

Economic Policy In The Carter Administration

JL Elias

Economic Policy In The Carter Administration:

Economic Policy in the Carter Administration Anthony S. Campagna, 1995 The Carter administration took office at an unfortunate time as far as economics is concerned The economy was floundering and the oil crisis and energy problems were all too prevalent The author explains that as Carter turned to fighting inflation he abandoned the traditional Democratic agenda and became a forerunner of Reagan In the end he did not conquer inflation but he did sacrifice his ambitious programs for restructuring government crafting a lasting energy program and reforming the tax structure welfare and health care

Jimmy Carter's Economy W. Carl Biven, 2003-10-16 The massive inflation and oil crisis of the 1970s damaged Jimmy Carter's presidency In *Jimmy Carter's Economy* Carl Biven traces how the Carter administration developed and implemented economic policy amid multiple crises and explores how a combination of factors beyond the administration's control came to dictate a new paradigm of Democratic Party politics Jimmy Carter inherited a deeply troubled economy Inflation had been on the rise since the Johnson years and the oil crisis Carter faced was the second oil price shock of the decade In addition a decline in worker productivity and a rise in competition from Germany and Japan compounded the nation's economic problems The resulting anti inflation policy that was forced on Carter included controlling public spending limiting the expansion of the welfare state and postponing popular tax cuts Moreover according to Biven Carter argued that the ambitious policies of the Great Society were no longer possible in an age of limits and that the Democratic Party must by economic necessity become more centrist

The Carter Presidency Gary M. Fink, Hugh Davis Graham, 1998 After the Nixon and Ford administrations liberal Democrats hoped Jimmy Carter's election in 1976 would restore the New Deal agenda in the White House Instead during four tumultuous years in office Carter endorsed many of the fiscal and economic policies later espoused by his Republican successor Ronald Reagan But Carter also backed most New Deal social programs and however reluctantly pursued a traditional containment foreign policy In this book more than a dozen eminent scholars provide a balanced overview of key elements of Carter's presidency examining the significance of his administration within the context of evolving American policy choices after World War II They seek not only to understand the troubled Carter presidency but also to identify the changes that precipitated and accompanied the demise of the New Deal order By the time Carter took office many Americans had become disenchanted with big government and welfare spending and his presidency is viewed in these pages as a transitional administration As this volume demonstrates Carter's dilemma emerged from his effort to steer a course between traditional expectations of federal government and new political and economic realities While most of the contributors agree that his administration may be justly criticized for failing to find that course they generally conclude that Carter was more successful than his critics acknowledge These thirteen original essays cover such topics as the economy trade and industrial policies welfare reform energy environment civil rights feminism and foreign policy They offer thoughtful assessments of Carter's performance focusing on policy both as cause and effect of the post industrial transformation of

American society that shadowed his administration A final essay shows how Carter's public spirited post presidential career has made him one of America's greatest ex presidents Grounded on research conducted at the Carter Library The Carter Presidency is an incisive reassessment of an isolated Democratic administration from the vantage point of twenty years It is a milestone in the historical appraisal of that administration inviting us to take a new look at Jimmy Carter and see what his presidency represented for a dramatically changing America *American Economic Policy in the 1980s* Martin

Feldstein,2007-12-01 Destined to become the standard guide to the economic policy of the United States during the Reagan era this book provides an authoritative record of the economic reforms of the 1980s In his introduction Martin Feldstein provides compelling analysis of policies with which he was closely involved as chairman of the Council of Economic Advisers during the Reagan administration monetary and exchange rate policy tax policy and budget issues Other leading economists and policymakers examine a variety of domestic and international issues including monetary and exchange rate policy regulation and antitrust as well as trade tax and budget policies The contributors to this volume are Alberto Alesina Phillip Areeda Elizabeth Bailey William F Baxter C Fred Bergsten James Burnley Geoffrey Carliner Christopher DeMuth Douglas W Elmendorf Thomas O Enders Martin Feldstein Jeffrey A Frankel Don Fullerton William M Isaac Paul L Joskow Paul Krugman Robert E Litan Russell B Long Michael Mussa William A Niskanen Roger G Noll Lionel H Olmer Rudolph Penner William Poole James M Poterba Harry M Reasoner William R Rhodes J David Richardson Charles Schultze Paula Stern David Stockman William Taylor James Tobin W Kip Viscusi Paul A Volcker Charles E Walker David A Wise and Richard G Woodbury

