**An Extraordinary Year of Ordinary Days** Susan Wittig Albert, 2010-06-04 From Eudora Welty's memoir of childhood to May Sarton's reflections on her seventieth year, writers' journals offer an irresistible opportunity to join a creative thinker in musing on the events, whether in daily life or on a global scale, that shape our lives. In *An Extraordinary Year of Ordinary Days*, best-selling mystery novelist Susan Wittig Albert invites us to revisit one of the most tumultuous years in recent memory, 2008, through the lens of 365 ordinary days in which her reading, writing, and thinking about issues in the wider world, from wars and economic recession to climate change, caused her to reconsider and reshape daily practices in her personal life. Albert's journal provides an engaging account of how the business of being a successful working writer blends with her rural life in the Texas Hill Country and the Sangre de Cristo Mountains of New Mexico. As her eclectic daily reading ranges across topics from economics, food production, and oil and energy policy to poetry, place, and the writing life, Albert becomes increasingly concerned about the natural world and the threats facing it, especially climate change and resource depletion. Asking herself, "What does it mean? And what ought I do about it?" she determines practical steps to take, such as growing more food in her garden, and also helps us, as readers, make sense of these issues and consider what our own responses might be.

Wilderness Tales Diana Fuss, 2023-02-28 A dazzling collection of short stories about North American outdoor life, both classic and contemporary, from James Fenimore Cooper and Jack London to Margaret Atwood and Anthony Doerr and many more. The North American landscape, in its rich and rugged variety, has inspired an equally wide and deep range of fiction over the past centuries. Diana Fuss has gathered a rich collection of timeless classics and contemporary discoveries, summoning up our close and imagined encounters with all things wild. From the nineteenth century's Washington Irving, Rip Van Winkle, to the twenty-first century's Ted Chiang, *The Great Silence*, a panoramic view of wilderness fiction, from Gothic tales of mystery and suspense, *The Heroic Slave* by Frederick Douglass, to tales of danger and survival, *Walking Out* by David Quammen, from modern tales of retreat and solitude, *Happiness* by Ron Carlson, to never-before-told tales of our new reality of environment and extinction, the river by Adrienne Maree Brown, these are stories that reveal the many ways in which the American literary landscape has shaped and is shaped by our conceptions of the wild. Diana Fuss nimbly shows, in her introductory text and commentary throughout, the development of the wilderness story from its emergence in the work of Nathaniel Hawthorne, Young Goodman Brown, and James Fenimore Cooper, *A Panther Tale*, to the height of its popularity in the stories of Jack London, *To Build a Fire*, to the environmentally conscious writing of T. C. Boyle, *After the Plague*, and Karen Russell, *St. Lucy's Home for Girls Raised by Wolves*. Among those whose work appears in the collection: Wallace Stegner, Annie Proulx, Ambrose Bierce, Ernest Hemingway, William Faulkner, L. Frank Baum, Margaret Atwood, Tommy Orange, Walter Van Tilburg Clark, and Ray Bradbury.
