Degrees of Freedom Rebecca J. Scott, 2009-06-30 As Louisiana and Cuba emerged from slavery in the late nineteenth century, each faced the question of what rights former slaves could claim. *Degrees of Freedom* compares and contrasts these two societies in which slavery was destroyed by war and citizenship was redefined through social and political upheaval. Both Louisiana and Cuba were rich in sugar plantations that depended on an enslaved labor force. After abolition on both sides of the Gulf of Mexico, ordinary people—cane cutters and cigar workers, laundresses and labor organizers—forged alliances to protect and expand the freedoms they had won. But by the beginning of the twentieth century, Louisiana and Cuba diverged sharply in the meanings attributed to race and color in public life and in the boundaries placed on citizenship. Louisiana had taken the path of disenfranchisement and state-mandated racial segregation; Cuba had enacted universal manhood suffrage and had seen the emergence of a transracial conception of the nation. What might explain these differences? Moving through the cane fields, small farms, and cities of Louisiana and Cuba, Rebecca Scott skillfully observes the people, places, legislation, and leadership that shaped how these societies adjusted to the abolition of slavery. The two distinctive worlds also come together as Cuban exiles take refuge in New Orleans in the 1880s and black soldiers from Louisiana garrison small towns in eastern Cuba during the 1899 U.S. military occupation. Crafting her narrative from the words and deeds of the actors themselves, Scott brings to life the historical drama of race and citizenship in postemancipation societies.

The Will to Freedom John Neville Figgis, 1917

Plateaus of Freedom Mark Kristmanson, 2003-12-15

Canadians are not accustomed to thinking of censorship, secret intelligence, and propaganda as a single entity. Much less do they consider that these covertly militaristic activities have anything to do with culture. So writes Mark Kristmanson in this

important study of the intertwining activities and careers of those involved in Canada's security agencies and in the state sanctioned culture industry during the height of the Cold War. The connections between secret intelligence and culture might appear to be merely coincidental. Both the spies and the arts people worked with words with symbols and hidden meanings with ideas. They had regular informal luncheons together in Ottawa. Some members of the intelligence community even found careers in the arts. Less than a decade after defecting the Russian Igor Gouzenko wrote a pulp fiction Cold War spy novel for which he received a Governor General's award. And Peter Dwyer, Britain's top security official in North America during World War II, was a playwright who after the war worked in Canada's intelligence community before drafting the founding for the Canada Council and becoming its first director. But *Plateaus of Freedom* details much more than a casual relationship between security and the arts. As Kristmanson demonstrates, the censorship intelligence propaganda complex that proliferated in Canada after World War II played a counterpoint between national culture and state security with the result that freedom, especially intellectual freedom, plateaued on the principle of nationality. The security and cultural policy measures examined here, from the RCMP investigations at the National Film Board that led to numerous firings to the harassment of the extraordinary African American singer and Soviet sympathizer Paul Robeson, attest to the fragility and the enduring power of art to effect social change.

On the Road to Freedom Charles E. Cobb Jr., 2008-01-15. This in depth look at the civil rights movement goes to the places where pioneers of the movement marched, sat in at lunch counters, gathered in churches where they spoke, taught and organized where they were arrested where they lost their lives and where they triumphed. Award winning journalist Charles E. Cobb Jr., a former organizer and field secretary for SNCC Student Nonviolent Coordinating Committee, knows the journey intimately. He guides us through Washington D.C., Maryland, Virginia, North Carolina, South Carolina, Georgia, Alabama, Mississippi and Tennessee back to the real grassroots of the movement. He pays tribute not only to the men and women etched into our national memory but to local people whose seemingly small contributions made an impact. We go inside the organizations that framed the movement, travel on the Freedom Rides of 1961 and hear first person accounts about the events that inspired Brown vs. Board of Education. An essential piece of American history, this is also a useful travel guide with maps, photographs and sidebars of background, history, newspaper coverage and firsthand interviews.