A Companion to Gerald R. Ford and Jimmy Carter Scott Kaufman,2015-12-21 With 30 historiographical essays by established and rising scholars this Companion is a comprehensive picture of the presidencies and legacies of Gerald Ford and Jimmy Carter Examines important national and international events during the 1970s as well as presidential initiatives crises and legislation Discusses the biography of each man before entering the White House his legacy and work after leaving office and the lives of Betty Ford Rosalynn Carter and their families Covers key themes and issues including Watergate and the pardon of Richard Nixon the Vietnam War neoconservatism and the rise of the New Right and the Iran hostage crisis Incorporates presidential diplomatic military economic social and cultural history Uses the most recent research and newly released documents from the two Presidential Libraries and the State Department [Guide to the Presidency and the Executive Branch](#) Michael Nelson,2012-08-13 This comprehensive two volume guide is the definitive source for researchers seeking an understanding of those who have occupied the White House and on the institution of the U S presidency Readers turn Guide to the Presidency and the Executive Branch for its wealth of facts and analytical chapters that explain the structure powers and operations of the office and the president's relationship with Congress and the Supreme Court The fifth edition of this acclaimed reference completes coverage of the George W Bush presidency the 2008 election and the first 3 years of the presidency of Barack Obama This includes coverage of their handling of the economic

crisis wars abroad and Obama's healthcare initiatives The work is divided into eight distinct subject areas covering every aspect of the U S presidency and all chapters in each subject area have been revised and updated Origins and Development of the Presidency including constitutional beginnings history of the presidency and vice presidency and presidential ratings Selection and Removal of the President including the electoral process a chronology of presidential elections removal of the president and vice president and succession Powers of the Presidency including the unilateral powers of the presidency and those as chief of state chief administrator legislative leader commander in chief and chief economist The President the Public and the Parties including presidential appearances the president and political parties the president and the news media the presidency and pop culture public support and opinion and the president and interest groups The Presidency and the Executive Branch including the White House Office the Office of the Vice President supporting organizations the cabinet and executive departments presidential commissions and executive branch housing pay and perquisites Chief Executive and Federal Government including the president and Congress the president and the Supreme Court and the president and the bureaucracy Presidents their Families and Life in the White House and Beyond including the daily life of the president the first lady the first family friends of presidents and life after the presidency Biographies of the Presidents Vice Presidents First Ladies This new volume also features more than 200 textboxes tables and figures Major revisions cover the supporting White House organizations and the president's role as chief economist Additional reference materials include explanatory headnotes as well as hundreds of photographs with detailed captions

[America's Failing Economy and the Rise of Ronald Reagan](#) Eric R. Crouse, 2018-02-13 This book examines one of the most important economic outcomes in American history the breakdown of the Keynesian Revolution Drawing on economic literature the memoirs of economists and politicians and the popular press Eric Crouse examines how economic decline in the 1970s precipitated a political revolution Keynesian thought flourished through the presidencies of Lyndon B Johnson Richard Nixon and Gerald Ford until stagflation devastated American workers and Jimmy Carter's economic policies faltered setting the stage for the 1980 presidential campaign Tracking years of shifting public opinion and colorful debate between free market and Keynesian economists this book illuminates a neglected era of American economic history and shows how Ronald Reagan harnessed a vision of small government and personal freedom that transformed the American political landscape

[Guide to U.S. Economic Policy](#) Robert E. Wright, Thomas W. Zeiler, 2014-06-30 Guide to U S Economic Policy shows students and researchers how issues and actions are translated into public policies for resolving economic problems like the Great Recession or managing economic conflict like the left right ideological split over the role of government regulation in markets Taking an interdisciplinary approach the guide highlights decision making cycles requiring the cooperation of government business and an informed citizenry to achieve a comprehensive approach to a successful growth oriented economic policy Through 30 topical operational and relational essays the book addresses the development of U S economic policies from the colonial period to

today the federal agencies and public and private organizations that influence and administer economic policies the challenges of balancing economic development with environmental and social goals and the role of the U S in international organizations such as the IMF and WTO Key Features 30 essays by experts in the field investigate the fundamental economic political social and process initiatives that drive policy decisions affecting the nation s economic stability and success Essential themes traced throughout the chapters include scarcity wealth creation theories of economic growth and macroeconomic management controlling inflation and unemployment poverty the role of government agencies and regulations to police markets Congress vs the president investment policies economic indicators the balance of trade and the immediate and long term costs associated with economic policy alternatives A glossary of key economic terms and events a summary of bureaus and agencies charged with economic policy decisions a master bibliography and a thorough index appear at the back of the book This must have reference for students and researchers is suitable for academic public high school government and professional libraries

Introduction to Jimmy Carter Gilad James, PhD, Jimmy Carter was the 39th President of the United States and served from 1977 to 1981 Prior to his presidency he served as the governor of Georgia from 1971 to 1975 Carter was born in Plains Georgia in 1924 and grew up on his family s peanut farm He graduated from the United States Naval Academy in 1946 and served in the Navy until 1953 Carter s presidency was marked by several significant accomplishments including the Camp David Accords which led to a peace treaty between Egypt and Israel He also created the Department of Energy and signed the Panama Canal Treaty which transferred control of the canal to Panama However Carter faced several challenges during his presidency including an energy crisis a stagnant economy and the Iran hostage crisis He was defeated in his re election bid by Ronald Reagan in 1980 After leaving office Carter became known for his work in global peace and humanitarian efforts

