Future Multilateralism:

The Future of Multilateralism Madeleine O. Hosli, Taylor Garrett, Sonja Niedecken, Nicolas Verbeek, 2021-07-29 The Future of Multilateralism addresses current challenges and future perspectives of international and regional organizations. It aims to uncover how stable the foundations of global cooperation really are, particularly in the light of the latest unilateral and protectionist practices of international players and challenges related to COVID 19. The post World War II global order was built on the foundations of multilateral cooperation. The establishment of international institutions is aimed at avoiding another widespread collision like the two World Wars and to ensure peace and prosperity. Hence the multilateral system was viewed as an effective mechanism in dealing and resolving various challenges at an international or a regional level. Given the effects of COVID 19 on the global regional state and individual levels are so recent, very little research has been conducted to understand the challenges many multilateral institutions are facing due to the pandemic. This book uncovers the future of such organizations and prospects for the multilateral system of which they constitute the building blocks in view of recent trends and developments.

Future Multilateralism Michael G. Schechter, 2016-07-27 The aim of this volume is to discuss the kinds of multilateralism that would be required to pursue some of the alternative projects of society, namely those which agree with some of the key normative commitments of the MUNS programme: non violent means for dealing with conflict, social equity, protection of the biosphere, diffusion of power among social groups and societies. The strategies identified here are both top down ie relying on conventional international institutions and bottom up ie involving a new multilateralism grounded in civil society.

Global Governance Futures Thomas G Weiss, Rorden Wilkinson, 2021-09-30 Global Governance Futures addresses the crucial importance of thinking through the future of global governance arrangements. It considers the prospects for the governance of world order approaching the middle of the twenty first century by exploring today's most pressing and enduring health, social, ecological, economic and political challenges. Each of the expert contributors considers the drivers of continuity and change within systems of governance and how actors, agents, mechanisms and resources are and could be mobilized. The aim is not merely to understand state, intergovernmental and non state actors. It is also to draw attention to those underappreciated aspects of global governance that push understanding beyond strictures of traditional conceptualizations and offer better insights into the future of world order. The book's three parts enable readers to appreciate better the sum of forces likely to shape world order in the near and not so near future. Planetary encompasses changes wrought by continuing human domination of the earth, war, current and future geopolitical, civilizational and regional contestations and life in and between urban and non urban environments. Divides includes threats to human rights, gains, the plight of migrants, those who have and those who do not, persistent racial, gender, religious and sexual orientation based discrimination and those who govern and those who are governed. Challenges involves food and health insecurities, ongoing environmental degradation and species loss, the current and future politics of international assistance and data and the

wrong turns taken in the control of illicit drugs and crime Designed to engage advanced undergraduate and graduate students in international relations organization law and political economy as well as a general audience this book invites readers to adopt both a backward and forward looking view of global governance It will spark discussion and debate as to how dystopic futures might be avoided and change agents mobilized

Multilateralism in the 21st Century Caroline Bouchard, John Peterson, Nathalie Tocci, 2013-08-15 This volume focuses on multilateralism in the 21st century and examines how and how effectively the EU delivers on its commitment to effective multilateralism Presenting results generated by MERCURY an EU research programme into multilateralism this book addresses a central research question does the EU deliver on its commitment to effective multilateralism Globalisation has created powerful new incentives for states to cooperate and has generated renewed interest in multilateralism While a large body of work exists on multilateralism as a concept it continues to be ill defined and poorly understood This book sheds new light on 21st century multilateralism by exploring conceptual approaches as well as generating innovative empirical knowledge on its practice Research on EU external relations has increasingly focused on the concept of effective multilateralism Yet the application of this concept as a guiding principle of EU foreign policy in non security policy areas has rarely been examined This book explores whether the EU is pursuing effective multilateralism in specific policy areas including trade climate change and conflict resolution and distinct geographical and institutional settings both internal to the EU and in specified regions international organisations IOs and bilateral partnerships This book offers evidence based actionable policy lessons from Europe s experience in promoting multilateralism The European Union and Multilateralism in the 21st Century will be of interest to students and scholars of international relations international organizations and European Union politics and foreign policy

