## **Education For Life:**

*Education for Life* J. Donald Walters, 1997-06-15 Here is a constructive alternative to modern education The author stresses spiritual values and helping children grow toward full maturity learning not only facts but also innovative principles for better living This book is the basis for the Living Wisdom schools and the Education for Life Foundation which trains teachers parents and educators Encouraging parents and educators to see children through their soul qualities this unique system promises to be a much needed breath of fresh air      Life and Moral Education in Greater China John Chi-Kin Lee, Stephen Yam-wing Yip, Raymond Ho-Man Kong, 2021-03-30 Arguing for life moral and values education as a bedrock for the original goals of school education this monograph explores how life and values education is conceptualised and imparted in Greater China Under a globalized transnational and technological world where there has been an increase in people's mobility in information and cultural exchanges there is also a growing emphasis on personal and professional ethics Against this context life moral and values education has gained attention for its impact on shaping students' characters as future citizens However the cultivation of these values is made deeply diversified and complex by varying interpretations of life education and values education across societies given that different societies are influenced by different socio cultural traditions educational ideologies and religious beliefs The means and approaches towards life education also vary vastly from formal school subjects school based programmes as well as teachers and peers role modelling community services extra curricular activities school discipline charity work pastoral care and school ethos Recognising this inherent diversity and complexity in the approach to and the dissemination of life education the contributors to this volume survey the practice of life education in Greater China so far suggesting that life education is most effective when it is diversified dynamic and developmental across contexts This book will provide the opportunity for engaging in important and serious debates about the future and the values that will underpin it and will prove of special interest to scholars and practitioners working on education policies curriculum development and teacher education in Greater China      Family Life Education Stephen F. Duncan, H. Wallace Goddard, 2011 Drawing on the best scholarship and their own years of professional experience the authors of this thoroughly updated edition begin by discussing the foundations of family life education and encourage readers to develop their own outreach philosophies The book then helps readers learn principles and methods for reaching out to the public and how to form and use community collaborations and use principles of social marketing to promote programs The Second Edition contains five new chapters on education for personal well being marriage and relationship education parenting education sexuality education and narratives of family life educators The authors' practical hands on experience is used to demonstrate how readers can put principles from the latest and best scholarship into action and reinforced with the Interactive Explorations sections throughout      **Life Skills Education for Youth** Joan DeJaeghere, Erin Murphy-Graham, 2021-11-23 This open access volume critically reviews a diverse body of scholarship and practice that

informs the conceptualization curriculum teaching and measurement of life skills in education settings around the world It discusses life skills as they are implemented in schools and non formal education providing both qualitative and quantitative evidence of when with whom and how life skills do or do not impact young women s and men s lives in various contexts Specifically it examines the nature and importance of life skills and how they are taught It looks at the synergies and differences between life skills educational programmes and the way in which they promote social and emotional learning vocational employment education and health and sexuality education Finally it explores how life skills may be better incorporated into education and how such education can address structures and relations of power to help youth achieve desired future outcomes and goals set out in the Sustainable Development Goals SDGs Life skills education has gained considerable attention by education policymakers researchers and educators as being the sine qua non for later achievements in life It is nearly ubiquitous in global and national education policies including the SDGs because life skills are regarded as essential for a diverse set of purposes reducing poverty achieving gender equality promoting economic growth addressing climate change fostering peace and global citizenship and creating sustainable and healthy communities Yet to achieve these broad goals questions persist as to which life skills are important who needs to learn them how they can be taught and how they are best measured This book addresses these questions School and Home Education ,1910 **1949**