Effective Presidency Erwin C. Hargrove, 2015-11-17 The second edition of this classic work adds a new chapter on Barack Obama and updates coverage of the end of the George W Bush administration Presidential scholar Erwin C Hargrove extends his analytical framework of presidential effectiveness to show how Obama combines eventful leadership with pragmatism to move the nation forward in an intensely polarized partisan environment Features of the textbook Uses an analytical framework to assess historical context personal skills and attributes and the ability to make a difference in each of ten presidencies Four presidents are judged to be event making leaders Johnson Nixon Reagan and George W Bush Six presidents are assessed as eventful leaders JFK Ford Carter George H W Bush Clinton and Obama As much a study of leadership as an analysis of ten presidencies this book adds to our understanding in political science history and public administration and management

The Carter Presidency John Dumbrell, 1995 With its associated images of the Iranian hostage crisis the presidency of Jimmy Carter from 1977 to 1981 is often regarded as a nadir in modern American national leadership In this re evaluation John Dumbrell looks at Carter s years in the White House from a post cold war perspective and argues that Carter was neither incompetent nor lacking in a compassionate vision

The Presidency of James Earl Carter, Jr Burton Ira Kaufman, Scott Kaufman, 2006 A thoroughly revised updated and newly illustrated version of the Gaddis Smith called the best book on the totality of the Carter presidency The new edition includes more on the former president's foreign and environmental policies and expands coverage of the personal Carter as well as his wife Rosalyn's activist role during his administration

The Routledge Handbook of German Politics & Culture Sarah Colvin, 2014-11-27 The Routledge Handbook of German Politics and Culture offers a wide ranging and authoritative account of Germany in the 21st century It gathers the expertise of internationally leading scholars of German culture politics and society to explore and explain historical pathways to contemporary Germany the current Berlin Republic society and diversity Germany and Europe Germany and the world This is an essential resource for students researchers and all those looking to understand contemporary German politics and culture

Presidential Policymaking: An End-of-century Assessment Steven A. Shull, Norman C. Thomas, 2016-09-16 A comprehensive overview of the president's policy making role and the way this role structures the president's interaction with other institutions of government The book concludes with a discussion of the issues of accountability and policy leadership

Government and Economies in the Postwar World Andrew Graham, Anthony Seldon, 2013-03-01 The chance to begin anew seldom occurs Yet the nearly complete breakdown of the world economy between 1939 and 1945 together with the dominant position of the United States at the end of the war provided just this opportunity A new international economic order was built on the ruins of the old How this happened and the role of government in economic performance is the subject of this important and timely book Written by political scientists contemporary historians and economists it includes ten country studies covering all the major industrialized nations in the West the USA USSR Japan Germany the United Kingdom France Italy Spain Eastern Europe and Scandinavia In each chapter readers will find information on the main objectives and instruments of economic policy the institutional framework where the country started from at the end of the war and a summary of what happened thereafter both in terms of policies and outcomes Each chapter also contains data on the country's economic performance a list of selected dates of important events and a guide to further reading The book begins with an overview of the system of international trade and payments since the war and ends with five commentaries drawing attention to contrasts and similarities between the nations The commentaries feature David Henderson Head of the Economics Division of the OECD on the overall economic performance Charles Feinstein on the influence of different starting points David Marquand on the effect of different political and institutional structures and Sidney Pollard on economic policies and traditions Learning from other countries experience as well as understanding how they see their own problems is increasingly important with 1992 glasnost and the problem of international policy coordination between the USA Japan and Germany so high on the agenda No other book provides such a wide ranging account of how the industrialized world came to be where it is today

The 1988 economic report of the President United States. Congress. Joint Economic Committee, 1988

Congressional Record United States.

Congress,1984 **Attack Politics** Emmett H. Buell, Lee Sigelman, 2008 Ask most Americans and they'll tell you that presidential campaigns get dirtier and more negative with every election. This text suggests that this may not be as true as we think and shows that over the last dozen elections negativity may have been well publicised but hasn't increased. *The Carter Presidency and Gay Rights* Harris Dousemetzis, 2024-07-25 Examining a significant and largely unexplored aspect of Jimmy Carter's presidency 1977-1981 Harris Dousemetzis radically revises the current understanding of this critical period in American political history. By using a wealth of previously unpublished archival material along with personal interviews with 43 prominent gay rights activists of the time and 12 senior Carter White House aides, this book documents what actually happened during Carter's presidency regarding the development and recognition of gay rights and the efforts of the evangelical right to prevent social reform. Investigating the full range of government actions taken and policies implemented, Carter's personal commitment and support for the movement as well as the role of activists in bringing about change, this is a significant and original contribution to knowledge about Carter's presidency, the gay rights movement, and American political development. Dousemetzis situates Carter's presidency in its rightful place as a crucial stage in one of the most dynamic areas of change in recent American politics and political culture. Features a Foreword by Stuart Eizenstat and an Afterword by Lilian Faderman. *Black Enterprise*, 1981-02 BLACK ENTERPRISE is the ultimate source for wealth creation for African American professionals, entrepreneurs, and corporate executives. Every month BLACK ENTERPRISE delivers timely, useful information on careers, small business, and personal finance.
