Popular and Learned Culture 1300-1500* explores the intricate dynamics of witchcraft accusations and trials during the medieval period seeking to untangle the roots of these phenomena in both popular and learned cultures The author critiques the anthropological approach to the European witch trials noting that while European society differed significantly from non-Western societies the mechanisms behind witch beliefs and persecutions seem to transcend these cultural distinctions Despite societal differences both European and primitive cultures exhibited a fluidity in their understanding of causality where magical natural and religious explanations coexisted without conflict providing fertile ground for witch accusations The book delves into the challenge of discerning the true nature of witch beliefs in early European society particularly the distinction between learned and popular traditions Many scholars have proposed various foundations for witch beliefs some argue that these beliefs were born of learned theological concepts while others suggest they were rooted in popular folklore or even illicit practices The author discusses these differing perspectives offering a framework for distinguishing between sorcery invocation and diabolism the core components of witchcraft while acknowledging the blurring of these concepts in historical documents By focusing on the

period between 1300 and 1500 the work highlights the geographical regions most affected by witch trials primarily in England France Italy and Germany offering a nuanced exploration of how these trials were influenced by societal anxieties and cultural tensions of the late medieval period This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1976

Secrets of the Psychics Massimo Polidoro, 2012-06-14 This intriguing examination of the bizarre and the strange by a topnotch investigator will interest both skeptics and believers alike Illustrations

Humor in Young Adult Literature Walter Hogan, 2005 Celebrates the accomplishments of YA authors acclaimed for producing high quality comedies who have not yet been treated in a book length bio critical study Simultaneously it reminds readers that no matter how funny an author of fiction may be if he shows off his wit in ways that fail to play a natural role in advancing his narrative he is not writing good fiction To demonstrate this humorous passages are presented to illustrate the contribution a sense of humor can make to a work of fiction The book is arranged topically to facilitate a comparison of distinctive treatments by various authors of adolescent life events such as sibling rivalry bullies and first dates
