Autoworkers Under the Gun Gregg Shotwell, 2012-02-14 The veteran autoworker and author of the pro labor newsletter *Live Bait Ammo* offers a blow by blow analysis of workers rights under attack Greg Shotwell was a machine operator at General Motors Delphi division during its tragic spinoff from GM and eventual bankruptcy He watched from a front row seat as the United Auto Workers Union collaborated with antilabor policies that led to plant closings and cuts to wages and benefits A dissident member of the UAW Shotwell made a name for himself chronicling the outrages and absurdities of corporate managers and corrupt union leaders in his popular shop floor newsletter *Live Bait Ammo* *Autoworkers Under the*

Gun collects Shotwell's essential writings during that fateful period. These LB A fliers quickly grew legs of their own distributed by rank and file workers in auto plants across the United States and cited by industry analysts. Spanning a decade of autoworker resistance, this body of work stands as a call to action for a new generation of workers coming of age in recession-ravaged America.

Future-proof Your Child for the 2020s and Beyond Nikki Bush, Graeme Codrington, 2019-08-01 Mommy Daddy, what should I be when I grow up? This is the question every child asks when they begin to develop a sense of the future, and it's never been harder for parents to answer it than now. This century is characterised by disruptive change that is turning our world upside down. Jobs aren't just changing, but whole industries are ceasing to exist. The scripts for success and failure are being rewritten on a daily basis in our families, at work, and in life. Do parents know who and what their children need to be? Let alone what they might be able to do in the future world of work? This book doesn't just paint a picture of what the future might hold, but provides frameworks and practical advice for what parents can do today in order to build solid foundations for their children in order to maximise their chances of success. Children who are equipped with the right skill sets, attitudes, and world views will remain relevant and able to take advantage of future opportunities. Aimed primarily at anyone involved in raising children from birth to age twelve, including grandparents, educators, support teams, and extended family, it is also an insightful handbook for those with teens. Future-proof Your Child for the 2020s and Beyond is an invaluable guide for parents who wish to create realistic and relevant parenting goals that will set their children up to thrive, no matter what awaits them in the future.