The Future of Diplomacy After COVID-19 Hana Alhashimi, Andres Fiallo, Toni-Shae Freckleton, Mona Ali Khalil, Vahd Mulachela, Jonathan Viera, 2021-05-11 This book considers the impact of the COVID 19 pandemic on international diplomacy and the challenges and opportunities it presents for the future of multilateralism Global cooperation and solidarity are central to responding to and mitigating the health and socio economic effects of the COVID 19 pandemic yet to many this was slow to mobilize and lacking in political leadership This book takes a practical look at the lessons learned from the period spanning the World Health Organization's first declaration of a public health emergency of international concern in January 2020 to the commemoration of the 75th Anniversary of the United Nations in October 2020 This timespan covers a critical period in which to consider key areas of diplomacy covering a range of tools of global cooperation multilateral diplomacy the rule of law sustainable development economics and financing digital governance and peace and security Each chapter in this book introduces readers to the current situation in their respective areas followed by a constructive consideration of lessons learned from the pandemic's impact on that field and key recommendations for the future The practical focus and future orientation is particularly important as the book injects pragmatism and guidance that will facilitate building back better in COVID response plans while creating space for continued focus on global commitments around sustainable development and the future of the UN Written by a team of authors who have worked directly in International Public Policy and the establishment of global agendas at the United Nations this book will be essential reading for professionals and policymakers involved in diplomatic roles as well as students and scholars interested in the future of international relations global governance and sustainable development **Innovation in Multilateralism** Michael G. Schechter, 2016-07-27 The chapters in this volume identify and assess the political process and bases of support for multilateralism in terms of the

shifting power relations in world politics institutional innovations in the United Nations and non UN multilateralisms They seek to answer the question What can and should be done to confront salient issues of the global problematic More specifically the essayists ask whether currently existing multilateral mechanisms are up to the challenge **The End of American World Order** Amitav Acharya, 2018-03-16 The age of Western hegemony is over Whether or not America itself declines or thrives under President Trump s leadership the post war liberal international order underpinned by US military economic and ideological primacy and supported by global institutions serving its power and purpose is coming to an end But what will take its place A Chinese world order A re constituted form of American hegemony A regionalized system of global cooperation including major and emerging powers In this updated and extended edition of his widely acclaimed book Amitav Acharya offers an incisive answer to this fundamental question While the US will remain a major force in world affairs he argues that it has lost the ability to shape world order after its own interests and image As a result the US will be one of a number of anchors including emerging powers regional forces and a concert of the old and new powers shaping a new world order Rejecting labels such as multipolar apolar or G Zero Acharya likens the emerging system to a multiplex theatre offering a choice of plots ideas directors power and action leadership under one roof Finally he reflects on the policies that the US emerging powers and regional actors must pursue to promote stability in this decentred but interdependent multiplex world Written by a leading scholar of the international relations of the non Western world and rising above partisan punditry this book represents a major contribution to debates over the post American era The New Dynamics of Multilateralism James P. Muldoon, Joann Fagot Aviel, Richard Reitano, 2018-04-19 This timely new book focuses on the various dynamics of contemporary multilateralism as it relates to global issues global governance and global institutions Invited authorities including academics business people and members of international groups contribute original essays on how multilateralism as an institution has been affected by globalization the rise of civil society and global business emerging economic and political conditions and new threats to peace and security in the world Emphasizing practical applications over theoretical foundations The New Dynamics of Multilateralism helps students understand how the practice of multilateral diplomacy has been influenced by the changes in the processes and procedures of international organizations and the role of multilateralism in the transformation of the international system of governance and the transition to an emerging new global order

Multilateralism Under Challenge: Power, International Order, And Structural Change Edward Newman, Ramesh Thakur And John Triman, *Multilateralism Past, Present and Future* Mario Telò, 2023-05-31 This book offers an important chronological perspective on the evolution of multilateralism within Europe and beyond It provides a critical reconstruction of the history of the idea and praxis of peaceful global governance a comparative analysis of regional multilateral organisations and a discussion about concrete trends and perspectives of a new multilateralism against the challenging context of the current multipolar power politics Focusing on the changing European interplay with multilateralism from

Eurocentric cradle of civilian cooperation among sovereign imperial states to political dwarf after the two world wars and decolonisation and to potential co leader of a multilayered and multi actor cooperation within the current multipolar order it addresses a theoretical gap by fuelling the long recognised idealism v realism debate over international cooperation and institutionalisation with both historical and new empirical insights This book will be of key interest to scholars and students of European studies global governance multilateralism international organisations and more broadly international relations

