Though I had never seen so bad a halter-puller before, I determined to put a bold front on the matter, and pass for all I was worth.

In forming a class, I told the people they were to distinctly understand if I could not control the mare in two

It now became important for them to defeat me, and for me, if possible, to succeed. The Improved System of Educating the Horse Robert L. Snapp, 1877 **An Improved System of Educating the Horse** R. M. Gilbert, 1875 Horse Tricks Featuring Dr. Sutherland's System of Educating the Horse (Annotated) Together with "A Handful of Feats" Keith Hosman, G.H. Sutherland, M.D., 2012-08-28

Old doesn't mean out dated Annotated With 5 original chapters plus Addendum by Keith Hosman NOTE The free or cheap copies of Dr Sutherland's System of Educating the Horse found elsewhere online are poorly scanned in blurry and very difficult to read The material you'll find here in my book has been reformatted for the modern era More importantly I've annotated the material added comments and included 6 additional chapters written by myself Check out the Table of Contents below This book brings together public domain material written by G H Sutherland MD and by me Keith Hosman It is published in two sections The first is a collection of dozens of tricks you can teach your horse and was written in 1861 by Dr Sutherland The second contains five feats I put to paper after finding them to be quite popular at my clinics You will also find a fix for horses that bite should they get nippy following some of the training which calls for the horse to pick objects up with its mouth and the like I have annotated Dr Sutherland's work That's a fancy way of saying that I read through his material then added comment to each chapter based on personal experiences modern thinking and techniques Know that while they may be short each observation or insight was placed with care each can make big changes fast somewhere in your training I daresay you just might recoup the cost of this book somewhere in that sea of italicized notes Still why should you lay down your hard earned cash for a horse training book written generations ago Because author G H Sutherland could train horses to do tricks that you'd like to learn and when something works it works Besides in all this time what's really changed It's still a human using the same simple tools to teach a horse to do the same maneuvers
