**The Fundamentals of Christianity** Henry Clay Vedder, 1923      THEOLOGY FOR EVERYONE William Swan Plumer, 2025-05-30 Even though William S Plumer was known in the American Presbyterian community as an intellectual and a very fine theologian he was given grace from God to exercise an astounding ability to write on profound subjects using the everyman's language plain and clear in order to make known the Word of God to everyone This book presents in a rather telegraphic manner though not in a simplistic way all the fundamentals doctrines of the Christian faith focusing on the essentials that could help anyone know the Lord and be saved The average Christian will no doubt treasure this book as he she will thus have access to a compendium of theology concentrating in only two hundred pages the essential teachings of the Christian faith It is interesting to notice that even those believers with rich biblical knowledge have come to treasure Plumer's book and this is because they themselves need to come down from time to time from studying those deeper and more complicated doctrines of Christianity to refresh themselves in the fundamentals of the Gospel and to return to the cross of Christ whenever the temptation of intellectualism reaches their souls This book has been originally published in 1875 under the title *Theology for Everyone* Biblical Doctrine Plainly Stated The current edition has been proofread typeset for eBook readers and slightly updated for modern readers      *Fundamentals of the Faith* Peter Kreeft, 1988 A collection of essays in which Peter Kreeft examines the fundamental elements of Christianity and Catholicism and their relation to everyday life      The Fundamentals of Christianity a Study of the Teaching of Jesus and Paul (Classic Reprint) Henry C. Vedder, 2017-12-26 Excerpt from *The Fundamentals of Christianity a Study of the Teaching of Jesus and Paul* This book will not attempt formal proof of the foregoing propositions They will only incidentally and almost accidentally furnish subject of discussion They are the fundamental data on which the entire discussion proceeds so nearly axiomatic in the author's view that the mere statement of them should secure hearty assent from the thoughtful Christian reader Indeed his fear is that more readers will pronounce them truisms than untruths But it is only fair to give warning that any reader who seriously dissents from them will do well to lay the book aside at this point as it would probably be pure waste of time and mental energy for him to read further For if these fundamentals are untrue or even doubtful the following pages are worthless About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an

*The Fundamentals of Christianity a Study of the Teaching of Jesus and Paul* Henry C. Vedder, 2015-06-14

Excerpt from *The Fundamentals of Christianity a Study of the Teaching of Jesus and Paul* The specific sources for the writing of such a book as this are of course the Gospels for the teaching of Jesus and the Epistles of Paul for the teaching of the apostle But we cannot understand these without taking into account the whole literature of the Hebrew people of which these writings are an inseparable part Though the modern Jew refuses to recognize the later collection of writings known to us as the New Testament he cannot deny that it is as Jewish as the older collection The apostles may have been apostate Jews but they were certainly Jews Only a single gentile writer so far as we know contributed aught to the New Testament and even Luke was Jew by conviction if not Jew by birth These writings are without exception deeply imbued with the spirit of the people who produced them and of the times in which they were composed Jew and Christian are agreed in regarding them as a divine revelation though the Jew of course would deny this character to the later collection but all intelligent people of both religions have come to recognize in these books a human element as well as a divine They were not handed down from heaven or even dictated by God to human amanuenses but composed under the guidance of the divine Spirit by men who had the limitations of other men The writers were not of a uniform grade of mentality or spiritual insight and so great differences are discernible in the writings in particular the older books give us a different ideal of God and teach different ethics from the later Men can no longer shut their eyes to this fact the wonder is that for ages they were able so completely to ignore it
