## **Economic Thought In Communist And Post Communist Europe:**

**Economic Thought in Communist and Post-Communist Europe** Hans-Jurgen Wagener,1998-02-12 Written by leading east European scholars this book provides a wide ranging overview of fifty years of economic thinking under communist rule in Europe and during the first phase of post communist economic transformation **An Introduction to**

**the History of Economic Thought in Central Europe** Julius Horvath,2020-12-11 This book addresses the comparative history of economic thought in Central European countries where there is a notable common historic heritage and political traits The author explores issues of Central European identity Habsburgian and Soviet influence and nationalistic traditions and reveals commonalities between Czech Hungarian Polish and Slovak economic thought such similarities proceed to explain aspects of contemporary economic and social policies in these countries This book aims to highlight connections among Central European economists and will be of interest to economists economic historians sociologists and historians

*Economic Theory and Economic Thought* John Vint,J. Stanley Metcalfe,Heinz D. Kurz,Neri Salvadori,Paul Samuelson,2010-01-21 This collection contains wide ranging contributions from distinguished authorities in economics reflecting on Ian Steedman s work on time international trade capital theory and prices and growth and distribution

*Historians of Economics and Economic Thought* Steven G Medema,Warren J. Samuels,2001-08-16 The history of economic thought has always attracted some of the brightest minds in the discipline These chroniclers of development have helped form our current views and it is no surprise that many among them have been at the forefront of new movements in the history of ideas This notable collection summarizes the work of these key historians of Macroeconomics and the History of Economic Thought H.M. Krämer,Heinz Kurz,H.-M. Trautwein,2012-03-29 The essays in this Festschrift have been chosen to honour Harald Hagemann and his scientific work They reflect his main contributions to economic research and his major fields of interest The essays in the first part deal with various aspects within the history of economic thought The second part is about the current state of macroeconomics The essays in the third part of the book cover topics on economic growth and structural dynamics **Money and Banking in Jean-Baptiste Say's Economic Thought** Gilles

Jacoud,2013-01-17 The aim of this work is to make available to English language readers a translation of Jean Baptiste Say s main texts on money and banking which were not at present accessible in English The work includes chapters from his books taking into account the variants between the different editions articles and hitherto unpublished manuscripts Comprehension of these different texts is facilitated by an introduction designed to place them in their context and by a chronological table giving the main events of Say s life and editorial activity in parallel with the main political economic and monetary events of the time *A Bibliography of Female Economic Thought up to 1940* Kirsten Madden,Michele Pujol,Janet Seiz,2004-03-01 Contributions to female economic thought have come from prolific scholars leading social reformers economic journalists and government officials along with many other women who contributed only one or two works to the field It is perhaps for this

reason that a comprehensive bibliographic collection has failed to appear until now This innovative book brings together the most comprehensive collection to date of references to women s economic writing from the 1770s to 1940 It includes thousands of contributions from more than 1 700 women from the UK the US and many other countries This bibliography is an important reference work for systematic inquiry into questions of gender and the history of economic thought This volume is a valuable resource and will interest researchers on women s contributions to economic thought the sociology of economics and the lives of female social scientists and activist authors With a comprehensive editorial introduction it fills a long standing gap and will be greeted warmly by scholars of the history of economic thought and those involved in feminist economics

**The Political and Economic Thought of the Young Keynes** Carlo Cristiano,2014-06-13 A century ago John Maynard Keynes entered the Treasury to serve his country during the First World War but as is well known appalled by the terms of the end of war Treaty of Versailles he abandoned the British delegation outlining the predictable adverse results in the *Economic Consequences of the Peace* published in 1919 Far less well known is his personal and political development that led him to be called to service even before Great Britain entered the conflict Starting from Keynes s early political activity Carlo Cristiano charts the stages through which Alfred Marshall s young pupil rapidly rose to be one of his country s major experts on monetary issues The very young Liberal Imperialist was soon to become a staunch supporter of the liberal government strongly committed to Lloyd George s 1909 people s budget Moreover the good relations he had established during his two years at the India Office of London and his growing expertise in money and finance made him one of the few who genuinely grasped the functioning of the pre war gold standard and an ally of the Treasury and the Bank of England in the struggle within the City for control and management of London s gold reserves Abandoning the stereotyped image of Keynes in his early years so often described as a young connoisseur interested in philosophy and with little inclination for politics this book sees his perfect fusion of political vision and economic competence in the era of New Liberalism as the true wellspring of Keynesianism

