Teaching Character and Virtue in Schools James Arthur,Kristján Kristjánsson,Tom Harrison,Wouter Sanderse,Daniel Wright,2016-07-15 Teaching Character and Virtue in Schools addresses the contemporary issues of quantification and measurement in educational settings The authors draw on the research of the Jubilee Centre at the University of Birmingham in order to investigate the concern that the conventional wisdom sound judgement and professional discretion of teachers is being diminished and control mistakenly given over to administrators policymakers and inspectors which in turn is negatively effecting pupils character development The books calls for subject competence to be complemented by practical wisdom and good character in teaching staff It posits that the constituent virtues of good character can be learned and taught that education is an intrinsically moral enterprise and that character education should be intentional organised and reflective The book draws on the Jubilee Centre s expertise in support of its claims and successfully integrates the fields of educational studies psychology sociology philosophy and theology in its examination of contemporary educational practices and their wider effect on society as a whole It offers sample lessons as well as a framework for character education in schools The book encourages the view that character education is about helping students grasp what is ethically important and how to act for the right reasons so that they can become more autonomous and reflective individuals within the framework of a democratic society Particularly interested readers will be educational leaders teachers those undertaking research in the field of education as well as policy analysts with a keen interest in developing the character and good sense of learners today

Encyclopedia of Education and Human Development Stephen J. Farenga,Daniel Ness,2015-07-17 This comprehensive and exhaustive reference work on the subject of education from the primary grades through higher education combines educational theory with practice making it a unique contribution to the educational reference market Issues related to human development and learning are examined by individuals whose specializations are in diverse areas including education psychology sociology philosophy law and medicine The book focuses on important themes in education and human development Authors consider each entry from the perspective of its social and

political conditions as well as historical underpinnings The book also explores the people whose contributions have played a seminal role in the shaping of educational ideas institutions and organizations and includes entries on these institutions and organizations This work integrates numerous theoretical frameworks with field based applications from many areas in educational research

International Research Handbook on Values Education and Student Wellbeing Terence Lovat, Ron Toomey, Neville Clement, 2010-08-05 Informed by the most up to date research from around the world as well as examples of good practice this handbook analyzes values education in the context of a range of school based measures associated with student wellbeing These include social emotional moral and spiritual growth elements that seem to be present where intellectual advancement and academic achievement are being maximized This text comes as values education widens in scope from being concerned with morality ethics civics and citizenship to a broader definition synonymous with a holistic approach to education in general This expanded purview is frequently described as pedagogy relating to values and wellbeing This contemporary understanding of values education or values and wellbeing pedagogy fits well with recent neuroscience research This has shown that notions of cognition or intellect are far more intertwined with social and emotional growth than earlier educational paradigms have allowed for In other words the best laid plans about the technical aspects of pedagogy are bound to fail unless the growth of the whole person social emotional moral spiritual and intellectual is the pedagogical target Teachers and educationalists will find that this handbook provides evidence culled from both research and practice of the beneficial effects of such a values and wellbeing pedagogy

Narnian Virtues Mark Pike, Thomas Lickona, 2021-01-01 In this engaging and practical book Mark Pike and Thomas Lickona show how C S Lewis wisdom for nurturing good character and his much loved Chronicles of Narnia inspire us to virtue Drawing upon the Judeo Christian virtues of faith hope and love and Narnian virtues such as courage integrity and wisdom they present an approach to contemporary character education validated by recent research An introduction to C S Lewis thought on character and faith is followed by practical examples of how to use well known passages from the Narnia novels as a stimulus for rich character development at home and in the classroom

The Routledge International Handbook of Education, Religion and Values James Arthur, Terence Lovat, 2013-08-21 The academic fields of religion and values have become the focus of renewed interest in contemporary thinking about human activity and its motivations The Routledge International Handbook of Education Religion and Values explores and expands upon a range of international research related to this revival The book provides an authoritative overview of global issues in religion and values surveying the state of the academic area in contributions covering a wide range of topics It includes emerging controversial and cutting edge contributions as well as investigations into more established areas International authorities Arthur and Lovat have brought together experts from across the world to examine the complexity of the field of study The handbook is organised around four key topics which focus on both the importance of religion and values as broad fields of human enquiry as well as in their

application to education inter agency work and cross cultural endeavours The Conceptual World of Religion and Values Religion and Values in Education Religion and Values in Inter agency Work Religion and Values in Cross cultural Work This comprehensive reference work combines theoretical and empirical research of international significance and will be valuable reading for students researchers and academics in the field of education **Flourishing as the Aim of Education** Kristján Kristjánsson,2019-06-11 This book develops a conception of student flourishing as the overarching aim of education Taking as its basis the Aristotelian concept of eudaimonia it provides a theoretical study of the foundations of flourishing that goes well beyond Aristotle s approach Flourishing as the Aim of Education argues that the good life of the student to which education should contribute must involve engagement with self transcendent ideals and ignite awe filled enchantment It allows for social individual and educational variance within the concept of flourishing and it engages with a host of socio political as well as spiritual issues that are often overlooked in literature discussing character education Each chapter closes with food for thought for practitioners who can directly facilitate student flourishing An outgrowth of the author s previous monograph Aristotelian Character Education this book follows new directions in questioning how to educate young people towards a life of overall flourishing It will be of great interest to researchers academics and post graduate students in the fields of character education moral education and moral philosophy as well as to educators and policy makers
