Aziabah, 2018-07-09 This book comprises six main chapters and addresses the core research question How can the endurance of academic bias in Ghana's secondary education system be explained in the context of educational reform versus change of government concurrence Six sub questions have subsequently been derived from the core research question enabling a comprehensive and rigorous treatment of the subject matter of investigation The manuscript adopts an historical institutionalism approach combining path dependency with partisan theory in explicating structural persistence in the secondary school system in Ghana A case study methodological design procedure has been employed in the investigation of three episodes of educational reform anchored on qualitative content analysis as the main data reduction mechanism

Politics and Policy Making in Education Stephen J. Ball, 2012 Based on interviews with key actors in the policy making process this book maps the changes in education policy and policy making in the Thatcherite decade The focus of the book is the 1988 Education Reform Act its origins purposes and effects and it looks behind the scenes at the priorities of the politicians civil servants and government advisers who were influential in making changes Using direct quotations from senior civil servants and former secretaries of state it provides a fascinating insight into the way in which policy is made The

book focuses on real life political conflicts examining the way in which education policy was related to the ideal of society projected by Thatcherism It looks in detail at the New Right government advisers and think tanks the industrial lobby addressing issues such as the National Curriculum national testing and City Technical Colleges The author sets these important issues within a clear theoretical framework which illuminates the whole process of policy making **Evidence, Politics, and Education Policy** Lorraine M. McDonnell, M. Stephen Weatherford, 2021-02-01 In *Evidence Politics and Education Policy* political scientists Lorraine M McDonnell and M Stephen Weatherford provide an original analysis of evidence use in education policymaking to help scholars and advocates shape policy more effectively The book shows how multiple types of evidence are combined as elected officials and their staffs work with researchers advocates policy entrepreneurs and intermediary organizations to develop create and implement education policies *Evidence Politics and Education Policy* offers an in depth understanding of the political environment in which evidence is solicited and used Two key case studies inform the book's findings The primary case a major multimethod study examines the development and early implementation of the Common Core State Standards at the national level and in four states California Indiana Massachusetts and Tennessee A comparative case analyzes the evidence used in Congressional hearings over the twenty year history of the Children's Health Insurance Program Together the two cases illustrate the conditions under which different types of evidence are used and in particular how federalism the complexity of the policy problem and the policy's maturity shape evidence use McDonnell and Weatherford focus on three leverage points for strengthening the use of research evidence in education policy integrating research findings with value based policy ideas designing policies with incentives for research use built into their rules and organizational structures and training policy analysts to promote the use of research in policymaking venues *Politics, Education and Social Change* Agnieszka Gromkowska-Melosik, Inetta Nowosad, Aleksandra Boroń, Marzanna Farnicka, Marcin Gierczyk, 2025-01-20 The authors analyse macro level political decisions across various societies as well as individual actions and experiences to advocate for a more inclusive and effective education system capable of driving social change They consider relationships between politics education and social change in various contexts and dimensions The macro level of educational policy and politics is confronted with the micro realities of human biographies However the authors do not consider people who are influenced by political decisions as incapacitated mass Thus social change always results from these macro micro connections This interdisciplinary book includes themes related to political sciences education and sociology which resulted from the authors study of contemporary social and education phenomena It gives insight into interesting paradoxes and controversies *Politics and Educational Change* Patricia Broadfoot, Colin Brock, Witold Tulasiewicz, 2018-04-17 Published in 1981 Throughout the world education is a highly contentious political issue Politicians are involved in educational decision making at all levels and very often educational reform is as much motivated by political ideology as by educational considerations This book which draws together the work

of many leading authorities examines the current state of educational politics in many parts of the world The book looks at the problem from a theoretical and a comparative perspective and then analyses the problem in particular areas which include North America Western Europe and Third World countries **Educational Change and the Political Process**

issues of innovation teacher evaluation tensions between state and federal lawmakers over new reforms and testing and how to increase student achievement Chapter authors also provide suggestions for improving the political behaviors of key educational groups and individuals with the hope that an understanding of political goals governance processes and policy outcomes may contribute to ongoing school reform

The Politics of Curriculum Change Tony Becher, Stuart Maclure, 2024-09-30 Curriculum development occupied an increasingly important place on the educational scene in the mid 1960s foreshadowing much of the national debate initiated by the Prime Minister of Britain in late 1976 The agencies for development take different forms in different countries but the underlying issues are remarkably similar across the globe It is the basic framework common to all planned curriculum change which The Politics of Curriculum Change originally published in 1978 is concerned to bring into sharper focus A major consideration in embarking on or analysing any curriculum programme is the extent to which it reflects public concerns about education The notion of the public curriculum is a central strand in the authors argument It leads naturally into a discussion of mechanisms for control and development and the political acceptability of new proposals to teachers parents pupils and the public at large But curriculum change has its internal as well as its external politics These are reflected in the contrasting styles of development varied forms of evaluation and in the conflicting response of the profession both to change of the curriculum as a whole and to a piecemeal subject by subject approach The authors give these working aspects of curriculum development as careful attention as they afford to the larger issues of schooling in society All in all this book offers a view which has not hitherto been clearly articulated but which is essential to understanding what curriculum development is all about Its authors are in a good position to do this one had a particularly close involvement with the external and the other with the internal politics of development and they previously worked together on an international study of curriculum

Handbook of Research in the Social Foundations of Education Steven Tozer, Bernardo P. Gallegos, Annette Henry, Mary Bushnell Greiner, Paula Groves Price, 2011-07-05 This groundbreaking volume helps readers understand the history evolution and significance of this wide ranging often misunderstood and increasingly important field of study

The Politics of Education in Developing Countries Samuel Hickey, Naomi Hossain, 2019 This book focuses on how politics shapes the capacity and commitment of elites to tackle the learning crisis in six developing countries It deploys a new conceptual framework to show how the type of political settlement shapes the level of elite commitment and state capacity to improving learning outcomes