**The Contribution of Joseph A. Schumpeter to Economics** Richard Arena,Cécile Dangel-Hagnauer,2002-04-18 This collection constitutes an examination of Schumpeters legacy that is wider than any yet attempted This book is essential reading for historians of economists and historians alike

**Classical Political Economy and Modern Theory** Neri Salvadori,Christian Gehrke,Ian Steedman,Richard Sturn,2013-06-17 Heinz Kurz is recognised internationally as a leading economic theorist and a foremost historian of economic thought This book pays tribute to his outstanding contributions by bringing together a unique collection of new essays by distinguished economists from around the world Classical Political Economy and Modern Theory comprises twenty essays grouped thematically into five sections Part I examines political economy and its critique Part II looks at entrepreneurship evolution and income distribution Part III discusses Cambridge Keynes and macroeconomics Part IV explores crisis and cycles whilst Part V is dedicated to personal reminiscences The essays in this book will be an invaluable source of inspiration for economists interested in economic

theory and in the evolution of economic thought They will also be of interest to postgraduate and research students specialising in economic theory and in the history of economic thought

*Monetary Theory in Retrospect* Filippo Cesarano,2012-08-06 An objective and perceptive account of the literature of monetary theory this volume by a central banker who has studied monetary theory over the last quarter of a century clearly shows how its inherent complexity is much enriched by the study of its history In three parts Filippo Cesarano focuses on the innovative ideas of distinguished economists who anticipated modern theories elaborating on them along lines that suggest original research programmes examines the impact of expectations on the effectiveness of monetary policy illustrating how different assumptions within the classical paradigm lead to diverse hypotheses and policy design investigates the role of monetary theory in shaping monetary institutions Deserving of a wide readership among both academic economists and monetary policy practitioners this collection of essays is key reading for students and researchers engaged with monetary theory and the history of economics and policy makers seeking to weigh up the assumptions underlying different theories in order to select the models best suited to the problems they face

*Money and Growth* Perry G Mehrling,Roger J Sandilands,1999-03-18 This book allows full appreciation of the work of Allyn Young a central figure in the development of American economic thought It reprints his most significant contributions and lost works

**A Bibliography of Female Economic Thought to 1940** Kirsten Kara Madden,Janet A. Seiz,Michèle A. Pujol,2004 Contains references to over 10 000 articles books and pamphlets on economic issues written by more than 1 700 women published between 1770 and 1940 Introduction

**Keynes, Sraffa and the Criticism of Neoclassical Theory** Neri Salvadori,Christian Gehrke,2012-05-23 Heinz Kurz is recognised internationally as a leading economic theorist and a foremost historian of economic thought This book pays tribute to his outstanding contributions on the occasion of his 65th birthday by bringing together a unique collection of new essays by distinguished economists from around the world Keynes Sraffa and the Criticism of Neoclassical Theory comprises twenty three essays covering themes in Keynesian economic theory in the development of the modern classical approach to economic theory linear production models and the critique of neoclassical theory The essays in this book will be an invaluable source of inspiration for economists interested in economic theory and in the evolution of economic thought They will also be of interest to postgraduate and research students specialising in economic theory and in the history of economic thought

