Malaspina, 2018-10-04 This Open Access book is an excellent synthesis of the initial and continuing preparation for
Mathematics Teaching in Bolivia Ecuador Paraguay and Peru from which comparative analyses can be made that show
similarities and differences and highlight various perspectives In February 2016 the 5th Capacity and Networking Project

of this two week workshop was undertaken by an international scientific committee IPC with equal participation by
mathematicians and mathematics educators from the region and from the international ICMI and IMU community The goal of
CANP5 was to improve the quality of mathematics education in the region which led to the main theme of the scientific
program Initial and Continued Teacher Education Country Reports on the main theme of teacher education systems for each
country in this region were presented and discussed to detect common issues that might be improved through a collaborative
network One of the most important results of this event was the creation of a Mathematics Education Network namely the
Comunidad de Educaci n Matem tica de America del Sur CEMAS This book brings to the international Educational
Community an important collection of experiences and ideas in the Mathematics Education of four Latin American countries

Cabello-Tijerina, 2023-03-14 This book provides skills for therapists and families to help improve interpersonal

communication promoting a new system of family coexistence and a refreshed concept of the modern marriage in society. Written from a constructivist peace perspective the book's aim is to reduce the high statistics of intimate partner violence that occurs in Mexico arguing that the culture of peace and how it is born in the family in turn affects society for better or for worse. Based upon interviews from 150 long term married couples the chapters address the components that promote peaceful dialogue in marriages such as assertive language active listening tolerance to frustration and gender perspectives. Including accessible language and several models of peace the book uniquely examines same sex marriages the role of children in marriage conflicts and prescribed gender assumptions and roles in relationships. It aims to empower family members to move away from old habits and seek a more equitable existence in marriages and society at large. This interdisciplinary text will be of great interest to family therapists and clinical social workers as well as to students and researchers in communication and peace studies.

Acceso, promoción y permanencia de niños, niñas y adolescentes migrantes en el sistema educativo colombiano

Ruiz Mancera, Silvia, Ramírez Bolívar, Lucía, Roza Ángel, Valentina, 2020-03-10. Los niños y adolescentes son reconocidos como sujetos de especial protección y sus derechos deben prevalecer sobre los de las demás personas. En el caso de los niños y adolescentes migrantes la garantía del derecho a la educación es fundamental pues aparte de ser primordial para alcanzar el pleno desarrollo personal es una herramienta para asegurar la igualdad de oportunidades reconstruir vidas y crear una comunidad en el lugar de llegada. Los esfuerzos que el Gobierno colombiano ha adelantado para garantizar este derecho han permitido que miles de niños y adolescentes provenientes de Venezuela hayan ingresado al sistema educativo. Sin embargo a nivel territorial aún existen circunstancias que limitan el impacto de las medidas adoptadas por el Gobierno para facilitar el acceso de esta población al sistema educativo y su promoción dentro de este. Asimismo hay factores estructurales que afectan su permanencia en la escuela y que se agravan por situaciones como la ausencia de un estatus migratorio regular la xenofobia y las diferencias curriculares que pueden empujarlos a abandonar sus estudios. Con el objetivo de identificar las barreras que en la práctica limitan el acceso promoción y permanencia de los niños y adolescentes migrantes en el sistema educativo colombiano. Dejusticia con el apoyo de Unicef adelantó una investigación cualitativa que incluyó un diagnóstico en once municipios que han recibido números importantes de niños y adolescentes migrantes y que tienen diferentes niveles de capacidad institucional. Este documento presenta las barreras identificadas durante la investigación las cuales son analizadas en el marco de los estándares del derecho a la educación y de la respuesta del Estado colombiano para garantizarlo. A partir de los hallazgos y el análisis el texto propone cinco recomendaciones de política pública dirigidas a diferentes instituciones de los niveles nacional y local que esperamos contribuyan a que el Gobierno avance y consolide los esfuerzos adelantados hasta ahora para la garantía del derecho fundamental a la educación de los niños y adolescentes migrantes en Colombia.