Rethinking Global Governance Thomas G. Weiss, Rorden Wilkinson, 2019-07-12 Rethinking Global Governance casts fresh eyes upon a once poignant but now languishing concept Its purpose is to disrupt the simple association between global governance and the actions and activities of international organizations in the post Cold War era and to focus instead on a set of questions that probe the intricate and multifaceted manner in which the world is governed The book moves beyond the ubiquity and imprecision that has plagued the term and offers an intellectual framework with the potential to improve both thinking and practice Building on the analytical insights of two of the leading scholars in the field Rethinking Global Governance provides an antidote to simplistic usage and an authoritative yet readable attempt to grasp the governance of our globe past present and future

Globalization, Democratization and Multilateralism Stephen Gill, 2016-07-27 Globalization involves structural changes in forms of state society and culture ecology and political economy and in ethics and expectations In this collection globalization and multilateralism are linked to questions of epistemology ontology and strategy Epistemology entails critical questioning of the nature of knowledge and its foundations Ontology concerns the significant factors in global political economy Strategy involves how to move world affairs from its present condition towards normative goals enunciated in the MUNS programme so as to promote collective ability to channel structural change in a more democratic direction

Multilateralism and the World Trade Organisation Rorden Wilkinson, 2006-04-10 This book explores the significance of the establishment of the World Trade Organisation WTO as well as some of the issues brought into sharper focus by the Seattle demonstrations of 1999 Located within the broader study of global governance Multilateralism and the World Trade Organisation offers a critical examination of the legal framework of the WTO The book uncovers a series of discriminatory practices embedded in the WTO s legal framework which act to the disadvantage of smaller developing and transitional states

Globalism and the New Regionalism Osvaldo Sunkel, András Inotai, 2016-07-27 This is the first of five volumes reporting on the UNU WIDER study on New Regionalism It deals with the conceptions and meanings of two processes which probably will have a crucial influence on the shape of the new world order globalization and regionalization These studies relate to each other as challenge to response globalization being the challenge of economic and cultural homogenization of the world and regionalization being a social and political reaction The leading writers in the field contribute thought provoking and fascinating articles to this volume

State, Globalization and Multilateralism Mario Telò, 2012-02-16 This volume presents a reconsideration of the concepts of State and political power within the

evolving multilateral network of cooperation and conflict By means of an innovating research strategy it explains state resilience within global governance while deepening the obsolescence of the traditional sovereign state concepts including by emerging powers Rather than considering the EU as an isolated case study the book considers the EU as both a reference and a proactive player which fosters a new research agenda both for comparative studies and political theory Lastly in view of the currently emergent unprecedented and asymmetrical multi polar world it considers the need for a new research agenda on multilateralism Shaping the Culture of Peace in a Multilateral World Patrick Petit, 2017-07-05 As the world faces a multitude of complexly interwoven challenges new values and new worldviews are emerging to change the ways in which human beings relate to each other to our planet and to all life on Earth In today's globalized world humanity is becoming inescapably aware that coexistence cooperation and respect for diversity are fundamental values by which all of us must live These essential human values which apply in all individual and societal relationships are likewise intrinsic to a culture of peace a way of living that will allow a harmonious multifaceted global civilization to blossom Central to this volume is a belief that in an interdependent world collective decision making for the collective good is the most effective way to move forward In order to respect the balance among cultures and nations decisions that have a global impact must be taken multilaterally No culture can achieve and maintain its international objectives by acting unilaterally nor can any nation or cultural group claim to represent the whole of humanity Shaping the Culture of Peace in a Multilateral World compiles prominent visionary articles from United Nations institutions and regional and other intergovernmental organizations and highlights the contributions being made to the creation of a culture of peace It aims to strengthen multilateral cooperation among intergovernmental organizations worldwide and to facilitate the formation of a global network of multilateral mechanisms which will provide collective and holistic responses to the peace and security challenges of the 21st century Shaping the Culture of Peace in a Multilateral World is in itself a true example of multilateralism and a publication treasure for people who are active or interested in international diplomacy and international affairs