**The Economics of James Steuart** Ramon Tortajada,2002-06-01 The Economics of James Steuart reveals the particular importance of Steuart's work on monetary issues and highlights ways in which he prepared the ground for a new conception of economic relations Featuring the work of an international team of leading scholars this volume will be essential reading for those studying or researching the history of economic thought

Pareto, Economics and Society Michael McLure,2002-06-01 Vilfredo Pareto was one of the great systems theorists of the twentieth century embracing economics psychology sociology and politics In this important work Michael McLure takes as his subject of study the rapport between

Pareto's economic and sociological theory and consequently illuminates the role of economics in public policy development

*The Founding of Institutional Economics* Warren Samuels, 2002-01-08 Institutional economics has been a major part of economic thought for the whole of the twentieth century and today remains crucial to an understanding of the development of heterodox economics. The two principal publications that founded the school were Veblen's *The Theory of the Leisure Class* and Commons's *A Sociological View of Sovereignty* both published in 1899. As a tribute to these two seminal works Warren Samuels has assembled an exceptionally prestigious international group of scholars to produce this landmark volume celebrating the centenary. The chapters assess the work of Veblen and Commons and their influence on the school of institutional economics from a variety of theoretical perspectives. The contributions on Veblen appraise his anthropological analysis of consumption habits of American households from sociological, linguistic and feminist points of view. Conversely the essays on Commons's work focus on the concepts of property, power and the relationship between legality and economics.

*Keynes and Modern Economics* Ryuzo Kuroki, 2012-08-21 It is a little over seventy years since John Maynard Keynes produced his magnum opus *The General Theory of Employment, Interest and Money*. Keynes's staggering achievement has been to remain relevant to economics and other disciplines even today and this book reflects that with an examination on his influence on modern economics. Leading economists from a variety of backgrounds including Ed Nell and Heinz Kurz have joined forces in this volume with internationally respected Japanese scholars to produce a strong collection of contributions to the debate on Keynes's monumental legacy. This book will be vital reading for historians of economic thought, economic methodologists as well as those economists with an interest in the overall development of their discipline. **Economics in**

**Russia** Joachim Zweynert, 2016-04-29 The history of Russian economic ideas from the sixteenth century to contemporary times is a fascinating, tumultuous yet neglected topic among Western scholars. Whilst over the last 15 years increasing amounts of work have been done on the subject, co-operation between Russian and Western researchers in this field leaves much to be desired. In order to improve this situation this volume unites Russian and non-Russian researchers together to provide an overview of the current state of the topic and to give a stimulus for further research. Bringing together scholars from the UK, Germany, Japan, Australia, Finland and Russia, the collection puts forward differing yet complimentary perspectives on the long-term history of Russian economic ideas. Offering a broad collection of articles covering the period from the seventeenth to the twentieth centuries, authors have approached the subject from diverse theoretical angles. Contributions in the tradition of Blaug and Schumpeter focusing on economic analysis in a narrower sense and contributions that in line with authors like Pribram or Perlman, McCann deal with economic thought in the context of history and culture are all represented. In terms of content the editors have encouraged approaches that represent different economic traditions in order to encourage a diversity of opinions on the national development of Russian economics. As such the volume offers a broad and very relevant assessment of the subject for both historians and economists alike. *Classics and Moderns in*

*Economics Volume I* Peter Groenewegen, 2002-11-14 Peter Groenewegen's reputation as a chronicler of the history of economics is unparalleled. Building on his respected collection on eighteenth century economics, this new book focuses on the nineteenth and early twentieth centuries, reprinting essays on classical and modern economics. Several of the included essays have never been published before.

Yeah, reviewing a books **Economic Thought In Communist And Post Communist Europe** could go to your near links listings. This is just one of the solutions for you to be successful. As understood, attainment does not recommend that you have wonderful points.

Comprehending as without difficulty as understanding even more than supplementary will give each success. next to, the statement as capably as perception of this Economic Thought In Communist And Post Communist Europe can be taken as without difficulty as picked to act.
