Furtwangler And Great Britain:

Furtwängler and Great Britain John Squire, John Hunt, 1985 **Furtwängler and Great Britain** John Squire, John Hunt, 1985 **Toscanini in Britain** Christopher Dymont, 2012 This is the first book to describe Arturo Toscanini's activities the life he led his concerts and recording sessions during his visits to London and elsewhere in Britain in the years 1900-1952. During the 1930s Arturo Toscanini conducted many concerts broadcast by the BBC from London's Queen's Hall where he also made some unsurpassed recordings. Drawing on newly researched material in British and American archives Christopher Dymont reveals how the most renowned and influential conductor of the twentieth century notoriously microphone shy though he was came to conduct so frequently in London a tale replete with unexpected twists turns and ingenious stratagems. Toscanini's dominating influence on London critics and audiences in the period covered by the narrative extending through to his final appearances at the Royal Festival Hall in 1952 is copiously documented from contemporary sources. Dymont also presents fresh evidence showing how the remarkable combination of passionate conviction and architectural mastery that characterised Toscanini's conducting was grounded not only in his obsessive study of the score but also in his awareness of performing traditions dating back to the mid nineteenth century. This book will fascinate those with a particular interest in Toscanini's career and recorded legacy. It is also essential reading for anyone with an interest in the history of conducting and recording in the first half of the twentieth century set against the vividly evoked backdrop of London's concert scene of the period. This comprehensive study includes both an annotated table of all Toscanini's London concerts and his EMI discography. CHRISTOPHER DYMENT has written extensively about historic conductors since the 1970s particularly Felix Weingartner and Arturo Toscanini. His first book on Weingartner was published in 1976. Shirakawa, 1992-07-02 From 1922 until his death in 1954 Wilhelm Furtwängler was the foremost cultural figure of the German speaking world conductor of both the Berlin and Vienna Philharmonic orchestras. But his decision to remain in Germany when the Nazis came to power earned him condemnation as a Nazi collaborator. *The Devil's Music Master* 30 halftones **The Toynbee Factor in British Grand Strategy** Lyndon LaRouche, *Germany and the Indians* Nirode K. Barooah, 2018-08-27 Germany always enjoyed a natural sympathy from the Indians primarily because of Max Müller that renowned Oxford professor of Comparative Philology of German descent who while doing painstaking pioneering researches into ancient Indian scripture called India the very paradise on earth without ever visiting the country. In spite of this because of the latent racism among the German commercial classes and the social aloofness of the German diplomats in India in order to avoid giving any chance of suspicion to the British rulers a normal relation based on mutual trust and friendship between the Germans and the Indians remained a desideratum. Yet during the chequered period between the two World Wars Germany was compelled to reckon with the growing self confidence of the Indians. Even Hitler had to appease the Indians in

Ibbs and Tillett Christopher Fifield, 2017-11-22

For the greater part of the twentieth century Ibbs and Tillett's concert agency was to the British music industry what Marks and Spencer is to the world of the department store The roll call of famous musicians on its books was unmatched and included such international stars as Clara Butt Fritz Kreisler Pablo Casals Sergei Rachmaninov Andr Segovia Kathleen Ferrier Myra Hess Jacqueline du Pr Clifford Curzon and Vladimir Ashkenazy to name but a handful From 1906 the success of the company was due to the dedication of its founders Robert Leigh Ibbs and John Tillett After their deaths the agency was run by the latter's wife Emmie who dubbed the Duchess of Wigmore Street became one of the most formidable yet respected women in British music The history of this unique institution and its owners is told here for the first time often through the fascinating letters that were exchanged between the artists themselves and the agency It begins in the latter years of the 19th century with the concert and theatrical manager Narciso Vert for whom both Ibbs and Tillett worked until his death in 1905 The story then becomes a history of musical life in twentieth century Britain illuminating aspects of the day to day management of concerts and festivals the lives and livelihoods of professional musicians as well as those who strove to join their ranks through audition or recommendation The changing profile and particularly the onset and development of personal management of artists represented by Ibbs and Tillett and their reception in the press can be viewed as a barometer of musical taste The demise of the agency in 1990 was indicative of just how much the world of British music had changed by the end of the century but despite its loss to the profession the legacy and influence of Ibbs and Tillett has remained a benchmark in today's highly competitive world of artist management and concert promotion many of whose principal operators began
