### **Intercultural Approaches to Education**

Abdeljalil Akkari, Myriam Radhouane, 2022-02-28 This open access book provides an analysis of contemporary societies and schools shaped by cultural diversity, globalization, and migration. This diversity is necessarily reflected in education systems and requires the promotion of intercultural approaches able to improve learning processes and the quality of education. From an international and comparative perspective, this book first presents theoretical and conceptual foundations for seriously considering cultural diversity. The book also compares intercultural approaches and debates generated in countries as diverse as the United States, Canada, Brazil, Switzerland, and France. For each national context, the book addresses both the historical roots of intercultural approaches and the concrete initiatives driven by educational policies for their implementation in schools and classrooms. Finally, the book presents discussions surrounding the treatment of linguistic or religious diversity in schools, the emergence of global citizenship education, and the key role of teachers in intercultural approaches.

Les approches interculturelles en éducation : entre théorie et pratique Abdeljalil Akkari, 2019-08-22T00:00:00-04:00 Une diversité culturelle croissante caractérise nos sociétés contemporaines façonnées par la mondialisation et les migrations. Cette diversité se reflète fortement dans les systèmes éducatifs et exige l'introduction d'approches interculturelles de l'éducation susceptibles d'améliorer les processus d'apprentissage et la qualité de l'éducation à partir d'une perspective relevant internationale et comparative. Cet ouvrage présente dans un premier temps les fondements théoriques et conceptuels de la prise en compte de la diversité culturelle à l'école. Ensuite, il s'attache à l'analyse des approches interculturelles et des débats qu'elles suscitent dans des pays aussi divers que les États-Unis, le Canada, le Brésil, la Suisse et la France. Pour chaque contexte national, l'ouvrage aborde aussi bien les racines historiques des approches interculturelles que les initiatives concrètes impulsées par les politiques éducatives pour leur rationalisation dans les écoles et les classes. Enfin, l'ouvrage expose les discussions entourant le traitement de la diversité linguistique ou religieuse à l'école, la mise en œuvre de l'éducation à la citoyenneté mondiale et la place déterminante des enseignants dans les approches interculturelles.
