Futile Peace:

The Endless Quest for Israeli-Palestinian Peace Robert Serry, 2016-12-07 In this book a former United Nations Envoy offers an insider perspective on conflict management and peace efforts during the three most recent failed peace initiatives and three wars in Gaza Robert Serry shares his reflections on walking the tight rope of diplomacy between Israel and Palestine and his analysis of what has gone wrong and why a one state reality may be around the corner Offering fresh thinking on how to preserve prospects for a two state solution this book examines the UN s uneasy history in the Arab Israeli conflict since partition was proposed in resolution 181 1948 and provides a rare insight into the life of a United Nations Envoy in today s Middle East

Futile Diplomacy Neil Caplan, 2013-10-23 These two volumes provide a careful and balanced behind the scenes account of the intricate diplomatic activity of the period between the first and second Arab Israeli wars Exploiting a range of available archive sources as well as extensive secondary sources they provide an authoritative analysis of the positions and strategies which the principal parties and the would be mediators adopted in the elusive search for a stable peace The author examines the recurring deadlocks in terms of the motives and calculations of the various parties and reveals how new incentives of pressures offered by outsiders proved incapable of reversing the serious deterioration of Arab Israeli relations as the region headed for war at Suez The text of each volume comprises both analytical historical chapters and a selection of primary documents from archival sources
